2. SAFETY INFORMATION

Please read and understand all safety instructions before use.

- **Recommended Age:** This product is recommended for ages 6 years and older. Due to small parts, it is not suitable for children under 3 years old to prevent choking hazards.
- **Material Safety:** PANLOS building blocks are made from non-toxic, BPA-free materials.
- **Supervision:** Adult supervision is recommended, especially for younger children, during assembly and play.
- **Handling Small Parts:** Ensure all small pieces are kept away from infants and pets.

3. PACKAGE CONTENTS

Verify that all components are present upon opening the package.

- 577 Building Block Pieces
- Instruction Manual (detailed building guides for individual models and combined model)

- Brick Separator Tool

4. SETUP AND ASSEMBLY

Follow these steps to begin building your dinosaur models.

1. **Unpack Components:** Carefully open the packaging and lay out all the individual bags of building blocks. The blocks are typically sorted into bags corresponding to different models.
2. **Review Instructions:** Consult the included instruction manual. Each of the 12 individual dinosaur models has its own building guide.
3. **Start Small:** It is recommended to begin by building the smaller, individual dinosaur models first to familiarize yourself with the building process and piece types.
4. **Combine Models:** The kit allows for 12 individual dinosaur models, each with two combined modes, and ultimately, all pieces can be combined to form one large Tyrannosaurus-like dinosaur.

KEEP YOUR KIDS ENTERTAINED FOR HOURS

The image features a central photograph of a young boy with dark hair, wearing a yellow and white t-shirt and blue jeans, sitting on a light-colored floor and focused on assembling a green LEGO dinosaur. Surrounding this central image are several circular callouts and text overlays. In the top left, a circle shows a pile of green and yellow LEGO bricks. In the top right, a circle displays ten small, individual LEGO dinosaur parts. On the left side, a circular callout shows two different configurations of a LEGO dinosaur head, with a red circular arrow between them indicating they are interchangeable. On the right side, a circular callout shows a completed, complex green LEGO dinosaur model. At the bottom left, there are several loose LEGO bricks and a partially assembled green dinosaur body. At the bottom right, two completed LEGO dinosaur models are shown side-by-side, one in a more upright, bipedal stance and the other in a more crouched, quadrupedal stance. Two large orange arrows point from the text 'Each one has two combined modes' on the left towards the circular callout showing the interchangeable head parts. Another large orange arrow points from the text 'All pics are built into a dinosaur' on the right towards the circular callout showing the completed dinosaur model.

5. OPERATING AND USAGE

This building block set is designed for creative play and educational development.

- **Creative Building:** Utilize the 577 pieces to construct the 12 individual dinosaur models as per the instructions, or combine them into the larger Tyrannosaurus model.
- **Compatibility:** These building bricks are compatible with major building block brands, allowing for expanded creative possibilities with existing collections.
- **Educational Benefits:** The STEM (Science, Technology, Engineering, and Mathematics) focus of this kit helps improve hand-eye coordination, manipulative ability, logical thinking, and problem-solving skills. It also stimulates imagination and creativity.
- **Social Interaction:** Building together can foster social skills and teamwork.

6. MAINTENANCE

Proper care ensures the longevity of your building blocks.

- **Cleaning:** The building blocks can be easily washed and cleaned with hot or cold water. Avoid harsh chemicals or abrasive cleaners.

- **Storage:** Store blocks in a clean, dry place away from direct sunlight and extreme temperatures to prevent material degradation.
- **Inspection:** Periodically inspect blocks for any damage or wear. Discard any broken pieces to prevent injury.

7. TROUBLESHOOTING

Common issues and their solutions.

- **Missing Pieces:** While quality control is in place, if you find any pieces missing, please contact PANLOS customer support for assistance.
- **Difficulty with Instructions:** The instruction manual provides detailed steps. If a step is unclear, try re-examining the image carefully or seeking assistance from an adult. Some users find the instructions detailed but small.
- **Blocks Not Staying Together:** Ensure blocks are firmly pressed together. If a specific connection consistently fails, check if the correct pieces are being used or if there is any debris preventing a secure fit.
