SETUP AND FIRST USE

- Unpacking:** Carefully remove the carafe from its packaging. Inspect for any signs of damage.
- Initial Cleaning:** Before first use, wash the carafe, lid, and handle thoroughly with warm, soapy water.

Rinse completely and dry.

3. **Placement:** Ensure the carafe is correctly seated on the warming plate of your Yabano CM6672 coffee machine.

OPERATING INSTRUCTIONS

This carafe is designed to work seamlessly with the Yabano CM6672 coffee machine. Follow the operating instructions provided with your coffee machine for brewing coffee.

- **Filling:** Fill the carafe with the desired amount of water according to the markings on the side, then pour into the coffee machine's water reservoir. Do not exceed the "MAX 12" line on the carafe.
- **Brewing:** Place the empty carafe with its lid on the warming plate of the coffee machine before starting the brewing cycle.
- **Serving:** After brewing, the carafe can be removed from the warming plate for serving. The lid helps maintain coffee temperature.

CARE AND MAINTENANCE

Proper care ensures the longevity and optimal performance of your glass carafe.

- **Cleaning:** Wash the carafe after each use. It can be washed by hand with warm, soapy water and a soft sponge. For stubborn coffee stains, a mixture of baking soda and water or a specialized coffee pot cleaner can be used. Rinse thoroughly.
- **Dishwasher Safety:** Refer to your coffee machine's manual or the carafe's original packaging for specific dishwasher safety instructions. Generally, glass carafes are top-rack dishwasher safe, but hand washing is recommended to preserve the finish and markings.
- **Handling:** Handle the glass carafe with care to prevent chipping or breakage. Avoid sudden temperature changes, such as placing a hot carafe on a cold surface or vice-versa.
- **Storage:** Store the carafe in a safe place where it will not be easily knocked over or damaged.

TROUBLESHOOTING

- **Carafe does not fit:** Ensure you have the correct replacement carafe for your Yabano CM6672 coffee machine. This carafe is specifically designed for model CM6672.
- **Leakage:** Check that the lid is properly seated on the carafe. If leakage occurs from the coffee machine itself, consult your coffee machine's manual.
- **Breakage:** Glass carafes are fragile. If the carafe breaks, dispose of it safely and replace it with a new Yabano CM6672 carafe.
