HABA My Very First Games Building Site Instruction Manual

Model: 305678

1. Introduction

Welcome to the HABA My Very First Games Building Site! This cooperative game is designed for young children aged 2 and up, encouraging teamwork, memory skills, and fine motor development. Players work together to build a house by collecting materials with a fun dump truck. This manual provides detailed instructions for setup, gameplay, and care to ensure an enjoyable and educational experience.

2. Game Components

Before starting, please ensure all components are present:

- 1 Kullerbü Dump Truck
- 1 Site Manager Bruno Bear (wooden figure)
- 1 Construction Plan (game board)
- 1 Building Site (main play area)
- 4 Wooden Blocks (representing foundations, brickwork, roof, shrubbery)
- 4 Storage Areas (for foundations, brickwork, roof, shrubbery)
- 12 Pylon Tiles (traffic cone tiles)
- 1 Rulebook (this manual)

3. Setup

Follow these steps to set up the game:

1. Place the **Building Site** piece in the center of the play area.
2. Distribute the **4 Storage Areas** around the Building Site, at some distance.
3. Place the **4 Wooden Blocks** (foundations, brickwork, roof, shrubbery) onto their matching Storage Areas.
4. Place the **Construction Plan** (game board) nearby.
5. Shuffle the **12 Pylon Tiles** (traffic cone tiles) and place them face down in a circle around the play area.
6. Place **Site Manager Bruno Bear** on the white arrow space of the Construction Plan.
7. Keep the **Kullerbü Dump Truck** accessible for all players.

4. Gameplay

The game is cooperative, meaning all players work together to build the house. Play moves in a clockwise direction.

4.1. Your Turn

On your turn, you will first look at the current construction phase on the Construction Plan to see which building material is needed next. Then, you will:

1. **Flip a Pylon Tile:** Choose one face-down Pylon Tile and flip it over.
2. **Check for a Match:** Compare the image on the Pylon Tile to the images on the Construction Plan.
3. **If it's a Match:** If the Pylon Tile matches the current building material needed (indicated by Bruno Bear's position), load the corresponding Wooden Block from its Storage Area into the Dump Truck. Drive the Dump Truck to the Building Site and place the Wooden Block onto the Building Site. Then, move Bruno Bear to the next phase on the Construction Plan.

4. **If it's Not a Match:** If the Pylon Tile does not match, flip it back face down in its original spot. Remember its location for future turns!

4.2. Building the House

The game progresses through four construction phases: Foundations, Brickwork, Roof, and Landscaping. Each phase requires collecting a specific Wooden Block. Once all four Wooden Blocks are successfully placed on the Building Site, the house is complete, and all players win!

5. Educational Benefits

The HABA My Very First Games Building Site offers numerous developmental advantages for toddlers:

- **Teamwork & Collaboration:** The cooperative nature of the game teaches children to work together towards a common goal.
- **Memory Skills:** Flipping Pylon Tiles and remembering their locations enhances memory and concentration.
- **Fine Motor Skills:** Manipulating the Dump Truck and placing the Wooden Blocks improves hand-eye coordination and dexterity.
- **Color & Shape Recognition:** Children learn to identify and match colors and shapes of the game pieces.
- **Language Development:** The included story and prompts encourage discussion and vocabulary building related to construction.
- **Following Rules & Turn-Taking:** Introduces basic game mechanics and social skills essential for group play.

6. Care & Maintenance

To ensure the longevity of your HABA My Very First Games Building Site, please follow these care instructions:

- **Cleaning:** Wipe all wooden and cardboard components with a dry or slightly damp cloth. Do not immerse in water.
- **Storage:** Store all game pieces in the original box in a dry place, away from direct sunlight and extreme temperatures.
- **Inspection:** Periodically check all components for any signs of wear or damage. Discard or replace any broken pieces to prevent choking hazards for young children.
- **Safety:** This game is designed for children aged 2 and up. Adult supervision is recommended during play.
