Spigen Tough Armor Case Instruction Manual

Model: ACS01396

INTRODUCTION

Thank you for choosing the Spigen Tough Armor case for your Samsung Galaxy Note 20 Ultra 5G. This case is engineered to provide extreme protection through a combination of durable materials and advanced design, ensuring your device is safeguarded against drops, scratches, and daily wear. This manual will guide you through the proper installation, usage, and care of your new case.

PACKAGE CONTENTS

- 1 x Spigen Tough Armor Case (Cover)

COMPATIBILITY

This Spigen Tough Armor case is specifically designed for the **Samsung Galaxy Note 20 Ultra 5G**. It is not compatible with the standard Samsung Galaxy Note 20. Please verify your device model before installation.

Only compatible with Note 20 Ultra.

Please check the model of your device.

Only compatible with
Galaxy Note 20 Ultra

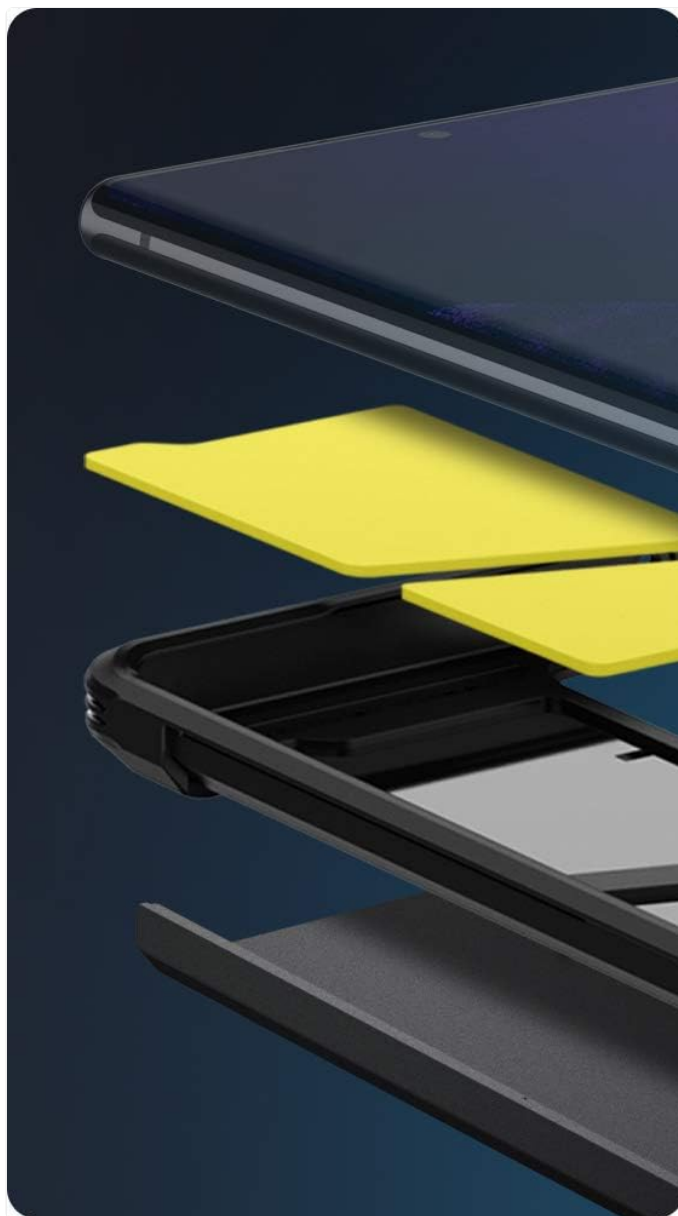

NOT compatible with
Galaxy Note 20

Image: A visual guide illustrating the compatibility of the case exclusively with the Samsung Galaxy Note 20 Ultra 5G, distinguishing it from the standard Note 20.

SETUP AND INSTALLATION

1. **Prepare Your Device:** Ensure your Samsung Galaxy Note 20 Ultra 5G is clean and free of dust or debris. It is recommended to wipe your phone with a soft, dry cloth.
2. **Separate Case Components (if applicable):** The Tough Armor case features a dual-layer design. Gently separate the soft TPU inner layer from the hard polycarbonate outer shell if they are assembled.
3. **Install Inner Layer:** Carefully place your Samsung Galaxy Note 20 Ultra 5G into the flexible TPU inner layer, ensuring all edges and corners are properly seated.
4. **Install Outer Shell:** Align the TPU-encased phone with the hard polycarbonate outer shell. Snap the outer shell securely around the TPU layer, ensuring all clips engage properly. You should hear a subtle click as it locks into place.
5. **Verify Fit:** Check that the case fits snugly around your device, with no gaps or loose areas. Ensure all ports, buttons, and camera cutouts are perfectly aligned.

All packed into a slim frame.

Just over **0.10"** added bulk for the innovative protection.

OPERATING FEATURES

Dual-Layer Protection

The Spigen Tough Armor case combines a soft Thermoplastic Polyurethane (TPU) inner layer with a rigid Polycarbonate outer shell. This dual-layer design provides superior shock absorption and impact resistance, protecting your device from drops and scratches. The internal Impact Foam further dissipates shocks for enhanced internal protection.

More than what meets the eye.

Extreme Impact Foam
dissipates shocks within the case for internal protection.

Image: A visual representation of the Extreme Impact Foam within the case, illustrating how it dissipates shock to protect the device internally.

Air Cushion Technology

Integrated Air Cushion Technology in all four corners of the case absorbs and mitigates impacts, providing military-grade certified protection (MIL-STD 810G-516.6). This technology ensures maximum shock dispersion upon impact.

Protection you can trust.

Air Cushion Technology absorbs and mitigates all impacts in each corner.

Built-in Kickstand

The reinforced kickstand allows for convenient hands-free viewing of content in landscape orientation. To use, simply pull out the kickstand from the back of the case until it locks into position. Push it back in to retract.

Wireless Charging Compatibility

The Spigen Tough Armor case is designed to be compatible with wireless charging and PowerShare features, allowing you to charge your device without removing the case.

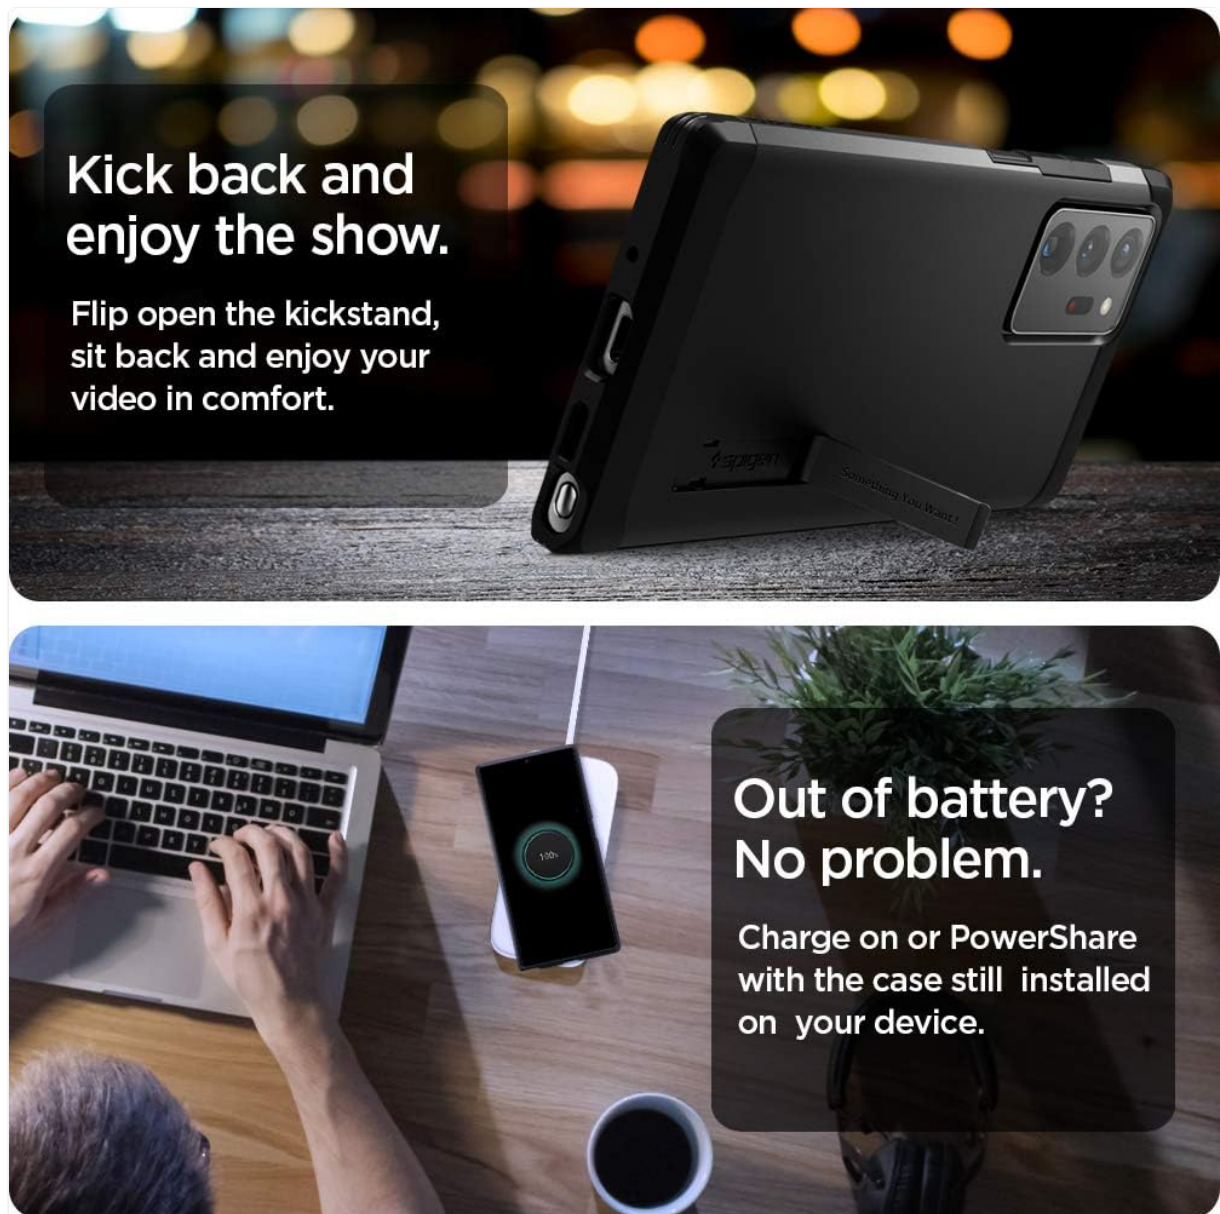

Image: The Spigen Tough Armor case demonstrating its integrated kickstand for hands-free viewing and its compatibility with wireless charging.

Tactile Buttons and Raised Bezels

The case features precise cutouts for all ports and tactile buttons for a responsive feel. Raised lips around the screen and camera provide additional protection against direct surface contact.

MAINTENANCE AND CARE

- **Cleaning:** To clean your case, remove it from your device. Use a soft, damp cloth with mild soap and water to gently wipe the surface. Avoid harsh chemicals or abrasive cleaners, as these can damage the case material.
- **Drying:** Allow the case to air dry completely before re-installing your device. Do not use heat sources to dry the case.
- **Storage:** When not in use, store the case in a cool, dry place away from direct sunlight and extreme temperatures to prevent material degradation.
- **Regular Inspection:** Periodically inspect the case for any signs of wear or damage. While highly durable, extreme impacts can cause unseen stress. Replace the case if significant damage is observed to ensure continued protection.

TROUBLESHOOTING

| Problem | Possible Cause | Solution |
|---|---|--|
| Case does not fit properly. | Incorrect phone model or improper installation. | Ensure your device is a Samsung Galaxy Note 20 Ultra 5G. Re-install the case following the "Setup and Installation" steps carefully. |
| Buttons are stiff or unresponsive. | Case not fully seated or debris under buttons. | Remove the case, clean around the phone's buttons and the case's button covers, then re-install ensuring a snug fit. |
| Wireless charging not working. | Misalignment on charging pad or incompatible charger. | Ensure the phone is centered on the wireless charging pad. Try a different wireless charger to rule out charger issues. |
| Kickstand feels loose or doesn't stay open. | Normal wear or minor debris. | Clean any debris around the kickstand hinge. If it remains loose after extended use, it may be due to normal wear and tear. |

SPECIFICATIONS

Model Number: ACS01396

Compatible Phone Models: Samsung Galaxy Note 20 Ultra 5G

Color: Black

Material: Impact Foam, Polycarbonate, Thermoplastic Polyurethane (TPU)

Product Dimensions: 3 x 0.4 x 6 inches
