## Lisciani 83879

# Lisciani I'm a Genius Lab Experience in the Dark Educational Game

Model: 83879 - Instruction Manual

## 1. INTRODUCTION

---

The Lisciani I'm a Genius Lab Experience in the Dark Educational Game, Model 83879, offers an engaging way to explore the scientific principles of luminosity and phosphorescence. This kit allows users to conduct various experiments that reveal the fascinating properties of light in dark environments. Designed for children aged 8 and up, it provides a hands-on learning experience with a range of materials for creative scientific discovery.

## 2. SAFETY INFORMATION

---

Please read and understand all safety instructions before using this product. Adult supervision is recommended for all experiments.

- **Choking Hazard:** This kit contains small parts. Not suitable for children under 3 years.
- **Chemical Safety:** The kit includes various substances. Do not ingest any materials. Avoid contact with eyes and mouth. Wash hands thoroughly before and after handling chemicals.
- **Allergies:** If you have known allergies to specific materials, review the component list carefully.
- **Disposal:** Dispose of all experimental waste and packaging materials responsibly according to local regulations.
- **Ventilation:** Conduct experiments in a well-ventilated area.

## 3. PACKAGE CONTENTS

---

Verify that all components listed below are present in your kit:

- Fluorescent pigments
- Glow-in-the-dark chalk
- Liquid pigments
- Crystals
- Ball shape mold

- Protective gloves
- Slime powder
- Glow-in-the-dark pen
- Illustrated manual (English language)
- Super Puzzle (Glow in the Dark)
- Other accessories for experiments (e.g., small containers, stirring sticks)

## 4. SETUP

The Lisciani I'm a Genius Lab Experience in the Dark kit requires minimal setup. Ensure you have a clean, flat workspace, preferably in a room where you can easily control the lighting conditions to achieve complete darkness.

1. **Unpack Components:** Carefully remove all items from the packaging.
2. **Read Manual:** Familiarize yourself with the included illustrated manual for specific experiment instructions.
3. **Prepare Workspace:** Lay down protective covering if necessary, especially when working with liquids or powders.
4. **Puzzle Assembly (Optional):** The kit includes a Super Puzzle that glows in the dark. Assemble this puzzle according to the instructions provided in the manual. This can be used as a glowing backdrop or a separate activity.

## 5. OPERATING INSTRUCTIONS (EXPERIMENTS)

This kit allows for a variety of experiments focusing on luminosity and phosphorescence. Always wear the provided gloves when handling chemicals.

### General Experiment Procedure:

1. **Read Instructions:** Consult the detailed instructions for each specific experiment in the included manual.
2. **Gather Materials:** Collect all necessary components for the chosen experiment.
3. **Perform Experiment:** Follow the steps carefully. Many experiments will require charging the luminous materials under a light source (e.g., sunlight or a strong lamp) for several minutes before observing them in complete darkness.
4. **Observe and Record:** Note your observations. What glows? How long does it glow? What colors do you see?

## Examples of Experiments:

- **Glow-in-the-Dark Slime:** Mix the slime powder with water and fluorescent pigments to create luminous slime.
- **Luminous Drawings:** Use the glow-in-the-dark pen and chalk to create drawings that become visible in the dark.
- **Bouncing Glow Balls:** Utilize the ball shape mold and luminous materials to create glowing bouncing balls.
- **Crystal Growth:** Grow crystals and observe their properties, potentially incorporating luminous elements.

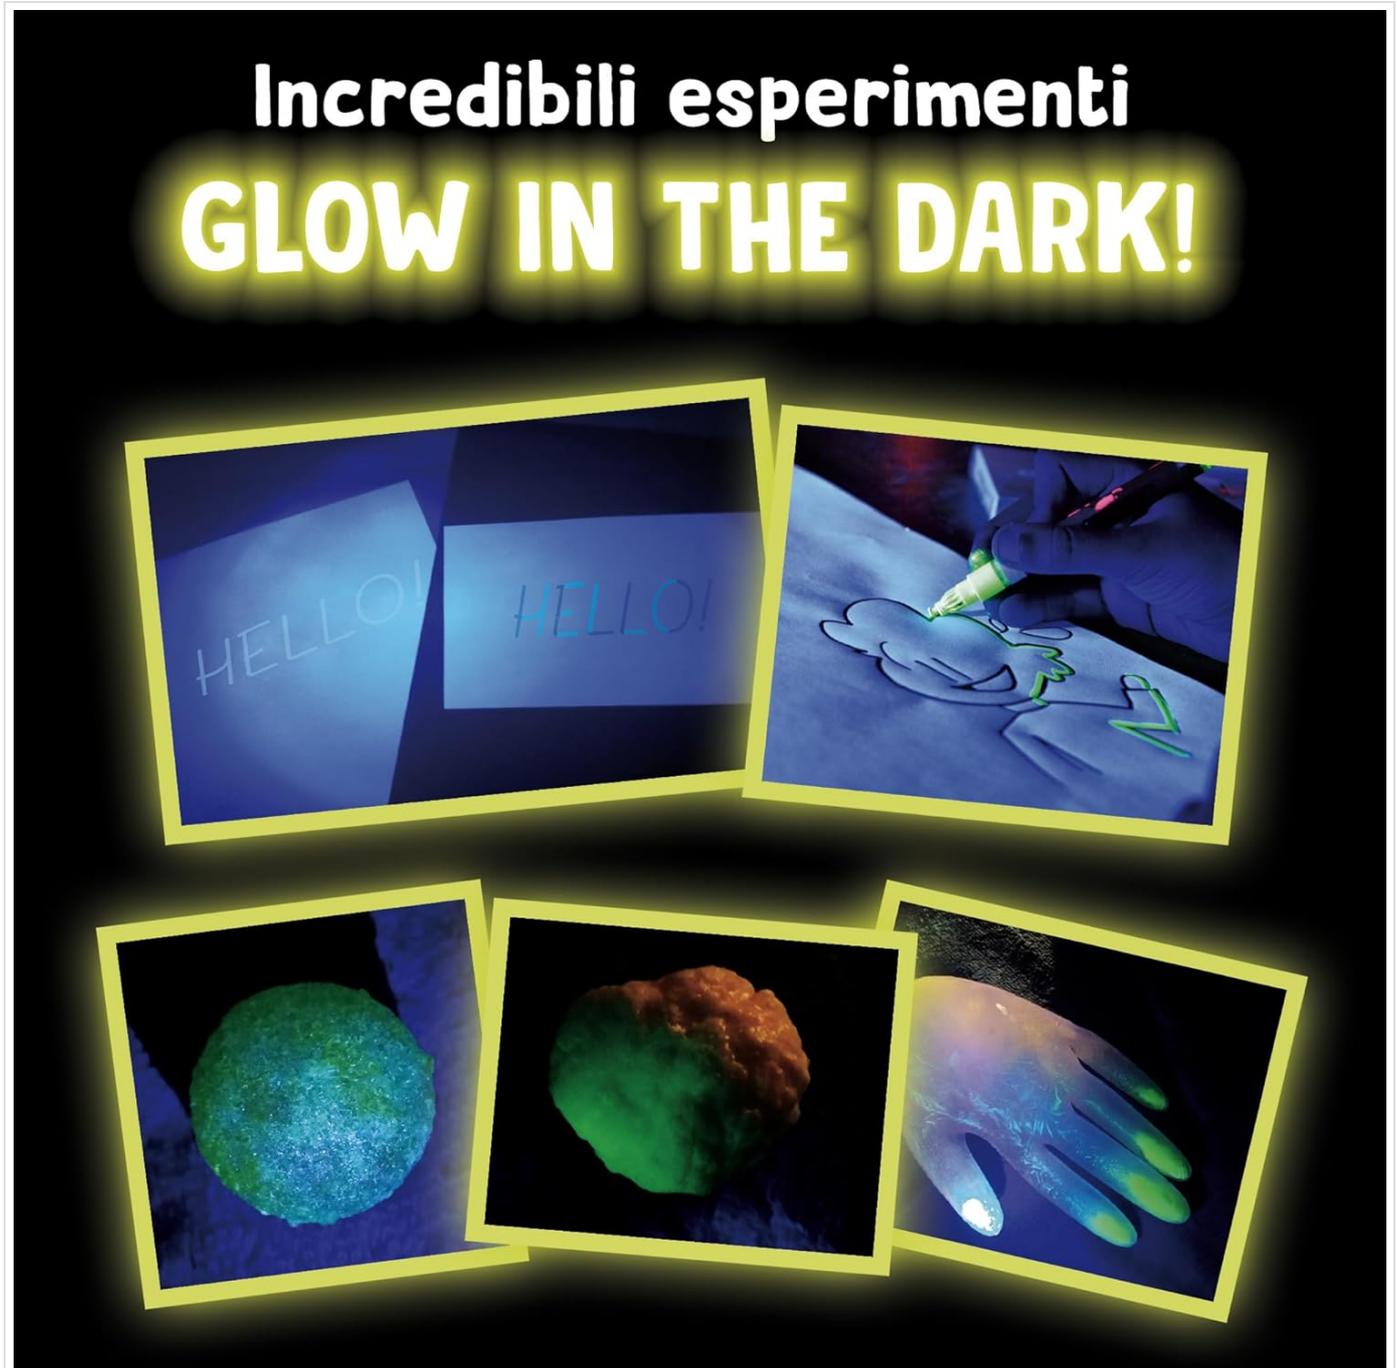

Image 3: Various examples of glow-in-the-dark experiments, including luminous writing and glowing objects, demonstrating the kit's capabilities.

## 6. MAINTENANCE

---

Proper care and maintenance will extend the life of your educational game kit.

- **Cleaning:** Clean all reusable components with water and mild soap after each use. Ensure they are completely dry before storage.

- **Storage:** Store all components in their original packaging or a suitable container in a cool, dry place, away from direct sunlight.
- **Chemicals:** Keep all chemical substances sealed when not in use to prevent drying out or contamination.

## 7. TROUBLESHOOTING

---

If you encounter issues while using the kit, consider the following common solutions:

- **Materials Not Glowing:** Ensure the luminous materials have been sufficiently charged under a bright light source (e.g., sunlight or a strong lamp) for several minutes before observing in complete darkness.
- **Slime Consistency Issues:** Follow the water-to-powder ratio precisely as indicated in the manual. Adjust small amounts of water if the slime is too sticky or too dry.
- **Difficulty Understanding Instructions:** Refer to the illustrated manual. If further clarification is needed, seek assistance from an adult or consult online resources for similar science kits.

## 8. SPECIFICATIONS

---

<b>Model Number</b>	83879
<b>Brand</b>	Lisciani
<b>Educational Objective</b>	Observation Skills
<b>Material Type(s)</b>	Plastic
<b>Color</b>	Multicoloured
<b>Product Dimensions (LxWxH)</b>	38.8 x 7.85 x 28.5 cm
<b>Item Weight</b>	410 g
<b>Batteries Required</b>	Yes (for certain components, if applicable, refer to manual)
<b>Manufacturer Recommended Age</b>	8 years and up
<b>Manufacturer</b>	LiscianiGiochi

## 9. WARRANTY INFORMATION

---

Specific warranty details for the Lisciani I'm a Genius Lab Experience in the Dark Educational Game are not provided in this manual. For information regarding product warranty, please refer to the manufacturer's official website or contact their customer support directly. Keep your proof of purchase for any warranty claims.

## 10. CUSTOMER SUPPORT

---

For further assistance, questions, or to report any issues with your Lisciani I'm a Genius Lab Experience in the Dark Educational Game, please contact LiscianiGiochi customer support. Contact details can typically be found on the product packaging or the official Lisciani website.
