FEZIBO 48x24 Inch Dual Motor Electric Standing Desk with Keyboard Tray

FEZIBO I Shaped Dual Motor Height Adjustable Electric Standing Desk User Manual

Model: 48x24 Inch Dual Motor Electric Standing Desk with Keyboard Tray

Brand: FEZIBO

INTRODUCTION

This manual provides comprehensive instructions for the assembly, operation, and maintenance of your FEZIBO I Shaped Dual Motor Height Adjustable Electric Standing Desk. Please read this manual thoroughly before assembly and use to ensure proper function and safety.

The FEZIBO standing desk is designed to offer a versatile and ergonomic workspace, allowing seamless transitions between sitting and standing positions with its electric height adjustment system and convenient keyboard tray.

SAFETY INFORMATION

- **Weight Limit:** This desk can support a maximum weight of **176 pounds (80 kg)**. Exceeding this weight limit could result in damage to the desk or injury.
- Ensure all connections are secure before operation.
- Keep children and pets away from the desk during height adjustments.
- Do not place liquids directly on the control panel or near electrical components.
- Avoid placing objects that could be pinched or damaged during height adjustment under or above the desk.
- Unplug the desk from the power outlet before cleaning or maintenance.

PARTS LIST

Before beginning assembly, verify that all components are present and undamaged. Refer to the diagram below for a visual representation of the parts included.

Check the parts list first

FEZIBO Dual Motor Standing Desk with Pull-out Keyboard Tray

ATTENTION:

The desktop consists of 4 boards and is easy to assemble.

Figure 1: Exploded view of desk components and hardware. The desktop consists of 4 boards for assembly.

The package includes:

- Desktop (splice board, 4 sections)
- Desk Frame (legs, crossbars)
- Dual Motors and Control Box
- Control Panel with Digital Display
- Keyboard Tray and Rails
- Cable Management Tray
- 2 Hooks
- Assembly Instructions with Diagram
- Basic Assembly Tools
- Lockable Casters (optional installation)

SETUP AND ASSEMBLY

The FEZIBO standing desk is designed for simple assembly. Follow the included assembly instructions carefully. It is recommended to have two people for assembly due to the size and weight of some components.

Assembly Steps Overview:

1. Unpack all components and verify against the parts list.
2. Assemble the desk frame, ensuring all screws are tightened securely.
3. Attach the dual motors and control box to the frame.

4. Mount the desktop sections onto the frame. The desktop comes packaged as a splice board.
5. Install the keyboard tray and its smooth-gliding metal rails.
6. Attach the cable management tray and the two accessory hooks.
7. Install the lockable casters if desired, or use the fixed feet.
8. Connect all electrical cables to the control box and control panel.

OPERATING INSTRUCTIONS

Control Panel Functions:

Figure 3: The intuitive control panel for height adjustment.

- **Up/Down Arrows (▲ / ▼):** Press and hold to continuously adjust the desk height. Release to stop at the desired position.
- **Memory Presets (1, 2, 3):** The desk features 3 programmable memory presets. To save a height:
 - a. Adjust the desk to your desired height using the up/down arrows.
 - b. Press the "S" (Set) button. The display will show "S-".
 - c. Within 3 seconds, press the desired memory button (1, 2, or 3). The height is now saved.

To recall a saved height, simply press the corresponding memory button (1, 2, or 3). The desk will automatically move to the saved position.

- **Memory/Screen Lock (M):** This button may function as a memory set button or a screen lock depending on the specific model's firmware. Refer to the detailed assembly instructions for precise functionality.

Height Adjustment Range:

The desk can be adjusted from a minimum height of **27.36 inches** to a maximum height of **46.04 inches**. The dual motor system ensures smooth and stable transitions.

Figure 4: Desk height range and speed of adjustment.

Keyboard Tray and Accessories:

- The professional keyboard tray provides ample space for your keyboard and mouse, sliding smoothly on premium metal rails.
- Utilize the integrated cable management tray to keep your workspace tidy and organized.
- The two included hooks can be attached to the desk frame for convenient storage of headphones, bags, or other accessories.
- The lockable casters allow for easy mobility of the desk. Engage the locks to secure the desk in place.

Figure 5: Cable tray and accessory hooks for improved organization.

MAINTENANCE

- **Cleaning:** Wipe the desk surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals.
- **Cable Management:** Periodically check that all cables are securely routed and not pinched or tangled.
- **Fasteners:** Occasionally inspect all screws and bolts to ensure they remain tight. Retighten if necessary.
- **Motor Care:** The dual motors are designed for long-term use. Avoid overloading the desk beyond its specified weight capacity.

TROUBLESHOOTING

If you encounter any issues with your FEZIBO standing desk, please refer to the following common troubleshooting steps:

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Desk does not move.	Power cable disconnected, control box issue, motor error.	Check power connection. Ensure all cables are properly plugged into the control box. Refer to the detailed manual for error codes if displayed.
Uneven height adjustment.	Obstruction, uneven load, loose fasteners.	Remove any obstructions. Redistribute weight evenly on the desktop. Check and tighten all frame fasteners.
Desk makes unusual noises.	Loose components, motor strain.	Ensure all parts are securely fastened. Do not exceed the maximum weight capacity.

If the problem persists after attempting these solutions, please contact FEZIBO customer support.
