etguuds TC-C210

etguuds USB to USB C Cable

INSTRUCTION MANUAL

Model: TC-C210

1. Introduction

Thank you for choosing the etguuds USB to USB C Cable. This 2-pack of 3ft gray cables is designed to provide efficient and reliable fast charging and data transfer for a wide range of USB Type-C compatible devices. Constructed with durable nylon braiding and robust connectors, these cables are built for longevity and consistent performance.

2. Key Features

- **Fast Charging & Data Sync:** Supports charging speeds up to 3A and data transfer speeds up to 480 Mbps (USB 2.0).
- **Durable Construction:** Features integral seamless stretch process, high pressure resistance, and nylon braiding for tangle-free use and a lifespan of 20,000+ bends.
- **Wide Compatibility:** Compatible with a broad range of USB-C devices including Samsung Galaxy S series (S8 to S25 Ultra), Note series, A series, iPhone 15/16 series, LG, Moto, Pixel, and Amazon Fire HD tablets.
- **Safety Features:** Equipped with a 56K Ω pull-up resistor to protect devices from overcurrent.

What is etguuds ?

etguuds means the guuds(goods) from E.T. (The Extra-Terrestrial)

This represents our determination to pursue and develop higher quality, higher technology, more forward-looking products.

3. Setup

Setting up your etguuds USB to USB C Cable is straightforward:

1. **Connect to Power Source:** Insert the USB-A end of the cable into a compatible USB-A wall charger, power bank, or computer USB-A port. Ensure the power source supports fast charging if you intend to utilize this feature.
2. **Connect to Device:** Insert the USB-C end of the cable into the USB Type-C port of your smartphone, tablet, or other compatible device. The reversible design of the USB-C connector allows for easy insertion in any orientation.

MAX 3A FASTER CHARGING CABLE

Protect Your Devices From Overheating or Overvoltage Damage

4. Operating Instructions

Once connected, the etguuds USB to USB C Cable will automatically begin charging your device or facilitating data transfer, depending on the connected devices and their settings.

- **Charging:** For fast charging, ensure both your device and the power adapter support fast charging protocols (e.g., QC 3.0/2.0). The cable will deliver up to 3A current.
- **Data Transfer:** When connected to a computer, your device should appear as a removable storage drive or allow for data synchronization. Data transfer speeds are up to 480 Mbps, suitable for transferring photos, music, and documents.

Important Note:

- This is a USB-A to USB-C cable. It is not a USB-C to USB-C cable.
- This cable does not support video or media display output.
- It is not compatible with webcams, some gaming devices, or laptops that require USB-C to USB-C

connections for charging or data.

Super Flexibility and Durability

Solid Metal Connector and Nylon Jacket **20000+** Bend Lifespan

Other Connector Part
Easily Break Off

5. Maintenance

To ensure the longevity and optimal performance of your etguuds USB to USB C Cable, follow these maintenance guidelines:

- **Avoid Sharp Bends:** While the cable is designed to withstand 20,000+ bends, excessive or sharp bending, especially near the connectors, should be avoided to prevent internal wire damage.
- **Keep Clean:** Periodically wipe the cable and connectors with a dry, soft cloth to remove dust and debris. Do not use liquid cleaners directly on the connectors.
- **Proper Storage:** When not in use, coil the cable loosely. Avoid tangling or knotting the cable.
- **Handle with Care:** Always pull from the connector head, not the cable itself, when unplugging from devices or power sources.

DURABLE HIGH QUALITY

Premium Materials With Long Lifetime

6. Troubleshooting

If you encounter issues with your etguuds USB to USB C Cable, consider the following common solutions:

Problem	Possible Cause	Solution
Device not charging or charging slowly.	Incompatible power adapter, device not supporting fast charge, loose connection, or dirty port.	Ensure your wall charger and device support fast charging. Check that both ends of the cable are securely plugged in. Try a different power adapter or USB port. Clean the device's USB-C port gently.
Data transfer not working.	Incorrect device settings, loose connection, or incompatible computer port.	Check your device's USB connection settings (e.g., 'File Transfer' mode). Ensure the cable is firmly connected to both the device and the computer. Try a different USB-A port on your computer.
Cable appears damaged.	Physical stress or wear.	Discontinue use immediately to prevent potential damage to your devices. Replace the cable with a new one.

7. Specifications

Specification	Detail
Brand	etguuds
Model Name	TC-C210
Connector Type	USB Type C, USB Type A
Cable Type	USB
Color	Gray
Length	3ft (0.91 meters)
Number of Items	2
Material	Nylon (Outer Material)
AC Adapter Current	3 Amps (Max)
Data Transfer Rate	0.48 Gigabits Per Second (480 Mbps)
Special Feature	Braided, Fast Charging
Safety Compliance	FCC
UPC	782855541654

8. Warranty and Support

etguuds products are designed for reliability and performance. While specific warranty details are not provided in this manual, products typically come with a standard return policy. For any product-related inquiries, technical support, or warranty claims, please contact etguuds customer service through the retailer where the product was purchased or visit the official etguuds brand store online.
