Mega Bloks GNT92

Mega Bloks Lil' Building Workbench Instruction Manual

Model: GNT92

1. INTRODUCTION

This manual provides essential instructions for the assembly, operation, and maintenance of your Mega Bloks Lil' Building Workbench Preschool Building Set. Designed for First Builders, this set encourages imaginative play and the development of fine motor skills.

Recommended Age: 24 months - 10 years

2. PACKAGE CONTENTS

Please ensure all the following items are present in your package:

- 29 x Big Building Blocks
- 1 x Plastic Hammer
- 1 x Plastic Nut Driver
- 2 x Plastic Nails
- 2 x Plastic Screws
- 1 x Blueprint Card (for building a birdhouse)
- 1 x Workbench Tub (for storage and assembly base)

Image 2.1: All components of the Mega Bloks Lil' Building Workbench set.

Description of Image 2.1: This image displays all the pieces included in the Mega Bloks Lil' Building Workbench set. It features the orange and gray toolbox, various colorful building blocks, a red plastic hammer, a yellow plastic nut driver, two red plastic nails, two yellow plastic screws, and a blue blueprint card for a birdhouse. These components are arranged on a white background, showcasing the complete set.

3. SETUP

3.1 Assembling the Workbench

The workbench tub serves as both a storage container and a base for building. Follow these steps to transform the tub into a functional workbench:

1. Open the workbench tub and remove all building blocks and tools.
2. Place the tub on a flat, stable surface. The lid of the tub will become the top surface of your workbench.
3. Stack the large building blocks onto the designated studs on the tub's lid to create the workbench structure. Refer to the blueprint card for suggested designs, such as the birdhouse.
4. Use the plastic hammer to gently tap the plastic nails into the appropriate holes on the workbench surface.
5. Utilize the plastic nut driver to twist the plastic screws into the designated screw holes.

Image 3.1: The Mega Bloks Lil' Building Workbench fully assembled.

Description of Image 3.1: This image shows the Mega Bloks Lil' Building Workbench in its assembled form. The orange and gray toolbox has been transformed into a workbench with colorful blocks forming a structure on top. A blue blueprint card is displayed, and various tools like the hammer and nut driver are visible around the base, ready for play.

Image 3.2: Demonstrating the use of the plastic hammer to tap nails.

Description of Image 3.2: A child's hand is shown holding the red plastic hammer, poised to tap one of the yellow plastic nails into a hole on the orange lid of the workbench tub. This illustrates the interactive play feature of hammering.

Image 3.3: Demonstrating the use of the plastic nut driver to twist screws.

Description of Image 3.3: A child's hand is shown using the yellow plastic nut driver to twist a yellow plastic screw into a hole on the orange lid of the workbench tub. A white arrow indicates the twisting motion, highlighting the interactive play feature of screwing.

4. OPERATING INSTRUCTIONS

4.1 Creative Play

The Mega Bloks Lil' Building Workbench encourages open-ended, imaginative play. Children can use the large, durable blocks to build various structures on the workbench surface or independently. The included blueprint card provides a guide for constructing a birdhouse, but creativity is limitless.

4.2 Using the Tools

The set includes child-friendly tools designed for safe and engaging play:

- **Plastic Hammer:** Use the hammer to tap the plastic nails into the workbench or other block creations.

- **Plastic Nut Driver:** The nut driver is designed to fit and twist the plastic screws, simulating real construction tasks.
- **Spinning Saw:** The workbench features a spinning saw element for additional interactive play.

Image 4.1: Demonstrating the spinning saw feature.

Description of Image 4.1: A child's hand is shown pressing down and spinning a gray gear-like saw blade integrated into the orange lid of the workbench tub. White arrows indicate the circular motion, highlighting the interactive spinning saw feature.

5. MAINTENANCE

5.1 Cleaning

To clean the Mega Bloks and tools, wipe them with a damp cloth and mild soap. Rinse thoroughly and air dry. Do not immerse electronic components (if any) in water. Avoid harsh chemicals or abrasive cleaners.

5.2 Storage

The workbench tub is designed for convenient storage of all components. After play, disassemble the workbench structure and place all blocks, tools, and the blueprint card inside the tub. Secure the lid to keep all pieces together and prevent loss.

6. TROUBLESHOOTING

If you encounter any issues with your Mega Bloks Lil' Building Workbench, please refer to the following common solutions:

- **Blocks not connecting:** Ensure the blocks are aligned correctly with the studs. Apply gentle, even pressure.
- **Missing pieces:** Double-check the packaging and storage tub. If a piece is genuinely missing, contact customer support.
- **Tools not functioning:** The tools are designed for simple, manual operation. Ensure they are used as intended with the plastic nails and screws.

For further assistance, please contact Mega Bloks customer support.

7. SPECIFICATIONS

Feature	Detail
Product Dimensions	8 x 16 x 20 inches
Item Weight	1.78 pounds
Model Number	GNT92
Recommended Age	24 months - 10 years
Manufacturer	Mattel
Release Date	December 8, 2020

8. WARRANTY AND SUPPORT
