

Klipsch T5 II True Wireless ANC

Klipsch T5 II True Wireless ANC Earphones User Manual

Model: T5 II True Wireless ANC

Brand: Klipsch

1. GETTING STARTED

1.1. Package Contents

Verify that all items are present in your product packaging:

- Klipsch T5 II True Wireless ANC Earphones
- Wireless Charging Case
- USB-C Charging Cable
- Multiple Pairs of Patented Oval Ear Tips
- User Manual (this document)

1.2. Charging the Earphones and Case

Before first use, fully charge your earphones and charging case. The charging case provides additional power for your earphones on the go.

- **Charging the Earphones:** Place the earphones into the charging case. Ensure they are seated correctly; indicator lights on the earphones will confirm charging status.
- **Charging the Case:** Connect the USB-C cable to the charging case and a power source. Alternatively, place the charging case on a compatible wireless charging pad. The case's indicator lights will show charging progress.

A full charge provides up to 5 hours of earphone playback with Active Noise Cancellation (ANC) enabled, or up to 7 hours without ANC. The charging case offers an additional 15 hours with ANC (21 hours without ANC).

Image: Klipsch T5 II True Wireless ANC Earphones placed inside their open charging case, showing the charging contacts.

1.3. Selecting the Right Ear Tips

The Klipsch T5 II True Wireless ANC earphones come with six pairs of patented oval ear tips. Proper fit is crucial for comfort, sound quality, and effective noise isolation.

- Experiment with different sizes to find the pair that creates a secure and comfortable seal in your ear canal.
- A good seal enhances bass response and improves the performance of Active Noise Cancellation.

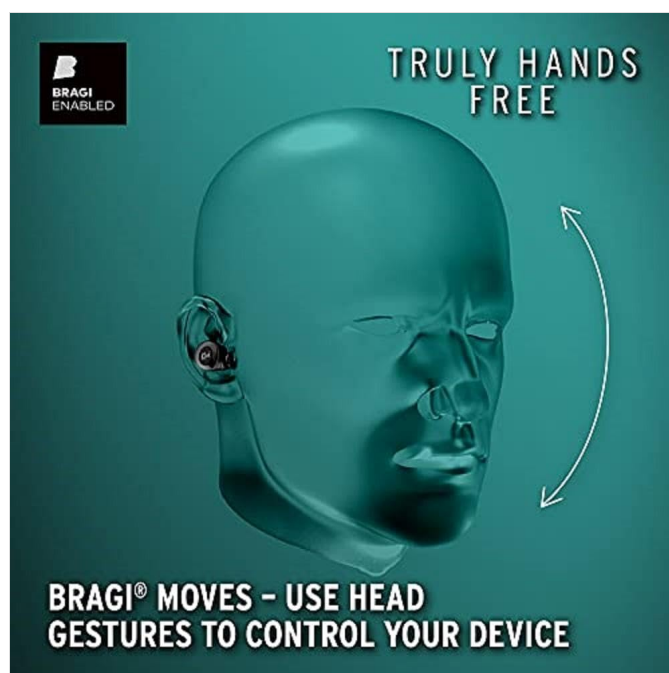

Image: A close-up view of one Klipsch T5 II True Wireless ANC earphone, showcasing its design and the oval ear tip.

1.4. Initial Pairing

To connect your earphones to a Bluetooth-enabled device:

1. Ensure the earphones are charged and placed in the charging case.
2. Open the charging case. The earphones will automatically enter pairing mode.
3. On your device, navigate to Bluetooth settings and select "Klipsch T5 II ANC" from the list of available devices.
4. Once connected, a confirmation sound will play, and the device will show the earphones as paired.

2. OPERATION

2.1. Controls and Gestures

The earphones feature physical buttons for control and support Bragi Moves for hands-free operation.

- **Button Controls:** Each earphone has a physical button. Functions can be customized via the Klipsch Connect App, but typically include playback control (play/pause, skip tracks), volume adjustment, and managing calls.
- **Bragi Moves (Head Gestures):** The built-in Bragi operating system allows for gesture-controlled experiences. For example, you can nod your head twice to accept an incoming call or shake your head twice to reject a call or skip a track. These gestures can be calibrated and managed through the Klipsch Connect App.

Image: The Klipsch T5 II True Wireless ANC Earphones displayed alongside their closed charging case.

2.2. Active Noise Cancellation (ANC)

The earphones feature dual-microphone hybrid Active Noise Cancellation, utilizing both feedforward and feedback microphones to reduce environmental noise effectively.

- ANC can be toggled on/off via the earphone controls or the Klipsch Connect App.
- This feature is designed to minimize distractions from external sounds, providing a more immersive listening experience.

2.3. Transparency Mode

Transparency Mode allows you to hear your surroundings without removing your earphones. This is useful for situational awareness, such as hearing announcements or engaging in brief conversations.

- Transparency Mode can be activated via the earphone controls or the Klipsch Connect App.

2.4. Dirac HD Sound

The Klipsch T5 II True Wireless ANC earphones integrate Dirac HD Sound technology. This digital audio performance enhancement optimizes the sound signature by correcting impulse and magnitude frequency response.

- Dirac HD Sound improves music staging, clarity, voice intelligibility, and bass fidelity.
- This feature can be enabled or disabled within the Klipsch Connect App, allowing for personalized sound preferences.

2.5. Call Management

The earphones are equipped with six beamforming microphones and cVc (Clear Voice Capture) technology to enhance call clarity and reduce environmental noise.

- **Answering/Ending Calls:** Use the earphone buttons or Bragi Moves (e.g., nodding your head twice) to manage incoming and ongoing calls.
- **Rejecting Calls:** Use the earphone buttons or Bragi Moves (e.g., shaking your head twice) to reject an incoming call.

2.6. Klipsch Connect App

The Klipsch Connect App provides additional functionality and customization options for your earphones:

- **Sound Equalizer:** Adjust audio settings with presets or custom EQ.
- **Firmware Updates:** Ensure your earphones have the latest features and performance improvements.
- **Gesture Calibration:** Calibrate and customize Bragi Moves head gestures.
- **Battery Status:** Monitor the battery levels of your earphones and charging case.
- **Support:** Access quick setup guides and customer support.

3. MAINTENANCE

3.1. Cleaning Your Earphones

Regular cleaning helps maintain hygiene and performance:

- Gently wipe the earphones and charging case with a soft, dry, lint-free cloth.
- Remove ear tips and clean them with mild soap and water, then dry thoroughly before reattaching.
- Use a small, soft brush or cotton swab to carefully clean any debris from the earphone nozzles and charging contacts.

3.2. Water Resistance

The Klipsch T5 II True Wireless ANC earphones are IPX4 rated, meaning they are resistant to splashing water from any direction. This makes them suitable for workouts and use in light rain.

- Do not submerge the earphones in water.
- The charging case is not water-resistant.
- Ensure earphones are dry before placing them back into the charging case to prevent damage.

4. TROUBLESHOOTING

If you encounter issues with your Klipsch T5 II True Wireless ANC earphones, refer to the following common solutions:

4.1. Pairing Issues

- Ensure earphones are fully charged.
- Turn off and on your device's Bluetooth.
- Forget the earphones from your device's Bluetooth list and attempt to pair again.
- If earphones are connecting unexpectedly while in the case, ensure the case is fully closed and charged.

4.2. Charging Problems

- Verify the charging cable is securely connected to both the case and the power source.
- For wireless charging, ensure the case is properly aligned on the charging pad.
- Clean the charging contacts on both the earphones and the case.

4.3. Sound Quality Concerns

- Ensure ear tips provide a proper seal. Try different sizes.
- Clean earphone nozzles to remove any wax or debris.
- Adjust EQ settings in the Klipsch Connect App.

4.4. ANC Not Functioning Effectively

- Confirm ANC is enabled via controls or the Klipsch Connect App.
- Ensure a proper ear tip seal for optimal noise isolation.
- Check for any obstructions on the external microphones.

4.5. Earbuds Disconnecting or Malfunctioning

- Ensure both earphones are charged.
- Try resetting the earphones (refer to the Klipsch Connect App or Klipsch support website for specific reset instructions).
- Update earphone firmware via the Klipsch Connect App.

5. SPECIFICATIONS

Feature	Specification
Model Name	T5 II True Wireless ANC Gunmetal
Noise Control	Active Noise Cancellation
Connectivity Technology	Bluetooth
Bluetooth Version	5.0
Bluetooth Range	10 Meters (33 feet)
Audio Driver Size	5.8mm Dynamic Driver
Frequency Range	10Hz-19kHz
Impedance	32 Ohm

Feature	Specification
Battery Life (Earphones)	Up to 5 hours (ANC on), 7 hours (ANC off)
Battery Life (with Case)	Up to 15 additional hours (ANC on), 21 hours (ANC off)
Water Resistance	IPX4 (Earphones only)
Control Type	Touch, Voice Control (Bragi Moves)
Included Components	Earphones, Charging Case, Manual, Eartips
UPC	743878044416
Manufacturer	Klipsch

6. WARRANTY AND SUPPORT

6.1. Product Warranty

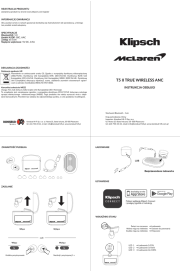

Klipsch products are covered by a limited warranty. For detailed information regarding warranty terms, coverage, and duration, please refer to the official Klipsch website or the warranty card included with your product.

6.2. Customer Support

For further assistance, technical support, or service inquiries:

- Visit the official Klipsch support website for FAQs, troubleshooting guides, and contact information.
- Utilize the Klipsch Connect App for in-app support and resources.
