ArtCreativity Sea Animal Water Squirters (Pack of 12)

ArtCreativity Sea Animal Water Squirters (Pack of 12) Instruction Manual

Model: Sea Animal Water Squirters (Pack of 12)

1. INTRODUCTION

Welcome to your ArtCreativity Sea Animal Water Squirters! This manual provides essential instructions for the safe and enjoyable use of your new water toys. Please read this guide thoroughly before use and retain it for future reference.

2. SAFETY INFORMATION

- Recommended for ages 5 and up.
- Adult supervision is recommended, especially for younger children, during play.
- Do not aim water at eyes or face to prevent injury.
- Only use clean tap water with these squirters. Do not use other liquids.
- Keep the squirters away from open flames, heat sources, and sharp objects.
- Small parts may pose a choking hazard for children under 3 years.

3. PACKAGE CONTENTS

Your ArtCreativity Sea Animal Water Squirters package includes:

- 12 x Sea Animal Water Squirters (Assortment may vary, typically includes Dolphin, Shark, and Whale designs).

12 SEA ANIMAL WATER SQUIRTER INCLUDED

Color assortment may vary

Figure 1: Contents of the ArtCreativity Sea Animal Water Squirters pack, showing 12 individual squirters in dolphin, shark, and whale shapes.

4. SETUP

Follow these steps to prepare your water squirters for use:

1. Locate the small rubber stopper on the top of each sea animal water squirter.
2. Carefully remove the stopper by pulling it out.
3. Fill the squirter with clean water through the opening where the stopper was removed.
4. Reinsert the stopper firmly into the opening to prevent leaks during play.

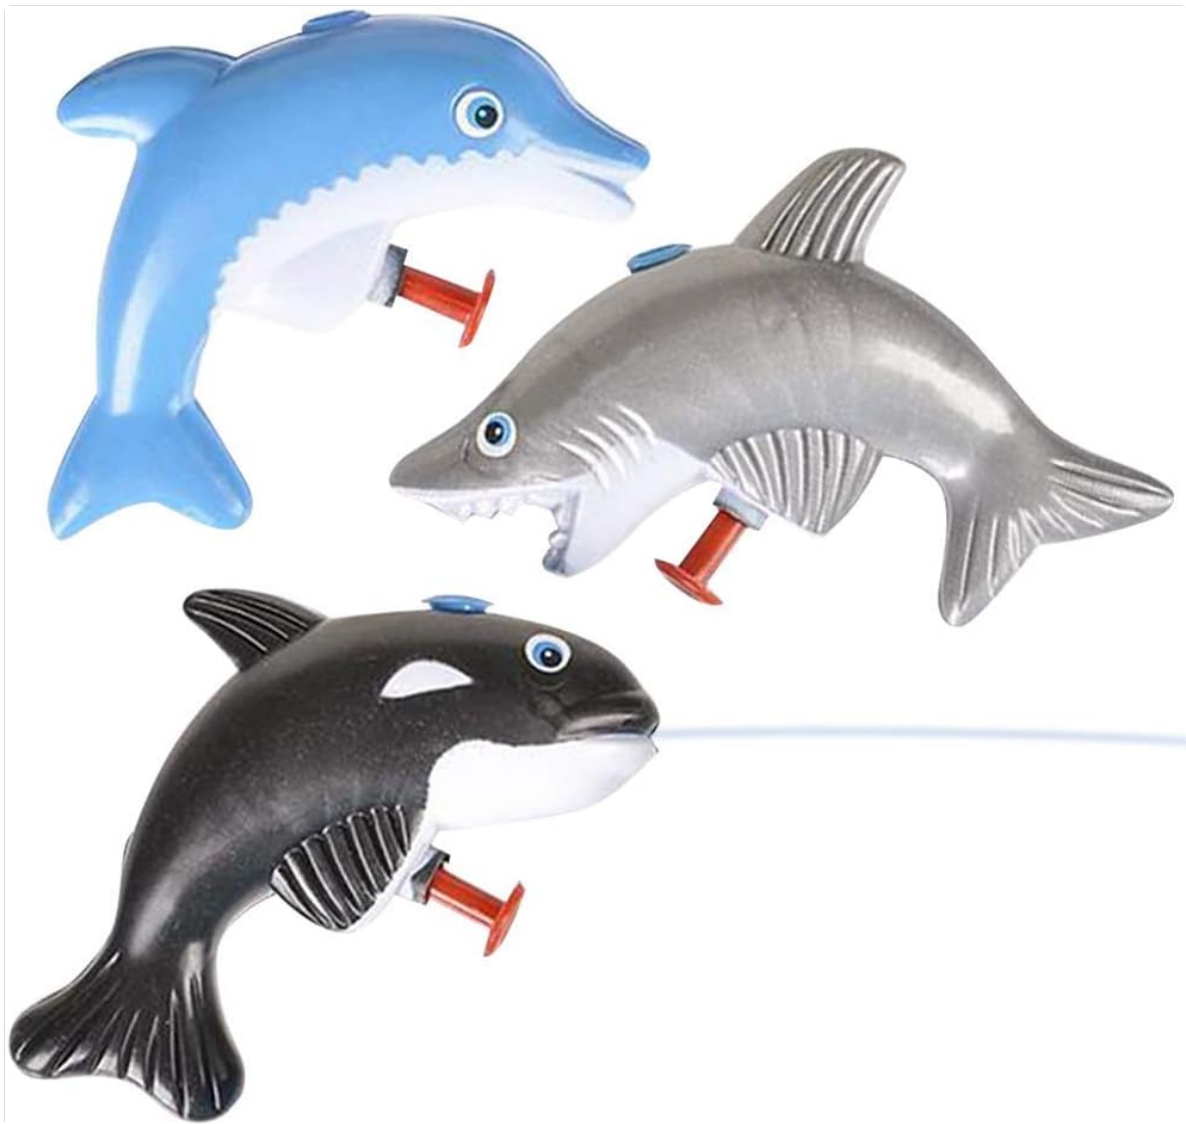

Figure 2: Three sea animal water squirter toys (dolphin, shark, whale) ready for filling. The stopper is visible on the top of each toy.

5. OPERATING INSTRUCTIONS

Once filled, your sea animal water squirter is ready for action:

1. Ensure the squirter is filled with water as described in the "Setup" section.
2. Hold the squirter firmly in your hand, positioning your finger on the trigger mechanism located on the underside.
3. Aim the squirter away from faces, eyes, and any sensitive areas.
4. Squeeze the trigger mechanism to release a stream of water.

Figure 3: A hand demonstrating how to operate the shark water squirter by squeezing the trigger to emit water.

6. MAINTENANCE

6.1. Cleaning

To ensure longevity and hygiene of your water squirters:

- After each use, empty any remaining water from the squirters.
- Rinse the squirters thoroughly with clean water.
- Allow them to air dry completely before storage to prevent the growth of mold or mildew.

6.2. Storage

Store the squirters in a cool, dry place away from direct sunlight when not in use. This helps preserve the material and colors.

7. TROUBLESHOOTING

| Problem | Possible Cause | Solution |
|--------------------------------------|--|--|
| Water squirter not squirting | Not enough water; Stopper not properly sealed; Air bubble in the mechanism | Refill with water; Ensure stopper is firmly in place; Squeeze trigger a few times to clear any trapped air |
| Water leaking from stopper area | Stopper not fully inserted or misaligned | Push stopper firmly and evenly into place until sealed |
| Water stream is weak or inconsistent | Low water level; Partial blockage in the nozzle | Refill the squirter completely; Check the nozzle opening for any debris and gently clear if necessary |
