HOMCOM 837-059

HOMCOM Farmhouse Sideboard Buffet Cabinet

Model: 837-059

Brand: HOMCOM

INTRODUCTION

Thank you for choosing the HOMCOM Farmhouse Sideboard Buffet Cabinet. This manual provides essential information for the safe assembly, operation, and maintenance of your new furniture. Please read these instructions carefully before beginning assembly and retain them for future reference.

SAFETY INFORMATION

To ensure safe use of your HOMCOM Farmhouse Sideboard Buffet Cabinet, please adhere to the following guidelines:

- **Anti-Tipping Device:** Always secure the cabinet to the wall using the anti-tipping strap provided. This prevents accidental tipping, which can cause serious injury.
- **Weight Capacity:** Do not overload the cabinet. The overall weight capacity is 220 lbs. Individual drawers can hold up to 6.6 lbs, and shelves can hold up to 11 lbs. Exceeding these limits can compromise stability and lead to structural failure.
- **Placement:** Keep the cabinet away from direct heat sources, such as radiators or fireplaces, to prevent material damage.
- **Top Surface:** Avoid placing heavy or sharp objects directly on the top surface to prevent scratches or damage.
- **Assembly:** Ensure all parts are correctly assembled and fasteners are tightened securely before use. Periodically check and re-tighten fasteners as needed.

PACKAGE CONTENTS

Your HOMCOM Farmhouse Sideboard Buffet Cabinet is typically shipped in two separate packages. Before beginning assembly, please verify that all components and hardware listed in the included assembly instructions are present and undamaged. If any parts are missing or damaged, contact customer support immediately.

ASSEMBLY INSTRUCTIONS

Assembly of this cabinet requires careful attention to detail. Please follow the step-by-step diagrams provided in the separate assembly manual included with your product. It is recommended to have at least two people for assembly to ensure stability and ease of handling larger components.

1. **Preparation:** Clear a spacious area for assembly. Lay out all parts and hardware on a soft, clean surface to prevent scratches.
2. **Follow Diagrams:** Refer to the detailed diagrams in your assembly manual. Pay close attention to the orientation of each piece and the type of fasteners used for each step.
3. **Secure Fasteners:** Ensure all screws, cams, and dowels are fully tightened. Do not overtighten, as this can

strip the wood.

4. **Install Anti-Tipping Device:** As a final and crucial step, install the anti-tipping device as instructed in the manual. This is vital for safety.

While power tools can expedite assembly, exercise caution as they may cause damage if not used properly. Hand tools are generally recommended for furniture assembly.

OPERATING INSTRUCTIONS

The HOMCOM Farmhouse Sideboard Buffet Cabinet is designed for versatile storage and display. Utilize its features as follows:

- **Top Surface:** Use the spacious top surface for displaying decorative items, serving dishes, or as a coffee bar station.
- **Drawers:** The two smooth-gliding drawers are ideal for storing smaller items, utensils, or linens.
- **Cabinets:** The two barn-style door cabinets provide concealed storage for larger items, dinnerware, or other household essentials.
- **Open Shelf:** The central open shelf can be used for easy-access items or additional display space.
- **X-Shape Wine Rack:** The integrated X-shape wine rack is designed to securely hold wine bottles, keeping them organized and accessible.

MAINTENANCE AND CARE

To maintain the appearance and longevity of your cabinet:

- **Cleaning:** Wipe the surface with a dry, soft cloth. Avoid abrasive cleaners or harsh chemicals, which can damage the finish.
- **Spills:** Promptly clean any spills to prevent staining or moisture damage to the engineered wood.
- **Inspection:** Periodically inspect all hardware and connections to ensure they remain tight. Re-tighten if necessary.
- **Sunlight:** Avoid prolonged exposure to direct sunlight to prevent fading or discoloration of the finish.

TROUBLESHOOTING

If you encounter issues with your cabinet, consider the following:

- **Wobbling/Instability:** Ensure the cabinet is placed on a level surface. Check that all assembly screws and

fasteners are securely tightened. If wobbling persists, re-check the assembly steps, particularly for any misaligned parts. The anti-tipping device, when properly installed, also contributes to overall stability.

- **Drawers Not Sliding Smoothly:** Verify that the drawer slides are correctly installed and aligned. Ensure no debris is obstructing the tracks.
- **Doors Not Closing Properly:** Check the hinges for proper alignment and tightness. Adjust if necessary. Ensure the cabinet itself is level.
- **Missing Parts:** If you discover missing components during assembly, refer to the package contents section and contact HOMCOM customer support with your model number and a description of the missing part.

SPECIFICATIONS

Brand	HOMCOM
Model Number	837-059
Overall Dimensions	55" L x 15.25" W x 36.25" H
