Setup

Follow these steps to set up your Sennheiser Momentum 3 Wireless headphones:

1. **Initial Power On:** Unfold the headphones to automatically power them on.

2. **Automatic Pairing Mode:** The headphones will automatically enter pairing mode upon first activation.

3. **Bluetooth Connection:** On your device (smartphone, tablet, laptop), navigate to Bluetooth settings and select "Sennheiser Momentum 3 Wireless" from the list of available devices.

4. **Smart Control App:** Download the Sennheiser Smart Control App from your device's app store for advanced customization and features.

Operating Instructions

The Momentum 3 Wireless headphones feature an intuitive three-button interface for easy control:

- **Center Button:** Play/pause music, answer/end calls.
- **Volume Buttons:** Adjust volume up or down.

- **Top Button:** Toggle Active Noise Cancellation (ANC) and Transparent Hearing modes.

For more detailed control and personalization, use the Sennheiser Smart Control App.

MOMENTUM

Active Noise Cancellation (ANC) & Transparent Hearing

The headphones are equipped with Active Noise Cancellation (ANC) to minimize ambient noise and Transparent Hearing to allow you to hear your surroundings without removing the headphones.

- **ANC Modes:** Adjust ANC levels (Max, Anti Wind, Anti Pressure) via the Smart Control App to suit your environment.
- **Transparent Hearing:** Activate this mode to stay aware of your surroundings.

Smart Features

The Momentum 3 Wireless headphones incorporate smart functionalities for seamless use:

- **Auto On/Off:** Unfolding the headphones powers them on, and collapsing them powers them off.
- **Smart Pause:** Music automatically pauses when you remove the headphones and resumes when you put them back on.

Connectivity

Your headphones offer versatile connectivity options:

- **Bluetooth 5.0:** For wireless connection to compatible devices.
- **3.5 mm Audio Jack:** Use the included analog cable for wired listening.
- **USB-C Interface:** Connect via USB-C for audio playback and charging.

Battery Life & Charging

The headphones provide up to 17 hours of battery life on a single charge. Use the included USB-C charging cable to recharge the headphones. A full charge takes approximately 17 hours.

Troubleshooting

- **No Sound:** Ensure headphones are powered on, charged, and correctly paired via Bluetooth or connected with the analog cable. Check device volume.
- **Pairing Issues:** Turn off and on Bluetooth on your device. Ensure headphones are in pairing mode. Try resetting the headphones if issues persist.
- **ANC Not Working:** Verify ANC is enabled via the top button or Smart Control App. Ensure earcups form a good seal around your ears.
- **Charging Problems:** Use the provided USB-C cable and a compatible power source. Check for debris in the charging port.

Warranty & Support

For warranty information and technical support, please refer to the official Sennheiser website or contact their customer service. Keep your proof of purchase for warranty claims.
