Bagtecs TB8S 35L Multifunctional Motorcycle Tail Bag User Manual

MODEL: TB8S (MANUFACTURER PART NUMBER: 125410)

1. Safety Instructions

- Ensure the bag is securely attached to the motorcycle before every ride. Loose bags can cause instability and accidents.
- Do not overload the bag. Refer to the specifications for maximum capacity.
- Distribute weight evenly to maintain motorcycle balance.
- Always use the included rain cover during heavy rain to protect contents.
- Regularly inspect straps and buckles for wear and tear. Replace if damaged.

2. Package Contents

Verify that all items are present in the package:

- 1 x Bagtecs TB8S Multifunctional Bag
- 2 x Tension Straps
- 1 x Rain Cover
- 1 x Shoulder Strap

Image: Two black tension straps, essential for securing the bag to a motorcycle.

3. Setup and Installation

3.1 Attaching as a Tail Bag

1. Position the Bagtechs TB8S bag on the passenger seat or luggage rack of your motorcycle.
2. Utilize the two included tension straps. Thread them through the designated loops on the bag and around a secure point on your motorcycle (e.g., frame, passenger grab handles, luggage rack).
3. Tighten the straps firmly to ensure the bag is stable and does not shift during transit. Double-check the security of the attachment by attempting to move the bag.

Image: The Bagtects TB8S tail bag shown securely attached to the rear seat of a motorcycle, demonstrating proper positioning and strap usage.

Image: A side view of the Bagtechs TB8S tail bag mounted on a motorcycle, illustrating its profile and how it integrates with the bike's design.

3.2 Using as a Backpack or Shoulder Bag

- **Backpack:** Unzip the compartment on the back of the bag to reveal the padded shoulder straps. Adjust the straps for a comfortable fit.
- **Shoulder Bag:** Attach the included shoulder strap to the D-rings located on the sides of the bag. Adjust the strap length as needed.

3.3 Rain Cover Installation

- In anticipation of or during rain, remove the rain cover from its storage compartment.
- Place the rain cover over the entire bag, ensuring it completely encloses the bag for maximum water

protection.

Image: The dedicated rain cover for the Bagtecs TB8S bag, designed to provide full waterproof protection.

4. Operating Instructions

4.1 Utilizing Storage Compartments

- The main compartment offers 35 liters of storage for larger items.
- Several external compartments are available for organizing smaller items, providing quick access to

essentials like keys, wallet, or documents.

- A separate compartment is designed for shoes or other items that might soil the main luggage, keeping your gear clean.

Image: The front of the Bagtechs TB8S bag, clearly showing the design and accessibility of its external compartments.

4.2 Water Repellency

The bag is constructed from water-repellent 1680D nylon, suitable for light rain and splashes. For prolonged exposure to heavy rain, the included rain cover must be used to ensure contents remain dry.

5. Maintenance

- **Cleaning:** Wipe the bag with a damp cloth and mild soap. Do not use harsh chemicals or abrasive cleaners. Allow to air dry completely.
- **Storage:** Store the bag in a cool, dry place away from direct sunlight when not in use.
- **Strap Care:** Periodically check all straps and buckles for signs of wear, fraying, or damage. Replace any compromised components to ensure secure attachment.

6. Troubleshooting

- **Bag feels loose:** Re-tighten all tension straps. Ensure straps are routed correctly through secure points on the motorcycle.
- **Contents getting wet:** Ensure the rain cover is properly installed and covers the entire bag. Check for any tears or damage to the rain cover or the bag's material.
- **Difficulty with zippers:** Apply a small amount of zipper lubricant or wax to ease movement. Keep zippers clean from dirt and debris.

7. Specifications

Feature	Detail
Brand	Bagtecs
Model	TB8S (Manufacturer Part Number: 125410)
Material	1680D Nylon (Synthetic)
Color	Black
Capacity	35 Liters
Dimensions (approx.)	Width: 59 cm, Diameter: 27 cm
Item Weight	1.8 Kilograms (3.96 pounds)
Vehicle Service Type	Motorcycle
