MCombo Manual Swivel Recliner with Ottoman User Manual

Model: 6151-9019

Brand: MCombo

1. PRODUCT OVERVIEW

The MCombo Manual Swivel Recliner with Ottoman is designed to provide comfort and relaxation in various living spaces, including living rooms, bedrooms, RVs, and offices. This chair and ottoman set features a manual recline function, 360-degree swivel capability, and a space-saving design. It is constructed with durable faux leather and a sturdy wooden base, ensuring both style and longevity.

Image 1.1: The MCombo Manual Swivel Recliner and its accompanying ottoman, featuring a sleek black faux leather finish and a dark wood base.

2. SAFETY INFORMATION

Please read and understand all safety warnings before assembly and use to prevent injury or damage.

- Do not exceed the maximum weight recommendation of 330 pounds.
- Keep children and pets away from the swivel mechanism during operation to prevent pinching or injury.
- Always follow the assembly instructions carefully to ensure the chair's stability and safety.
- Ensure all bolts and screws are securely tightened before use. Periodically check and re-tighten as necessary.
- Avoid placing the chair near heat sources or in direct sunlight for prolonged periods, as this may damage the material.

3. PACKAGE CONTENTS

Verify that all components are present and undamaged before beginning assembly. The product is delivered in two boxes.

- Recliner Chair Backrest
- Recliner Chair Seat Base with Armrests
- Ottoman Cushion
- Ottoman Base
- Chair Wooden Base (Swivel)
- Assembly Hardware Kit (screws, washers, Allen wrench)
- Instruction Manual

Recline Angle
105°-140°

Image 3.1: Illustration of the recliner and ottoman with key dimensions, indicating that the product ships in two separate boxes for easier handling.

4. SETUP AND ASSEMBLY

Assembly is required for this product. We have improved our assembly instructions to provide a more detailed and user-friendly guide. Please follow the steps below carefully.

- Unpack Components:** Carefully remove all parts from the packaging. Lay them out on a soft, clean surface to prevent scratches.
- Assemble Chair Base:** Attach the chair's wooden base to the main seat frame using the provided hardware. Ensure the swivel mechanism is correctly aligned.
- Attach Backrest:** Slide the backrest into the designated slots on the seat base until it clicks securely into place.
- Secure Armrests:** Fasten the armrests to the chair frame. Some screws may be in hard-to-reach areas; a long hex bit for a drill/driver may assist.
- Assemble Ottoman:** Attach the ottoman cushion to its wooden base using the provided hardware.
- Final Check:** Once assembled, gently rock and swivel the chair to ensure all connections are secure and the chair operates smoothly.

Image 4.1: The assembled MCombo recliner and ottoman positioned in a modern living room, demonstrating its aesthetic integration into home decor.

5. OPERATING INSTRUCTIONS

The MCombo recliner offers adjustable recline positions and a full 360-degree swivel for optimal comfort and flexibility.

5.1. Reclining Function

The backrest can be easily adjusted between 105° and 140° using the knobs located on both sides of the chair. You can pause the recline at any desired angle within this range.

- **To Recline:** Turn the knobs counter-clockwise to loosen the recline mechanism. Lean back to your desired angle, then turn the knobs clockwise to tighten and lock the position.
- **To Return Upright:** Loosen the knobs, lean forward, and then tighten the knobs to secure the upright position.

Image 5.1: Visual representation of the recliner's adjustable backrest, illustrating various comfortable positions for reading, watching TV, or napping.

5.2. Swivel Function

The chair features a 360-degree swivel mechanism set in a sturdy wooden base. This allows for smooth rotation while maintaining stability.

- **To Swivel:** Gently push off the floor with your feet or use your hands on the armrests to rotate the chair in any direction. The mechanism is designed with subtle resistance to prevent unintentional spinning.

Product Size

Wall Clearance 13.94 Inches

Image 5.2: Close-up view of the chair's circular wooden base, highlighting its 360-degree swivel capability for flexible positioning.

6. MAINTENANCE AND CARE

Proper care will extend the life and appearance of your MCombo recliner and ottoman.

- **Cleaning Faux Leather:** For general cleaning, wipe the surface with a soft, damp cloth. For spot cleaning, use a mild soap solution and a clean cloth, then wipe dry immediately. Do not use harsh chemicals or abrasive cleaners.
- **Dry Cleaning:** The faux leather material is suitable for dry cleaning if deeper cleaning is required, but it is generally not recommended for routine maintenance.
- **Wood Base Care:** Wipe the wooden base with a dry or slightly damp cloth. Avoid excessive moisture.
- **Regular Inspection:** Periodically check all screws and bolts to ensure they are tight. Re-tighten if necessary to maintain stability.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause the faux leather to fade or crack. Position the chair away from direct sun exposure.

Image 6.1: Detailed view of the faux leather material, showcasing its texture and stitching, which contributes to the chair's classic appearance and ease of cleaning.

7. TROUBLESHOOTING

This section addresses common issues you might encounter with your recliner.

- **Chair feels unstable or wobbly:** Ensure all assembly screws are fully tightened. Check the connections between the chair base and the seat. If the issue persists, disassemble and reassemble, paying close attention to the alignment of parts.
- **Grinding sound during swivel:** This can sometimes occur. Apply a small amount of silicone-based lubricant (not oil-based) to the swivel mechanism. Avoid using household oils like WD-40 as they can attract dust.
- **Recline mechanism is stiff or difficult to adjust:** Ensure the recline knobs are fully loosened before attempting to adjust the angle. Check for any obstructions around the mechanism. If the issue persists, inspect the internal components for any binding or damage.
- **Material wear or damage:** While the faux leather is durable, excessive friction or sharp objects can cause damage. For minor scuffs, a leather repair kit designed for faux leather may be used. For significant damage, contact customer support.

- **Chair is too low:** The seat height is 17.7 inches. If you find this too low, consider adding a seat cushion for additional height.

8. PRODUCT SPECIFICATIONS

Feature	Specification
Brand	MCombo
Model Name	6151-9019
Color	Black
Product Dimensions (Chair)	30.3"(L) x 30.3"(W) x 40.6"(H)
Product Dimensions (Ottoman)	15.7"(L) x 15.4"(W) x 17.7"(H)
Maximum Weight Recommendation	330 Pounds
Reclining Position Count	Adjustable between 105° and 140°
Swivel	360-degree
