Scosche BTFM5

Scosche BTFM5 Bluetooth Hands-Free Car Kit User Manual

Model: BTFM5

INTRODUCTION

This manual provides instructions for the Scosche BTFM5 Bluetooth Hands-Free Car Kit. This device allows for wireless audio streaming and hands-free calling through your vehicle's FM radio, and includes dual USB-A charging ports.

PACKAGE CONTENTS

- Scosche BTFM5 Bluetooth Hands-Free Car Kit
- 3.5mm AUX audio cable (if included)
- User Manual (this document)

Note: The 3.5mm AUX audio cable is mentioned in the product description as an alternative streaming method and may be included.

PRODUCT OVERVIEW

The Scosche BTFM5 integrates several functions into a compact design for in-car use.

Figure 1: Scosche BTFM5 Bluetooth Hands-Free Car Kit, front view.

Key Features:

- **Bluetooth Connectivity:** For wireless audio streaming and hands-free calls.
- **Digital FM Transmitter:** Broadcasts audio to your vehicle's FM radio.
- **Dual 12W USB-A Charging Ports:** Equipped with Perfect Charge technology for fast charging.
- **Multi-function Button (MFB):** Controls volume, play/pause, call answer/hang up, and voice assistants (Siri/Google Voice).
- **Built-in Microphone:** For clear hands-free communication.
- **LED Display:** Provides an easy-to-read interface for FM frequency.
- **Auxiliary Input:** 3.5mm port for direct audio connection.

HANDS FREE CAR KIT

Over 100 Available Frequencies

Figure 2: Labeled components of the Scosche BTFM5, including built-in mic, AUX port, frequency button, and multi-function button.

SETUP INSTRUCTIONS

- 1. Power On:** Insert the BTFM5 into your vehicle's 12V power outlet (cigarette lighter socket). The device will power on and the LED display will illuminate.
- 2. Tune FM Frequency:**
 - Press the **Frequency Button** (refer to Figure 2) to activate FM tuning mode.
 - Rotate the **Multi-function Button (MFB)** to select an unused FM frequency on the BTFM5's display. Choose a frequency that has no strong radio station signal to minimize interference.
 - Tune your vehicle's FM radio to the exact same frequency selected on the BTFM5.
- 3. Bluetooth Pairing:**
 - On your mobile device, enable Bluetooth and search for available devices.

- Select "Scosche BTFM5" from the list of devices to pair. A confirmation tone or message may indicate successful pairing.

4. **Alternative Audio Connection (Optional):** If Bluetooth is not desired or available, connect your audio device to the BTFM5's 3.5mm AUX port using the provided 3.5mm audio cable.

OPERATING INSTRUCTIONS

Music Playback:

- Once paired via Bluetooth or connected via AUX, begin playing music on your mobile device.
- The audio will transmit to your vehicle's FM radio on the selected frequency.
- **Play/Pause:** Press the **Multi-function Button (MFB)** once.
- **Next Track:** Rotate the **MFB** clockwise.
- **Previous Track:** Rotate the **MFB** counter-clockwise.
- **Volume Adjustment:** Adjust the volume on your mobile device and/or your car stereo. The BTFM5's MFB can also adjust the transmitter's output volume.

Figure 3: The BTFM5 allows for wireless music playback and hands-free calling through your car's stereo system.

Hands-Free Calling:

- **Answer Call:** Press the **Multi-function Button (MFB)** once when an incoming call is received.
- **End Call:** Press the **MFB** once during an active call.
- **Reject Call:** Press and hold the **MFB** for approximately 2 seconds when an incoming call is received.
- **Activate Voice Assistant (Siri/Google Voice):** Press and hold the **MFB** for approximately 1 second to activate your phone's voice assistant.

Device Charging:

- Connect your mobile device's USB charging cable to one of the two **USB-A charging ports** on the BTFM5.
- The BTFM5 provides up to 12W of power per port, totaling 24W, for efficient charging.

Figure 4: The BTM5 features dual USB-A ports for charging two devices simultaneously.

MAINTENANCE

- Keep the device clean by wiping it with a soft, dry cloth.
- Avoid exposing the device to extreme temperatures, moisture, or direct sunlight for prolonged periods.
- Ensure the 12V power outlet is clean and free of debris for optimal connection.

TROUBLESHOOTING

Problem	Solution
No power to the BTM5.	Ensure the device is fully inserted into the 12V power outlet. Check the vehicle's fuse for the 12V outlet.

Problem	Solution
Static or poor audio quality.	<ul style="list-style-type: none"> ◦ Change the FM frequency on both the BTFM5 and your car radio to a different, unused station. ◦ Ensure your mobile device's volume is set to a high level. ◦ Move away from strong radio signals or large metal structures.
Bluetooth not pairing.	<ul style="list-style-type: none"> ◦ Ensure Bluetooth is enabled on your mobile device. ◦ Forget "Scosche BTFM5" from your device's Bluetooth settings and attempt to re-pair. ◦ Restart both the BTFM5 (by unplugging and replugging) and your mobile device.
Charging is slow or not working.	<ul style="list-style-type: none"> ◦ Ensure the charging cable is securely connected to both the BTFM5 and your device. ◦ Try a different USB charging cable. ◦ Verify the 12V power outlet is functioning correctly.

SPECIFICATIONS
