

Pamo babe c628

Pamo babe Compact Baby Stroller Model c628 Instruction Manual

Model: c628

1. IMPORTANT SAFETY INFORMATION

Please read these instructions carefully before using the Pamo babe Compact Baby Stroller. Failure to follow these instructions could result in serious injury to your child.

- Always secure your child with the 5-point harness.
- Never leave your child unattended in the stroller.
- Ensure all locking devices are engaged before use.
- Do not overload the storage basket; maximum weight capacity is 7 pounds (3.17 kg).
- Do not use the stroller on stairs or escalators.
- Keep children clear of moving parts when adjusting the stroller.
- This stroller is designed for one child only.
- Regularly check the stroller for loose parts, damaged components, or worn fabric.

2. PRODUCT OVERVIEW

The Pamo babe Compact Baby Stroller is designed for convenience and portability, featuring a lightweight frame and a one-hand fold mechanism.

2.1 Key Features

- **Lightweight Design:** Weighs approximately 14.7 pounds (6.67 kg) for easy transport.
- **One-Hand Fold:** Convenient self-standing fold for quick storage and travel.
- **Multi-Position Recline:** Adjustable seat recline for child comfort.
- **Adjustable Canopy:** Extended canopy provides protection from UV rays.
- **Extra Storage:** Includes a large storage basket and a cup holder.

- **Safety Harness:** 5-point safety harness for secure seating.
- **Wheels:** Anti-shock front wheels and lockable rear wheels.

2.2 Components

Familiarize yourself with the main components of your stroller:

- Handlebar
- Canopy
- Seat with 5-point harness
- Adjustable footrest
- Front wheels (swivel, anti-shock)
- Rear wheels with brake
- Storage basket
- Cup holder
- Carry bag (for transport/storage)

Figure 1: Stroller dimensions and overall view. The stroller measures approximately 41 inches (104 cm) in height, 15.4 inches (39 cm) in width, and 21.7 inches (55 cm) in depth. The folded dimensions are approximately 26.4 inches (67 cm) in height, 10.6 inches (27 cm) in width, and 11 inches (28 cm) in depth.

Figure 2: Included carry bag for the folded stroller, facilitating easy transport and storage.

3. SETUP AND ASSEMBLY

The Pamo babe Compact Baby Stroller comes largely pre-assembled. Follow these steps for initial setup:

1. **Unfolding the Stroller:** Release the folding latch (if engaged) and gently pull the handlebar upwards until the frame locks into place. Ensure both sides of the frame are securely locked.
2. **Attaching Accessories:** Insert the cup holder into its designated slot on the handlebar.
3. **First Use Check:** Before placing your child in the stroller, ensure all parts are correctly assembled and securely fastened.

4. OPERATING INSTRUCTIONS

4.1 Folding the Stroller

The stroller features a convenient one-hand fold mechanism:

1. Ensure the canopy is folded back and the seat is in an upright position.
2. Locate the folding mechanism on the handlebar.

3. Press the safety button and simultaneously pull the lever to initiate the fold.
4. Push the handlebar downwards until the stroller collapses into its compact, self-standing position.
5. Engage the folding latch to secure the stroller in the folded position.

Figure 3: Step-by-step visual guide for folding the stroller into its compact form.

4.2 Adjusting the Seat Recline

To adjust the seat recline for your child's comfort:

- Locate the recline strap/lever at the back of the seat.
- Gently pull the strap or press the lever to adjust the seat to the desired angle.
- Ensure the seat is securely locked in the chosen position before placing your child in it.

4.3 Adjusting the Canopy

The canopy can be adjusted to provide shade and protection:

- Simply push or pull the canopy forward or backward to extend or retract it.
- The canopy can be adjusted to block harmful UV rays as needed.

4.4 Adjusting the Footrest

The footrest can be adjusted for your child's leg comfort:

- Locate the adjustment buttons or levers on either side of the footrest.
- Press the buttons/levers and move the footrest up or down to the desired position.
- Release the buttons/levers to lock the footrest in place.

Figure 4: The adjustable footrest provides comfort for your child's legs.

4.5 Using the Brakes

To engage the rear wheel brakes:

- Press down firmly on the brake pedal located near the rear wheels.
- Ensure both wheels are locked before releasing the stroller.
- To release the brakes, lift the brake pedal upwards.

4.6 Securing Your Child with the 5-Point Harness

Always use the 5-point harness to secure your child:

1. Place your child in the seat.
2. Bring the shoulder straps over your child's shoulders and the waist straps around their waist.

3. Insert the two buckle prongs into the central buckle until they click securely.
4. Adjust the straps to ensure a snug, but comfortable, fit.
5. To release, press the button on the central buckle.

4.7 Portability

When folded, the stroller can be easily transported:

- Use the padded carry handle or shoulder strap for carrying.
- The folded stroller can also be pulled like a suitcase using its wheels.
- For air travel, store the folded stroller in the included carry bag.

Figure 5: The folded stroller can be conveniently pulled using its wheels, similar to luggage.

5. MAINTENANCE

Regular maintenance will prolong the life of your stroller:

- **Cleaning Fabric:** Wipe fabric parts with a damp cloth and mild soap. Do not use harsh detergents or bleach. Allow to air dry completely.
- **Cleaning Frame:** Wipe the frame with a soft, damp cloth. Dry thoroughly.

- **Wheel Maintenance:** Periodically clean dirt and debris from the wheels and axles. Lubricate moving parts with a silicone-based lubricant if necessary.
- **Storage:** Store the stroller in a dry, cool place, away from direct sunlight and extreme temperatures. Use the provided carry bag for protection.

6. TROUBLESHOOTING

If you encounter any issues with your stroller, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Stroller does not fold/unfold smoothly.	Folding mechanism obstructed or not fully engaged.	Ensure all components are clear of the folding mechanism. Apply light lubricant to moving parts if stiff.
Wheels are stiff or not swiveling.	Debris in wheel mechanism or lack of lubrication.	Clean wheels and axles thoroughly. Apply silicone-based lubricant to the swivel mechanisms.
Brakes are not engaging/disengaging properly.	Debris in brake mechanism or worn parts.	Clear any obstructions from the brake mechanism. If the issue persists, contact customer support.
Harness is difficult to buckle/unbuckle.	Debris in buckle or misaligned prongs.	Check for and remove any debris from the buckle. Ensure prongs are correctly aligned before inserting.
