HOMCOM Tall Narrow Bathroom Storage Cabinet Instruction Manual

Model: 834-202 | Brand: HOMCOM

1. Introduction

Thank you for choosing the HOMCOM Tall Narrow Bathroom Storage Cabinet. This freestanding linen cabinet is designed to provide ample storage in compact spaces, featuring two cabinets with louvered doors and adjustable shelving. Please read this manual thoroughly before assembly and use to ensure safe and proper operation.

2. Safety Information

WARNING: To prevent serious injury, this product must be securely attached to the wall using the anti-tipping device provided.

- Always use safety gear when assembling or modifying the cabinet.
- Do not exceed the maximum weight capacity: 132 lbs (total) and 22 lbs (per shelf).
- Ensure all connections are secure before use.
- Keep small parts away from children during assembly.

3. Parts List

Before beginning assembly, verify that all parts listed below are present and undamaged. If any parts are missing or damaged, please contact HOMCOM customer support.
(Detailed parts list with corresponding labels would typically be provided here, referring to an included diagram.)

4. Assembly Instructions

Assembly typically requires two people and a Phillips head screwdriver. Follow the step-by-step diagrams provided in your packaging. Be gentle when using power tools to avoid overtightening screws.

1. **Unpack and Identify:** Carefully unpack all components and lay them out on a clean, soft surface to prevent

scratches. Identify each part using the provided parts list.

2. **Assemble Frame:** Connect the side panels to the base and top panels using the designated hardware. Ensure all cam locks and dowels are properly aligned and secured.
3. **Install Shelves:** Insert shelf pins into the desired height holes. Place the adjustable shelves onto the pins. The upper cabinet features an adjustable shelf for flexible storage.
4. **Attach Back Panels:** Secure the back panels to the cabinet frame. Ensure they are properly aligned to maintain structural integrity.
5. **Mount Doors:** Attach the magnetic door locks and metal hinges to the cabinet frame and doors. Carefully align the louvered doors and secure them. Ensure doors close firmly with the magnetic closure.
6. **Install Handles:** Attach the silver-colored round handles to the doors.
7. **Secure Anti-Tipping Device:** Attach the anti-tipping hardware to the top rear of the cabinet and securely fasten it to a wall stud using appropriate wall anchors (not always included, but recommended for safety). This step is crucial for stability.

5. Operating and Usage

This versatile storage cabinet is designed for various uses throughout your home. Its compact and stylish design makes it ideal for tight spaces while providing significant storage.

- **Bathroom Storage:** Utilize the adjustable shelves to store toiletries, towels, cleaning supplies, and other bathroom essentials. The louvered doors allow for ventilation.
- **Multipurpose Use:** The cabinet can also be used in living rooms, entryways, or offices as a bookcase, pantry, or general storage unit for reading materials, souvenirs, photos, or kitchenware.
- **Countertop Space:** The flat surface in the middle section provides additional countertop space for frequently used items or decorative accents.

6. Maintenance

To ensure the longevity and appearance of your HOMCOM cabinet, follow these simple maintenance guidelines:

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that may damage the painted finish.
- **Spills:** Promptly wipe up any spills to prevent water damage, especially on the melamine-coated particleboard.
- **Hardware:** Periodically check all screws and fasteners to ensure they remain tight. Retighten if necessary.
- **Placement:** Avoid placing the cabinet in direct sunlight or near heat sources to prevent warping or discoloration.

7. Troubleshooting

If you encounter any issues with your cabinet, refer to the following common solutions:

- **Wobbly Cabinet:** Ensure the cabinet is placed on a flat, level surface. Check all assembly screws and tighten them. Verify the anti-tipping device is securely installed to the wall.
- **Doors Not Aligning:** Check the hinge adjustments. Most hinges allow for minor adjustments to align the doors. Ensure the cabinet frame is square.
- **Difficulty Closing Doors:** Check for any obstructions inside the cabinet or if the magnetic latch is misaligned. Adjust the magnetic latch if needed.
- **Chipped Edges/Finish:** While the cabinet is made of durable materials, minor chips can occur. For small chips, touch-up paint matching the cabinet color can be used.

For persistent issues or concerns not addressed here, please contact HOMCOM customer support.
