WOPET F07

WOPET 6L Automatic Pet Feeder User Manual

Model: F07 | Brand: WOPET

1. INTRODUCTION

Thank you for choosing the WOPET 6L Automatic Pet Feeder. This smart feeder is designed to provide convenient and consistent feeding for your pets, whether you are at home or away. With its WiFi connectivity and app control, you can manage your pet's meal schedule, portion sizes, and even record personalized voice messages.

This manual provides detailed instructions for setting up, operating, and maintaining your WOPET feeder. Please read it thoroughly before use to ensure proper functionality and the safety of your pet.

2. SETUP GUIDE

2.1 Unboxing and Components

Carefully remove all components from the packaging. Ensure you have the following:

- WOPET 6L Automatic Pet Feeder Unit
- Food Tray
- Power Adapter
- User Manual (this document)

2.2 Power Supply

The feeder can be powered by the included power adapter or by 3 D-size batteries (not included) for backup.

1. **Primary Power:** Connect the power adapter to the feeder's power port and plug it into a standard wall outlet.
2. **Backup Power (Optional but Recommended):** Open the battery compartment at the bottom of the feeder and insert 3 D-size batteries. This ensures continuous feeding during power outages.

Note: WiFi connection and app operation require the feeder to be powered by the adapter. Batteries serve as a backup for dispensing food only.

2.3 App Installation and WiFi Connection

The WOPET feeder requires the "WOpet Life" app for full functionality. It only supports 2.4GHz WiFi networks.

1. Download the "WOpet Life" app from the App Store (iOS) or Google Play Store (Android).
2. Register or log in to your account.
3. Ensure your smartphone is connected to a 2.4GHz WiFi network.
4. Follow the in-app instructions to add your feeder. This typically involves pressing a button on the feeder to enter pairing mode and then confirming the WiFi network and password in the app.

Tip: If you have trouble connecting, ensure your phone is temporarily disconnected from 5GHz networks or move further away from your router until your phone connects to the 2.4GHz band.

Smart App Control

Feed or monitor your pets anywhere

Image: A user interacting with the WOPET app on their smartphone to control the feeder, demonstrating smart app control.

2.4 Filling the Food Tank

The feeder has a 6L capacity. It is compatible with dry food pellets between 2-15mm in size.

1. Open the lid of the food storage container.
2. Pour dry pet food into the tank. Do not overfill.
3. Close the lid securely using the twist-lock mechanism to prevent pets from accessing the food and to maintain freshness.

Twist-Lock Design

Prevent pets from opening and over eating

APPLICABLE to all forms of dry food

Recommended Kibble Size

2-15mm

2mm

8mm

15mm

Recommended Food Types

Single-Shaped Dry Kibble

Mixed-Shaped Dry Kibble

Freeze-Dried Food

Reminder: Do not use any kibble over 15mm, or it may get stuck inside the feeder and fail to feed your pet !!!

Image: Visual guide illustrating the recommended kibble sizes (2-15mm) and compatible dry food types for the feeder.

3. OPERATING INSTRUCTIONS

3.1 Scheduling Meals via App

The app allows for precise control over your pet's feeding schedule.

1. Open the "WOpet Life" app and select your feeder.
2. Navigate to the "Feeding Schedule" or similar section.
3. Set up to 15 meals per day. For each meal, specify the time and the number of portions (1-50 portions per meal).
4. Save your settings. The feeder will automatically dispense food at the programmed times.

Schedule a Healthy Feeding Routine

15 Meals

50 Portions

2-15mm

3.2 Personalized Voice Meal Call

Record a 10-second voice message to play at meal times, comforting your pet with your familiar voice.

1. In the "WOpet Life" app, go to the feeder's settings.
2. Find the "Voice Recording" option.
3. Tap to record your message (e.g., "Hey, baby come here for your lunch!").

4. The recorded message will play automatically when food is dispensed.

3.3 Manual Feeding

You can dispense food instantly outside of the scheduled times.

- **Via App:** On the feeder's main screen in the app, look for a "Feed Now" or manual dispense button. You can usually select the number of portions to dispense.
- **On Feeder:** Press and hold the manual feed button on the feeder unit (refer to your feeder's specific button layout) to dispense a single portion.

4. MAINTENANCE AND CARE

4.1 Cleaning the Feeder

Regular cleaning ensures hygiene and proper operation. The food tray is detachable for easy cleaning.

- Unplug the feeder and remove any remaining food.
- Detach the food tray and wash it with mild soap and water. Rinse thoroughly.
- Wipe the main unit and food storage tank with a damp cloth. Do not submerge the main unit in water.
- Ensure all parts are completely dry before reassembling and refilling with food.

Care Instructions: Hand Wash Only.

4.2 Food Storage and Mold Prevention

The feeder's sealed design helps keep food fresh and prevents mold.

- Always ensure the lid is securely closed after refilling.
- Store the feeder in a cool, dry place away from direct sunlight and humidity.
- Regularly check the food tank for any signs of moisture or mold, especially if using freeze-dried food or in humid environments.

5. TROUBLESHOOTING

Common Issues and Solutions

Problem	Possible Cause	Solution
Feeder not connecting to WiFi	Not on 2.4GHz network. Incorrect WiFi password. Feeder too far from router.	Ensure your phone and feeder are on a 2.4GHz WiFi network. Double-check WiFi password. Move feeder closer to the router. Restart feeder and router.
Food not dispensing	Food tank empty. Kibble size too large. Food jammed in dispenser. Power issue.	Refill food tank. Use kibble within 2-15mm range. Clear any obstructions in the dispenser mechanism. Check power adapter connection and/or battery level.
Voice recording not playing	No recording saved. Volume too low.	Record a voice message in the app. Check volume settings in the app.
Low food sensor not working	Sensor obstructed or dirty.	Clean the sensor area inside the food tank.
