Eastar EDS-180MAB

Eastar 14" 3-Piece Kids Drum Set Instruction Manual

Model: EDS-180MAB

PRODUCT OVERVIEW

The Eastar 14" 3-Piece Kids Drum Set is designed for beginners, offering a complete drumming experience with essential components. This metallic all-black drum set includes a bass drum, tom drum, snare drum, cymbal, pedal, adjustable throne, and two pairs of drumsticks.

It features genuine Poplar hardwood shells for strong, uniform vibration and bright sound, along with a six-lug structure for enhanced resonance. The transparent drum skins provide excellent tension and continuity, making the sound open and balanced.

SETUP INSTRUCTIONS

Your Eastar drum set is shipped unassembled to prevent damage during transit. Assembly is straightforward. Please follow the detailed instructions provided in the package for step-by-step guidance.

Key Components for Assembly:

- **14" x 10" Bass Drum:** The largest drum, forming the foundation of the set.
- **8" x 6" Mounted Tom Drum:** Attaches to the bass drum.
- **10" x 5" Mounted Snare Drum:** Features an internal adjustable soundbelt.
- **10" Cymbal with Cymbal Arm:** Mounts above the drums.
- **Bass Drum Pedal:** For operating the bass drum.
- **Adjustable Drum Throne:** The padded seat for the drummer.
- **Drumsticks:** Two small wooden pairs and two 7A adult wooden pairs are included.

COMPOSITION & DIMENSIONS

Image: A detailed diagram illustrating the dimensions of each drum component, including the bass drum, tom drum, snare drum, cymbal, and drum throne, aiding in proper setup and understanding of the set's size.

REQUIRED ACCESSORIES INCLUDES

Drum Sticks in Two Sizes
Small & 7A adult drumsticks

Drum Throne
One round padded adjustable drum throne

Electroplated Drum Pedal
High level of plating process

For visual assistance, you may find assembly videos on the product page where you purchased the drum set or on the official Eastar website.

OPERATING INSTRUCTIONS

Once assembled, the Eastar drum set is ready for use. Position the adjustable drum throne to a comfortable height for the player. Use the provided drumsticks to strike the drumheads and cymbal.

Playing the Drums:

- **Bass Drum:** Operated by the foot pedal. Press the pedal to strike the bass drumhead for a deep, resonant sound.

- **Tom Drum:** Struck with drumsticks for a mid-range percussive sound.
- **Snare Drum:** Struck with drumsticks. The internal adjustable soundbelt allows for varied snare sounds. Adjust the knob on the side of the snare drum to tighten or loosen the soundbelt for different effects. Do not twist too much counter-clockwise, or the soundbags will fall out.
- **Cymbal:** Struck with drumsticks for a bright, sustained sound.

PERFECT MUSICAL EDUCATIONAL

Suit for 3-8 years old

Music theory cognition

Memory training

Auditory development

Hand-eye coordination development

Image: A child actively playing the Easter drum set, illustrating the product's intended use and the enjoyment it provides.

ADJUSTABLE SOUNDBELT

Do not twist too much counterclockwise or the sandbags will fall out.

×6

6-SIDED FIXED STRUCTURE

Larger and deeper resonance chamber, better sound.

Image: A visual guide to the adjustable soundbelt of the snare drum, demonstrating how to fine-tune its sound by adjusting the tension.

MAINTENANCE

Proper care will extend the life and maintain the sound quality of your Eastar drum set.

- **Drum Skins:** The transparent drum skins, especially the frosted ones, can stain easily. It is recommended to clean the drum skins every time after playing to maintain their appearance and sound quality. Use a soft, damp cloth for cleaning.
- **Hardware:** Regularly check all screws, bolts, and connections to ensure they are tight. Loose hardware can affect sound and stability.
- **General Cleaning:** Wipe down the drums and hardware with a soft, dry cloth to remove dust and fingerprints. Avoid abrasive cleaners or solvents that could damage the finish.
- **Storage:** Store the drum set in a dry environment, away from extreme temperatures and direct sunlight, to prevent warping or damage to the wood and metal components.

TROUBLESHOOTING

If you encounter any issues with your drum set, consider the following common solutions:

- **Poor Sound Quality:**
 - Check drumhead tension. Drumheads may need to be tightened or loosened for optimal sound.
 - Ensure the snare drum's soundbelt is properly adjusted and not too loose.
- **Instability:**
 - Verify that all connecting rods and stands are securely tightened.
 - Ensure the drum throne is stable and its legs are fully extended and locked.
- **Missing Parts:**

If any parts were missing upon arrival, please contact Eastar customer support immediately with your purchase details.

If problems persist, refer to the full instruction manual included with your product or contact Eastar customer support for further assistance.
