DEWENWILS DHOWT01A

DEWENWILS Outdoor Wi-Fi Smart Plug User Manual

Model: DHOWT01A

1. Product Overview

The DEWENWILS Outdoor Wi-Fi Smart Plug (Model DHOWT01A) is designed to provide smart control over your outdoor and indoor electrical appliances. Featuring IP44 weather resistance, it allows for remote control via a smartphone app, voice control through Alexa and Google Home, and programmable timer functions. This smart plug is CE and TÜV certified, ensuring safety and reliability.

Key Features:

- **Voice Control:** Compatible with Amazon Alexa and Google Home for hands-free operation.
- **Timer Function:** Schedule connected devices to turn on/off automatically, enhancing convenience and energy saving.
- **Easy Installation:** Simple setup via the Smart Life app, requiring no additional hub.
- **IP44 Weatherproof:** Designed with an IP44 rating and a rubber cover to protect against splashing water, suitable for both indoor and outdoor use.
- **Remote Control:** Control your devices from anywhere via the Smart Life app, as long as the network connection is stable.

2. Setup Guide

Follow these steps to set up your DEWENWILS Outdoor Wi-Fi Smart Plug:

1. **Download the App:** Search for and download the 'Smart Life' app from your smartphone's app store (available for iOS and Android).

2. **Register Account:** Open the Smart Life app and register a new account or log in if you already have one.
3. **Plug In:** Plug the DEWENWILS Smart Plug into a standard wall socket. Ensure the socket is compatible with the plug type (Type F / Schuko).
4. **Connect to Wi-Fi:** In the Smart Life app, tap '+' to add a new device. Select 'Electrical Outlet' or 'Smart Plug'. Follow the in-app instructions to connect the plug to your 2.4 GHz Wi-Fi network. *Note: This device only supports 2.4 GHz Wi-Fi.*
5. **Device Naming:** Once connected, you can rename the smart plug for easier identification (e.g., 'Outdoor Lights', 'Garden Pump').

No additional hub or accessories are required for operation.

3. Operating Instructions

3.1 App Control

Control your smart plug from anywhere using the Smart Life app:

- Open the Smart Life app and select your smart plug from the device list.
- Toggle the power button to turn the connected appliance on or off.
- Access settings to set schedules, timers, or create automation routines.

Image 3.1: Illustration of controlling devices remotely via the Smart Life app.

3.2 Voice Control (Alexa/Google Home)

Integrate your smart plug with voice assistants for convenient control:

1. **Link Account:** In the Alexa or Google Home app, enable the 'Smart Life' skill/action and link your Smart Life account.
2. **Discover Devices:** Ask your voice assistant to 'Discover devices' or manually add the smart plug.

3. **Voice Commands:** Use commands like:
    - "Alexa, turn on [Device Name]"
    - "Hey Google, turn off [Device Name]"

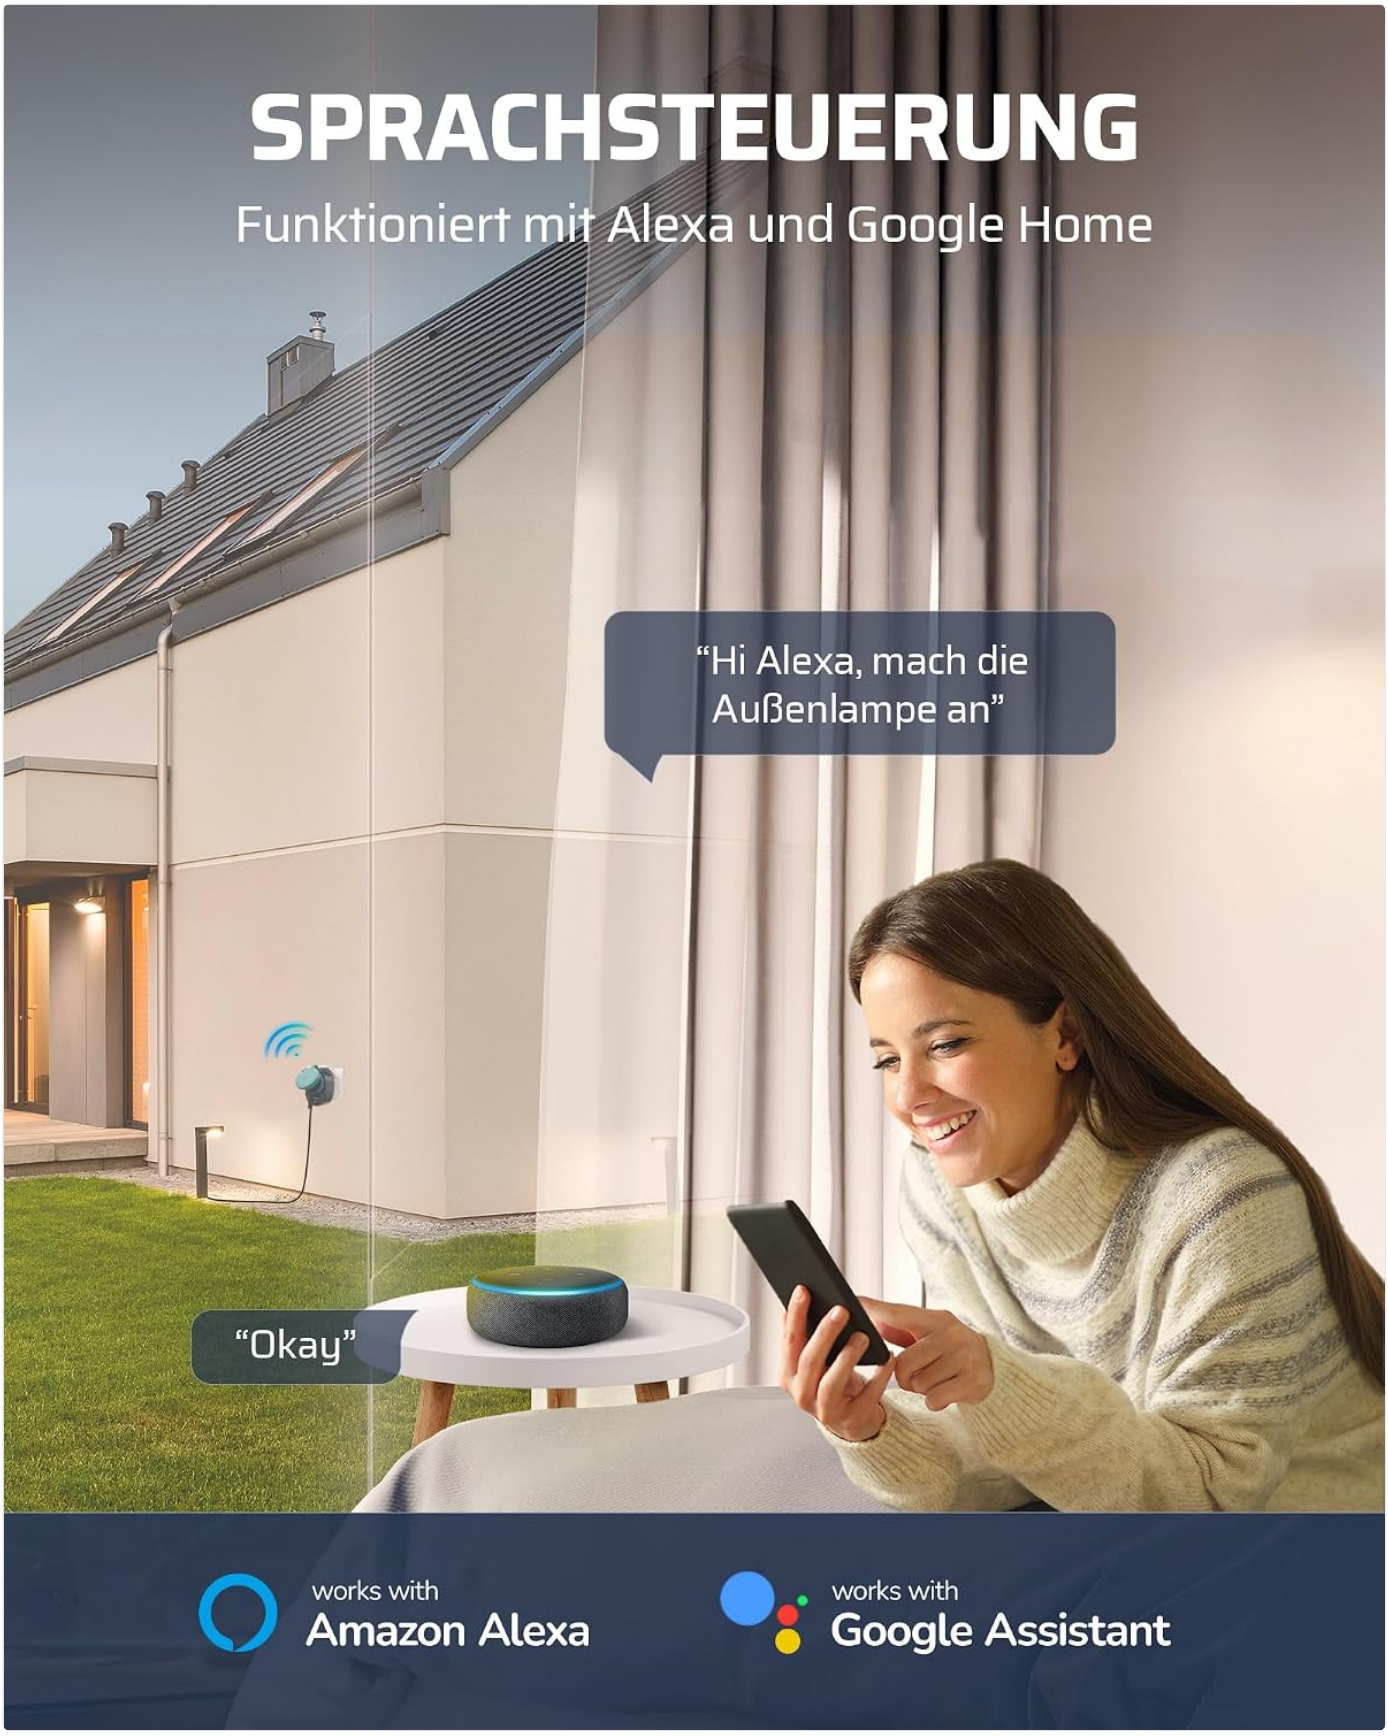

Image 3.2: Example of using voice control with Amazon Alexa to operate the smart plug.

3.3 Timer and Schedule Functions

Automate your devices with custom schedules:

- In the Smart Life app, select your smart plug and navigate to the 'Schedule' or 'Timer' section.
- Set specific times for the plug to turn on or off daily, weekly, or on custom days.
- Create countdown timers for temporary operation.

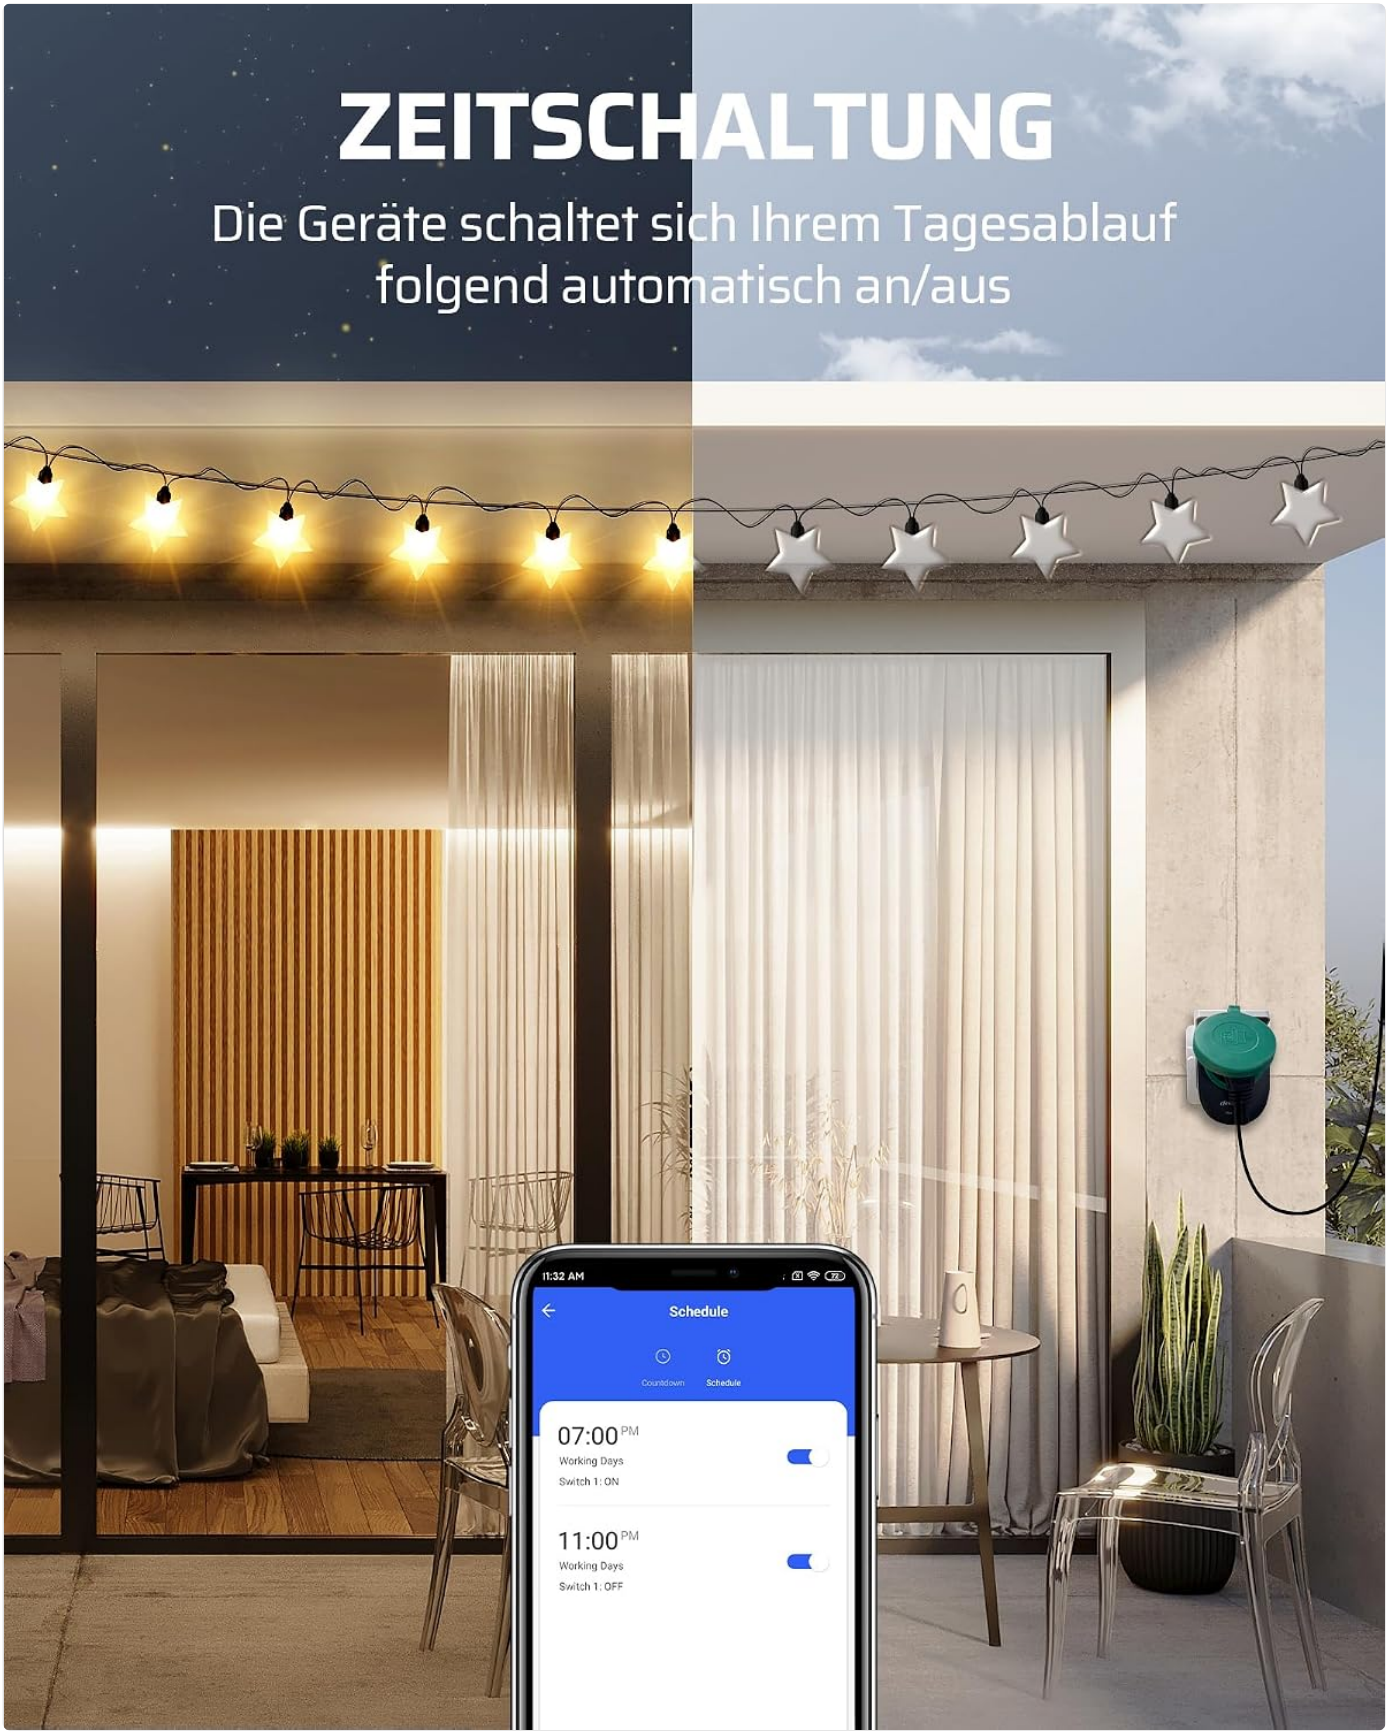

Image 3.3: The smart plug can be programmed to operate according to a daily schedule, as shown with day and night settings.

3.4 Group Control and Sharing

Manage multiple smart plugs and share control with family members:

- **Group Devices:** In the Smart Life app, you can create groups to control multiple smart plugs simultaneously with a single command.
- **Share Control:** Share access to your smart plugs with other family members who have a Smart Life account, allowing them to control the devices.

4. Maintenance

To ensure the longevity and optimal performance of your DEWENWILS Outdoor Wi-Fi Smart Plug:

- **Cleaning:** Wipe the exterior of the smart plug with a soft, damp cloth. Do not use harsh chemicals or abrasive cleaners. Ensure the plug is disconnected from power before cleaning.
- **Weather Protection:** While IP44 rated for splashing water, it is recommended to use the included rubber cover when the plug is not in use or during heavy rain to maximize protection. Avoid submerging the device in water.
- **Storage:** If storing the smart plug for an extended period, keep it in a cool, dry place away from direct sunlight and extreme temperatures.

Image 4.1: The smart plug is designed to be weatherproof with an IP44 rating, protecting it from splashes.

5. Troubleshooting

If you encounter issues with your DEWENWILS Outdoor Wi-Fi Smart Plug, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Smart plug cannot connect to Wi-Fi.	Incorrect Wi-Fi band (not 2.4 GHz), weak signal, incorrect password.	Ensure your Wi-Fi is 2.4 GHz. Move the plug closer to the router. Double-check Wi-Fi password. Reset the plug and try pairing again.
Voice control (Alexa/Google Home) not working.	Smart Life skill/action not enabled, account not linked, device not discovered.	Verify the 'Smart Life' skill/action is enabled and your account is linked in the Alexa/Google Home app. Ask the assistant to 'Discover devices'.
Plug is unresponsive in the app.	No internet connection, plug is offline, app glitch.	Check your home internet connection. Ensure the plug is powered on. Restart the Smart Life app. Unplug and re-plug the smart plug.
Timer/Schedule not activating.	Incorrect schedule settings, plug offline at scheduled time.	Review and correct your schedule settings in the Smart Life app. Ensure the plug has a stable Wi-Fi connection at the scheduled time.
Plug does not fit into my wall socket.	Socket type incompatibility (e.g., French Type E vs. Schuko Type F).	This smart plug is designed for Type F (Schuko) sockets, common in Belgium and Germany. It may not be fully compatible with Type E sockets (common in France) which require a male earth pin on the plug. Please verify your local socket type before purchase.

6. Specifications

Detailed technical specifications for the DEWENWILS Outdoor Wi-Fi Smart Plug:

Specification	Value
Brand	DEWENWILS
Model Number	DHOWT01A
Product Dimensions (L x W x H)	5.8 x 5.1 x 9.3 cm; 180 grams
