addlon shelf floor lamp classic black

addlon Floor Lamp with Shelves User Manual

Model: shelf floor lamp classic black

Brand: addlon

PRODUCT OVERVIEW

The addlon 4-Tier Modern Shelf Floor Lamp is designed to provide both illumination and practical storage solutions for your living space. This versatile lamp features a sturdy frame with multiple shelves, offering ample room for decor, books, or plants, while its integrated LED bulb provides adjustable lighting to suit various moods and environments.

Figure 1: Overview of the addlon 4-Tier Modern Shelf Floor Lamp.

WHAT'S IN THE BOX

Carefully unpack all components and ensure you have the following items:

- 4 * Shelf boards
- 12 * Circular columns

- 1 * Bulb
- 1 * Lampshade
- Accessories: screws (including spare parts), assembly tool, fixing buckle, wire.

SETUP AND ASSEMBLY

Assembly of your addlon Floor Lamp is designed to be straightforward and can typically be completed in approximately 10 minutes. Follow these general steps:

1. Begin by identifying all components listed in the "What's in the Box" section.
2. Assemble the main frame using the circular columns and shelf boards, ensuring all connections are secure.
3. Attach the lampshade to the top section of the frame.
4. Install the provided LED bulb into the lamp socket.
5. Connect the power wire and secure it with the fixing buckle if provided.
6. Place the lamp in your desired location.

A detailed manual and assembly video are included with your product for visual guidance.

Triple Storing Space

Combine the lamp and shelves,
what a practical lamp!

OPERATING INSTRUCTIONS

The addlon Floor Lamp is equipped with a pull-chain switch for easy operation and an adjustable LED bulb offering three color temperature options.

Power On/Off

To turn the lamp on or off, gently pull the metal chain extending from the lamp socket. Each pull will toggle the power state.

Figure 3: The pull-chain switch for easy operation.

Adjusting Color Temperature

The included 3CCT LED bulb allows you to select from three distinct color temperatures to match your ambiance needs:

- **3000K (Warm White):** Ideal for creating a cozy and relaxing atmosphere.
- **4500K (Cool White):** Suitable for general lighting and everyday activities.
- **6500K (Clear White):** Provides bright, crisp light, often preferred for task lighting.

To cycle through these color temperatures, simply turn the lamp off and then immediately back on using the pull-chain switch. The bulb will switch to the next color temperature in sequence.

3 Color Temperatures for Choice

3000K / 4500K / 6500K, for different environments

MAINTENANCE

To ensure the longevity and optimal performance of your addlon Floor Lamp, follow these maintenance guidelines:

- **Cleaning:** Dust the lamp frame and shelves regularly with a soft, dry cloth. For the fabric lampshade, use a lint roller or a soft brush to remove dust. Do not use liquid cleaners or abrasive materials, as they may damage the finish or fabric.
- **Bulb Replacement:** If the included LED bulb needs replacement, ensure the lamp is unplugged

before unscrewing the old bulb and installing a new E26 base LED bulb (max 12 watts).

- **Stability Check:** Periodically check that all screws and connections are tight to maintain the lamp's stability.
- **Placement:** Avoid placing the lamp in areas with high humidity or direct exposure to water, as it is not waterproof.

TROUBLESHOOTING

If you encounter any issues with your addlon Floor Lamp, refer to the following common troubleshooting steps:

Problem	Possible Cause	Solution
Lamp does not turn on.	Not plugged in. Loose bulb. Power outlet issue. Defective bulb.	Ensure the power cord is securely plugged into a working outlet. Tighten the bulb in the socket. Test the outlet with another device. Replace the bulb with a new E26 base LED bulb.
Light flickers.	Loose bulb. Incompatible bulb.	Tighten the bulb. Ensure the bulb is compatible with E26 base and within the wattage limit (max 12W).
Lamp is unstable.	Loose assembly screws. Uneven surface.	Check and tighten all assembly screws. Place the lamp on a flat, stable surface.

If the issue persists after attempting these steps, please contact addlon customer support for further assistance.

SPECIFICATIONS

Brand	addlon
Model Name	shelf floor lamp classic black
Product Dimensions	10.2"D x 10.2"W x 64"H
Item Weight	9.83 pounds
Material	Linen, Metal, Wood
Shade Material	Linen
Shade Color	White
Light Source Type	LED
Bulb Base	E26
Wattage	9 watts (Max Compatible: 12 Watts)
Brightness	800 Lumen

Color Temperature	3000K, 4500K, 6500K (Adjustable)
Switch Type	Pull Chain
Power Source	Corded Electric
