

G TALECO GEAR ETQQ-001

G TALECO GEAR Baby Swing with Stand Instruction Manual

Model: ETQQ-001

1. SAFETY INFORMATION

Please read and understand all instructions before assembly and use of this product. Failure to follow these instructions could result in serious injury or death.

- **Adult Supervision Required:** Never leave a child unattended in the swing.
- **Age and Weight Limits:** This swing is designed for infants aged 6 to 24 months. Do not exceed the maximum recommended weight for the swing.
- **Proper Assembly:** Ensure all parts are correctly assembled and securely fastened before each use. Regularly check for loose parts or damage.
- **Secure Placement:** Place the swing on a flat, stable surface. Ensure adequate clearance around the swing to prevent collisions.
- **Harness Use:** Always secure the child with the provided safety harness. Adjust straps snugly but comfortably.
- **Avoid Hazards:** Keep children away from the swing frame during operation. Do not allow children to stand in the swing.
- **Environmental Conditions:** When used outdoors, ensure the swing is protected from extreme weather conditions. Do not use during strong winds or storms.

2. PACKAGE CONTENTS

Verify that all components are present before beginning assembly:

- Swing Frame Components (metal tubes, connectors)
- Canvas Cushion Seat
- Wooden Support Bars
- Ropes with Hooks and Carabiners
- Pillow Insert
- Safety Harness
- Anti-slip Foot Pads

- Jumper Attachment (for 2-in-1 models)
- Assembly Hardware (screws, bolts)
- Instruction Manual

3. SETUP AND ASSEMBLY

Follow these steps to assemble your G TALECO GEAR Baby Swing with Stand. No special tools are required for basic assembly.

3.1 Frame Assembly

1. Unpack all frame components and lay them out.
2. Connect the main arch pieces, ensuring the locking pins snap into place.
3. Attach the side support bars to create the stable triangular structure.
4. Secure the anti-slip foot pads to the bottom of each leg.

Figure 2: Detailed Frame Features for Secure Assembly

3.2 Attaching the Swing Seat

1. Insert the wooden support bars into the designated sleeves on the canvas seat.
2. Attach the ropes to the wooden bars, ensuring they are evenly distributed and securely knotted.
3. Use the provided carabiners to hook the ropes onto the top bar of the assembled swing frame. Ensure the carabiners are fully closed and locked.
4. Place the pillow insert into the canvas seat for added comfort and support.

4. OPERATING INSTRUCTIONS

Ensure the swing is properly assembled and placed on a stable surface before placing your child in it.

4.1 Placing Your Child in the Swing

1. Gently place your child into the canvas seat.
2. Fasten the safety harness securely around your child. Adjust the straps to ensure a snug fit without being too tight.
3. Ensure your child's hands and feet are clear of any moving parts.

4.2 Swinging Motion

Gently push the swing to initiate a smooth, controlled swinging motion. Avoid excessive force or high swinging, as this can compromise stability and safety.

5. MAINTENANCE

Regular maintenance ensures the longevity and safety of your baby swing.

- **Cleaning the Fabric:** The canvas cushion seat is made of 100% cotton and is washable. Remove the seat and pillow, then hand wash or machine wash on a gentle cycle with mild detergent. Air dry thoroughly.
- **Cleaning the Frame:** Wipe the metal frame with a damp cloth and mild soap. Dry immediately to prevent rust. Avoid abrasive cleaners.
- **Wooden Components:** The natural beech wood components can be wiped clean with a damp cloth. Avoid prolonged exposure to moisture.
- **Regular Inspection:** Periodically check all nuts, bolts, and connections for tightness. Inspect ropes, carabiners, and fabric for any signs of wear, fraying, or damage. Replace any damaged parts

immediately.

6. TROUBLESHOOTING

- **Squeaking Noise:** If the swing produces a squeaking noise, check all connection points on the frame and the hooks. Apply a small amount of silicone-based lubricant to the moving metal parts if necessary.
- **Swing Appears Crooked:** Ensure the ropes are adjusted to equal lengths and are securely

attached to both the wooden bars and the frame's carabiners. Re-adjust if needed.

- **Instability:** Verify that the frame is fully extended and all locking pins are engaged. Ensure the anti-slip foot pads are making full contact with the floor. The swing should be on a flat, level surface.

7. SPECIFICATIONS

Feature	Detail
Brand	G TALECO GEAR
Model Number	ETQQ-001
Color	Black
Product Dimensions	37.01"D x 61.02"W x 61.02"H
