## Miracase Miracase Expert Car Phone Holder

# Miracase Universal Phone Holder Instruction Manual

This manual provides detailed instructions for the setup, operation, and maintenance of your Miracase Upgraded-2nd Generation Universal Phone Holder.

## Setup

### 1. Unboxing and Components

Upon opening the package, ensure all components are present. Your Miracase Universal Phone Holder includes the main phone holder unit and the air vent clip attachment.

Figure 1: Miracase Universal Phone Holder showing the main unit and the air vent clip.

## 2. Installation Guide

The Miracase phone holder is designed for easy installation into most horizontal and vertical car air vents. It features an upgraded

steel hook for enhanced stability.

1. **Attach the Holder to the Clip:** Align the ball joint of the air vent clip with the socket on the back of the phone holder. Push firmly until it clicks into place. Secure it by tightening the screw collar.
2. **Extend the Hook:** Turn the knob on the air vent clip to extend the steel hook.
3. **Insert into Air Vent:** Carefully insert the hook into one of your car's air vent blades. Ensure the hook is fully engaged behind the blade.
4. **Secure the Mount:** Tighten the knob on the air vent clip until the holder is firmly secured to the vent and does not wobble. Avoid overtightening to prevent damage to your vent.

Figure 2: Close-up of the upgraded steel hook mechanism, designed for a secure grip on air vent blades.

**Important Note:** This holder is compatible with most horizontal and vertical air vents. It is **not suitable for round vents**. Ensure your car's vents are robust enough to support the weight of your phone and the mount. Weak vents may be damaged.

Figure 3: Visual guide indicating compatible horizontal and vertical air vent designs, and incompatible round vent designs.

## Operating Instructions

### 1. Inserting Your Phone

The Miracase phone holder is designed for convenient one-hand operation.

1. **Release the Arms:** Press the quick-release button located on the bottom of the holder. The side arms will automatically expand.
2. **Place Your Phone:** Gently place your phone into the holder. The arms will automatically close and secure your phone.

Figure 4: Illustration demonstrating the simple two-step process for inserting and removing a phone with one hand.

## 2. Adjusting Viewing Angle

The holder features a 360-degree rotatable head, allowing you to adjust your phone to the best viewing angle, whether in portrait or landscape orientation.

Figure 5: The phone holder rotating 360 degrees, enabling flexible viewing angles for navigation or calls.

## 3. Phone Compatibility

The Miracase Universal Phone Holder is compatible with all smartphones ranging from 4.0 to 7.0 inches, including various iPhone and Samsung Galaxy models. It also accommodates thick phone cases.

Figure 6: The phone holder firmly gripping a smartphone, highlighting the anti-slip sponge and stable support feet for secure placement.

## Maintenance

### 1. Cleaning

To maintain the appearance and functionality of your phone holder, regularly wipe it with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these may damage the finish or materials.

### 2. Storage

When not in use for extended periods, store the phone holder in a cool, dry place away from direct sunlight and extreme temperatures. This will help preserve its material integrity and extend its lifespan.

## Troubleshooting

### Common Issues and Solutions

| Issue | Possible Cause | Solution |
|---|---|---|
| Holder falls off vent | Hook not fully engaged or knob not tightened. | Ensure the steel hook is securely latched behind the vent blade and the knob is tightened firmly. |
| Phone wobbles in holder | Side arms not fully closed or phone not centered. | Press the side arms inward to ensure a snug fit around your phone. Adjust phone position if necessary. |
| Holder does not fit vent | Incompatible vent type (e.g., round vents). | The holder is designed for horizontal and vertical vents. It is not compatible with round vents. |
| Phone overheating | Hot air blowing from the vent directly onto the phone. | Avoid directing hot air from your car's heating system directly onto the phone while it is mounted. Adjust vent direction or turn off the vent if necessary. |

## Specifications

| Feature | Detail |
|---|---|
| Brand | Miracase |
| Model Number | Miracase Expert Car Phone Holder |
| Product Dimensions | 3.19 x 2.44 x 4.92 inches |
