X Rocker Prism RGB LED

X Rocker Prism RGB LED Gaming Chair Instruction Manual

Model: Prism RGB LED

Brand: X Rocker

WELCOME

Thank you for choosing the X Rocker Prism RGB LED Gaming Chair. This manual provides essential information for setting up, operating, and maintaining your gaming chair to ensure an optimal and immersive experience. Please read these instructions carefully before use and retain them for future reference.

The X Rocker Prism RGB LED Gaming Chair, designed for an immersive gaming experience.

IMPORTANT SAFETY INFORMATION

To ensure safe operation and prevent damage, please observe the following safety guidelines:

- Do not exceed the maximum weight capacity of 250 pounds.
- Ensure the chair is properly assembled and all fasteners are tightened before use to avoid potential hazards.
- Keep all electrical components away from liquids.
- Do not attempt to modify or disassemble the chair's internal components.
- Use only the provided power adapter.

PACKAGE CONTENTS

Verify that all components are present in your package:

- Chair (Seat and Backrest)

- Accessory box (includes power adapter, audio cables, tools, and manual)
- Arm set (Left and Right Armrests)
- Base (Pedestal Base)

ASSEMBLY INSTRUCTIONS

Assembly is required. Tools are included in the accessory box. Follow these steps carefully:

1. **Attach the Pedestal Base:** Secure the pedestal base to the underside of the seat. Ensure all screws are firmly tightened.

2. **Install the Armrests:** Attach the left and right armrests to the sides of the seat using the provided screws. Make sure they are stable.

3. **Connect the Backrest:** Align the backrest with the seat and secure it using the designated bolts.

4. **Connect Power and Audio:** Plug the power adapter into the chair's power input and then into a wall outlet. Connect your audio source (console, TV, PC, or smart device) to the chair's audio input panel using the appropriate cables (RCA, 3.5mm, or Bluetooth).

Refer to the included diagram for proper component placement and dimensions during assembly.

OPERATING YOUR X ROCKER GAMING CHAIR

Built-in Sound System

The X Rocker Prism features headrest-mounted speakers and a backrest subwoofer for an immersive audio experience. Connect your gaming console, TV, PC, or smart device via wireless Bluetooth or the audio input ports located on the side panel.

The integrated audio control panel allows for easy adjustment of volume and bass levels.

RGB LED Lighting

Enhance your gaming setup with the Neo Motion RGB LED patented lighting technology. Use the dedicated control buttons on the chair's side to cycle through various light settings and color options, creating a dynamic visual atmosphere.

The Neo Motion RGB LED lighting provides customizable visual effects.

Tilt and Swivel Functions

The chair offers tilt and swivel features for finding your preferred seating position. Adjust the recline to your comfort level and rotate the chair 360 degrees for maximum mobility during extended use.

The pedestal swivel base allows for full rotation and stability.

Foldable Design

For convenient storage, the chair can be folded. Simply fold the backrest onto the padded seat to reduce its footprint, making it easy to store when not in use.

The chair folds for compact storage, ideal for smaller spaces.

CARE AND MAINTENANCE

Proper care will extend the life of your gaming chair:

- **Wipe Clean:** Use a soft, damp cloth to clean the vegan leather surfaces. Avoid harsh chemicals or abrasive cleaners, which can damage the material.
- **Regular Checks:** Periodically inspect all screws and connections to ensure they remain tight and secure. Tighten any loose fasteners as needed.
- **Avoid Overloading:** Do not exceed the maximum weight capacity of 250 pounds to prevent structural damage.
- **Cable Management:** Ensure all cables are neatly managed and not pinched or tangled to prevent damage.

TROUBLESHOOTING

If you encounter any issues, refer to the following common problems and solutions:

No Audio Output

- Check all audio cable connections (Bluetooth, RCA, 3.5mm jack) to ensure they are securely plugged in.
- Verify the chair's volume and bass controls are adjusted correctly and not set to minimum.
- Ensure the chair is powered on and connected to a functional power source.
- For certain console connections, an additional digital audio transmitter may be required depending on your TV outputs (sold separately).

LED Lights Not Working

- Ensure the chair is properly connected to its power adapter and the adapter is plugged into a live outlet.
- Check the LED control buttons on the chair's side panel to ensure they are activated and the desired mode is selected.

Chair Stability Issues

- Verify all assembly screws, especially those connecting the base and backrest, are tightened securely.
- Ensure the chair is placed on a flat, stable surface. Uneven flooring can affect stability.

PRODUCT SPECIFICATIONS

Brand	X Rocker
Model Name	Prism RGB LED
Color	Black/Gray
Product Dimensions	33"D x 25"W x 45"H
