## Brookstone B08B9RLNF8

# Brookstone Smart Color Changing Plug User Manual

Model: B08B9RLNF8

## 1. INTRODUCTION

---

The Brookstone Smart Color Changing Plug allows you to control connected devices and illuminate your space with customizable colors directly from your smartphone or tablet. This smart plug integrates seamlessly into your home network, offering convenience and personalized ambiance.

## 2. SAFETY INFORMATION

---

Please read all safety instructions before using this product. Failure to follow these instructions may result in electric shock, fire, or other hazards.

- **Indoor Use Only:** This device is designed for indoor use in dry locations. Do not expose to water or moisture.
- **Electrical Rating:** Do not exceed the electrical ratings of the smart plug or the connected appliance. Overloading may cause overheating and fire.
- **Proper Grounding:** Ensure the wall outlet is properly grounded.
- **Cleaning:** Unplug the device before cleaning. Use a dry, soft cloth. Do not use liquid cleaners.
- **Children:** Keep out of reach of children.
- **Disassembly:** Do not attempt to disassemble or modify the device. There are no user-serviceable parts inside.

### 3. PACKAGE CONTENTS

---

- Brookstone Smart Color Changing Plug (Model B08B9RLNF8)
- User Manual (this document)

### 4. SETUP

---

1. **Unpack the Device:** Carefully remove the Smart Color Changing Plug from its packaging.
2. **Download the App:** Search for the "Brookstone Smart" app (or similar smart home app recommended by Brookstone) in your device's app store (Apple App Store for iOS or Google Play Store for Android). Download and install the app.
3. **Register/Log In:** Open the app and create a new account or log in with an existing one.
4. **Plug In the Device:** Insert the Brookstone Smart Color Changing Plug into a standard Type A wall outlet. Ensure it is securely seated. The indicator light on the plug should begin to flash, indicating it is

in pairing mode.

5. **Add Device in App:** In the app, tap the "+" icon or "Add Device" button. Follow the on-screen instructions to add the Smart Color Changing Plug. You may need to select the device type (e.g., "Smart Plug" or "Lighting").
6. **Connect to Wi-Fi:** The app will prompt you to connect the plug to your 2.4GHz Wi-Fi network. Enter your Wi-Fi network name and password. Ensure your smartphone is connected to the same 2.4GHz Wi-Fi network during setup.
7. **Name Your Device:** Once connected, you can assign a custom name to your smart plug (e.g., "Living Room Lamp," "Bedroom Light"). This name will be used for control within the app and for voice commands.

## 5. OPERATING INSTRUCTIONS

### 5.1 Basic On/Off Control

- **Via App:** Open the Brookstone Smart app, select your plug, and tap the power icon to turn the connected device on or off.

- **Manual Control:** The smart plug typically has a physical button on its side or front. Press this button to manually toggle the power of the connected device.

## 5.2 Color Changing Functionality

The integrated light on the smart plug can change colors to suit your mood or decor.

- **Select Color:** In the app, navigate to the plug's settings or a dedicated lighting control section. You can choose from a spectrum of colors, preset scenes, or even create custom color sequences.
- **Adjust Brightness:** Use the brightness slider in the app to adjust the intensity of the color-changing light.

## 5.3 Scheduling and Timers

Automate your devices and lighting with schedules and timers.

- **Create Schedules:** In the app, go to the scheduling section for your plug. Set specific times for the plug to turn on or off, or for the color-changing light to activate.
- **Set Timers:** Use the timer function to automatically turn off a device after a set duration.

## 5.4 Voice Control Integration

The Brookstone Smart Color Changing Plug is compatible with popular voice assistants.

- **Link Accounts:** Follow the instructions in your smart assistant app (e.g., Amazon Alexa, Google Assistant) to link your Brookstone Smart account.
- **Voice Commands:** Once linked, you can use commands like:
  - "Hey Google, turn on [Plug Name]."
  - "Alexa, set [Plug Name] to blue."
  - "Hey Google, turn off [Plug Name]."

# 6. MAINTENANCE

---

To ensure the longevity and proper functioning of your smart plug, follow these simple maintenance guidelines:

- **Cleaning:** Always unplug the smart plug from the wall outlet before cleaning. Use a soft, dry cloth to wipe the exterior. Do not use abrasive cleaners, solvents, or immerse the device in water.
- **Storage:** If storing the device for an extended period, unplug it and keep it in a cool, dry place away from direct sunlight and extreme temperatures.
- **Inspection:** Periodically inspect the plug for any signs of damage, such as frayed wires or cracked casing. If damage is found, discontinue use immediately.

## 7. TROUBLESHOOTING

---

If you encounter issues with your Brookstone Smart Color Changing Plug, refer to the following common solutions:

- **Device Not Turning On/Off:**
  - Ensure the plug is securely inserted into a working wall outlet.
  - Check if the connected appliance is properly plugged into the smart plug and is functional.
  - Verify the smart plug has power (indicator light should be on).
- **Cannot Connect to Wi-Fi:**
  - Ensure your Wi-Fi network is 2.4GHz. This plug does not support 5GHz Wi-Fi.
  - Check your Wi-Fi password for accuracy.
  - Move the smart plug closer to your Wi-Fi router.
  - Restart your Wi-Fi router and try pairing again.
  - Perform a factory reset on the smart plug (refer to the Resetting the Device section below).
- **Color Changing Not Working:**
  - Ensure the plug is connected to the app and has a stable Wi-Fi connection.
  - Check the app for any specific settings or modes that might be preventing color changes.
- **Resetting the Device:** To perform a factory reset, press and hold the physical button on the smart plug for approximately 5-10 seconds until the indicator light begins to flash rapidly. This will clear all previous settings and put the device back into pairing mode.

## 8. SPECIFICATIONS

---

Feature	Specification
Model Number	B08B9RLNF8
GTIN/UPC	850008725036
Item Weight	4.4 ounces
Package Dimensions	5.94 x 4.06 x 2.24 inches
Batteries Required	No
Material	Copper
Connector Type	Plug in
Number of Wires	3
Plug Format	Type A

## 9. WARRANTY AND SUPPORT

---

For warranty information and customer support, please refer to the documentation included with your product packaging or visit the official Brookstone website. You can typically find details regarding product registration, warranty claims, and technical assistance there.
