## Global Industrial 262080

# Global Industrial 36-inch Round Steel Mesh Outdoor Cafe Table

MODEL: 262080

## INTRODUCTION

---

This manual provides essential information for the safe assembly, operation, and maintenance of your Global Industrial 36-inch Round Steel Mesh Outdoor Cafe Table. Please read these instructions carefully before assembly and retain for future reference.

*Image: Front view of the Global Industrial 36-inch Round Steel Mesh Outdoor Cafe Table. The table features a black, round, steel mesh tabletop and four curved legs, with a central umbrella hole.*

## **SAFETY INFORMATION**

---

- Always follow assembly instructions carefully to ensure the table is stable and secure.
- Ensure any umbrella inserted into the center hole is securely fastened before use.
- Do not leave the table unattended with an umbrella open in windy conditions to prevent tipping.
- Do not exceed the maximum weight recommendation of 200 pounds.
- Keep small children and pets away from the assembly area.
- Periodically check all bolts and connections to ensure they remain tight.

## **PARTS LIST**

---

Before beginning assembly, ensure all parts are present and undamaged. If any parts are missing or damaged, do not proceed with assembly. Contact customer support for assistance.

- Tabletop (1)
- Legs (4)
- Support Ring (1)
- Hardware Pack (Bolts, Washers, Nuts, Allen Wrench)
- Assembly Guide (1)

## **SETUP AND ASSEMBLY**

---

Assembly of this table is designed to be straightforward. It is recommended to assemble the table on a soft, clean surface to prevent scratching.

1. Carefully unpack all components and lay them out. Verify all parts from the parts list are present.
2. Attach the four legs to the underside of the tabletop. Align the holes on the legs with the corresponding holes on the tabletop frame. Insert bolts with washers and loosely tighten with nuts using the provided Allen wrench. Do not fully tighten yet.
3. Attach the support ring to the legs. The support ring provides additional stability. Align the holes on the support ring with the pre-drilled holes on the legs. Insert bolts with washers and loosely tighten with nuts.
4. Once all legs and the support ring are attached, place the table upright on a level surface.
5. Gradually tighten all bolts evenly until secure. Do not overtighten.

*Image: Underside view of the table, illustrating the attachment points for the legs and the circular support ring. This view helps in understanding the assembly process.*

## OPERATING INSTRUCTIONS

The Global Industrial Outdoor Cafe Table is designed for outdoor use and features a central umbrella hole for added convenience.

- **Umbrella Usage:** The table includes a 2-inch center hole designed to accommodate umbrellas with a pole diameter of up to 1.5 inches. Insert the umbrella pole through the hole. Ensure the umbrella base (sold separately) is stable and weighted appropriately for safety.
- **Placement:** Place the table on a flat, stable surface to prevent wobbling.
- **Weight Capacity:** Do not place items exceeding 200 pounds on the tabletop.

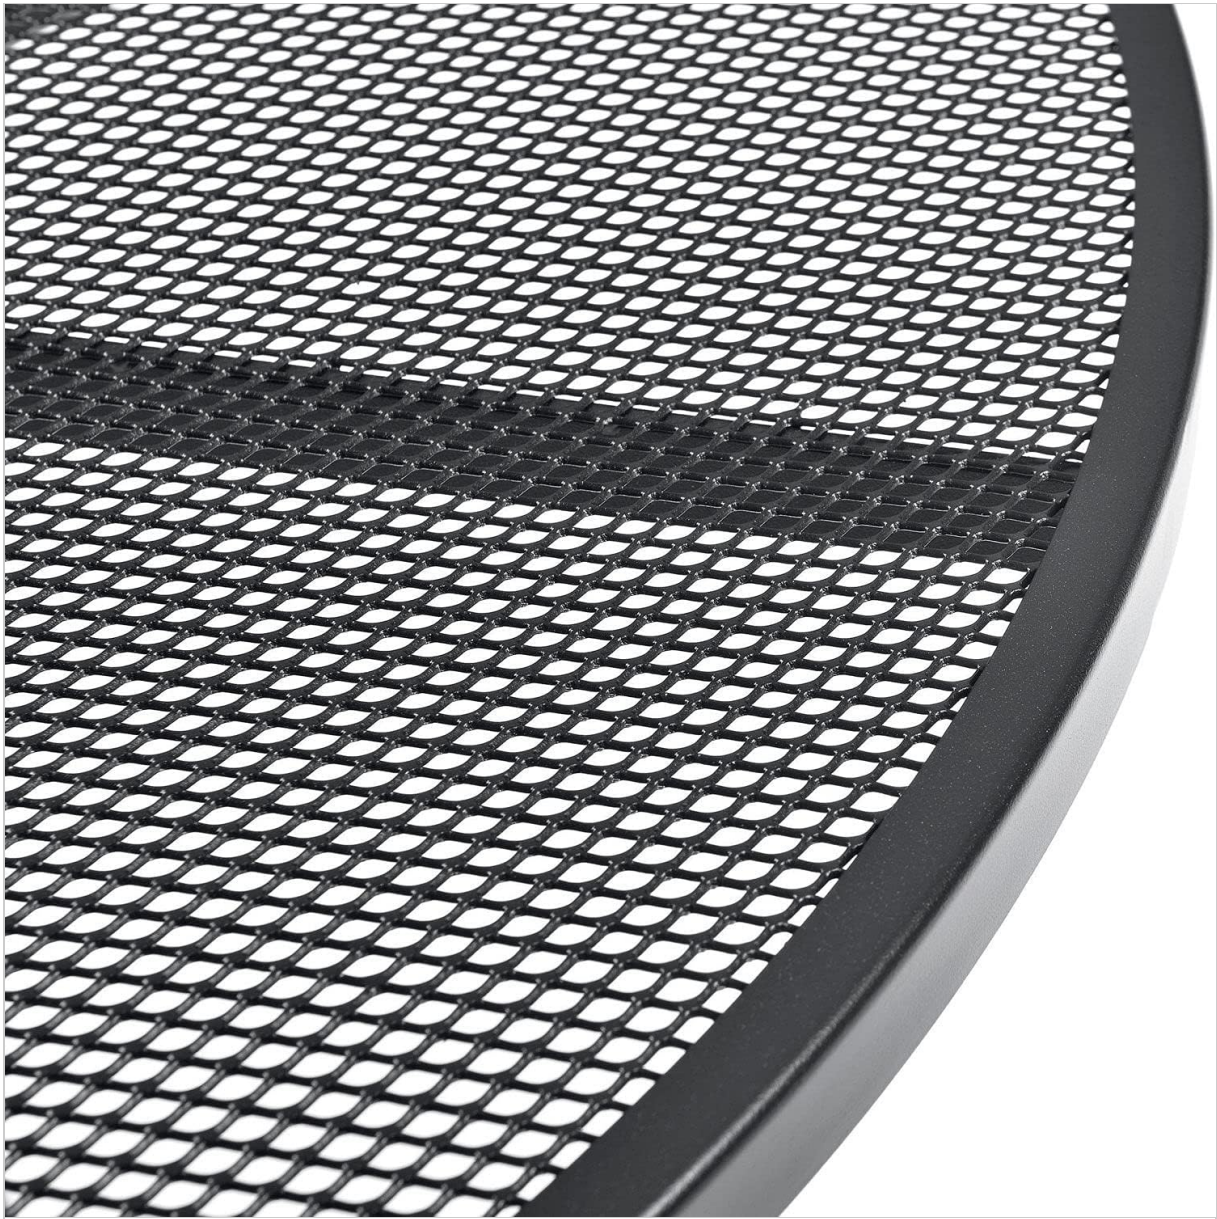

*Image: Close-up view of the central umbrella hole on the table's mesh surface. The hole is designed to fit standard patio umbrellas.*

## MAINTENANCE

---

Proper care will extend the life and appearance of your steel mesh outdoor cafe table.

- **Cleaning:** Clean the table regularly with a mild soap and water solution. Use a soft cloth or sponge. Rinse thoroughly with clean water and dry completely to prevent water spots and rust.
- **Rust Prevention:** The table features a zinc-rich black powder-coat finish for rust and corrosion prevention. Inspect the finish periodically for any chips or scratches. Touch up any damaged areas with appropriate outdoor metal paint to prevent rust.
- **Storage:** During prolonged periods of non-use or harsh weather conditions, it is recommended to cover the table or store it indoors to protect the finish and extend its lifespan.
- **Fasteners:** Periodically check all bolts and nuts to ensure they are tight. Retighten as necessary.

*Image: Detailed close-up of the steel mesh tabletop surface. This texture allows for quick drying and contributes to the table's durability.*

## TROUBLESHOOTING

Problem	Solution
Table is wobbly after assembly.	Ensure all bolts are tightened evenly and securely. Check that the table is on a level surface.
Umbrella does not fit or is loose.	Verify umbrella pole diameter is no more than 1.5 inches. Use an umbrella wedge or stand for a snug fit if needed.
Rust spots appear on the finish.	Clean the area, gently sand if necessary, and apply an outdoor-grade rust-inhibiting paint to touch up the finish. Ensure regular drying after rain.

## SPECIFICATIONS

Feature	Detail
Model Number	262080
Dimensions (L x W x H)	36" x 36" x 29"
Material	Alloy Steel
Finish	Zinc-rich Black Powder-Coat
Color	Black
Shape	Round
