Anten KALO

Anten KALO 25W Dimmable RGB LED Floor Lamp User Manual

Model: KALO

1. Introduction

Thank you for choosing the Anten KALO 25W Dimmable RGB LED Floor Lamp. This modern floor lamp offers advanced lighting solutions with smart control capabilities. It features adjustable brightness, a wide range of color temperatures (2700K-6500K), and 16 million RGB colors to create the perfect ambiance for any setting. With 2.4 GHz Wi-Fi technology, it integrates seamlessly with the Smart Life app, Amazon Alexa, and Google Home for convenient remote and voice control. The lamp also includes a practical USB charging port and an adjustable lamp head for optimal illumination.

2. Safety Information

- Read all instructions carefully before assembly and use.
- Ensure the power supply is disconnected before installation or maintenance.
- This product is for indoor use only. Do not expose to water or high humidity.
- Do not attempt to disassemble or modify the lamp. This may void the warranty and pose a safety risk.
- Keep the lamp away from heat sources and direct sunlight.
- Use only the provided power adapter or one with equivalent specifications.
- If any damage is observed, discontinue use immediately and contact customer support.

3. Package Contents

Please check the package for the following items:

- 1 x Anten KALO 25W LED Floor Lamp (Black)
- 1 x User Manual

4. Setup and Installation

Follow these steps to set up your Anten KALO LED Floor Lamp:

1. **Assembly:** Carefully unpack all components. Assemble the lamp pole sections by screwing them together. Attach the base to the bottom pole section and the lamp head to the top pole section. Ensure all connections are secure.
2. **Power Connection:** Plug the power adapter into a suitable wall outlet. Connect the other end to the lamp's power input.
3. **Download Smart Life App:** Scan the QR code in the manual (if provided) or search for 'Smart Life' in your mobile device's app store (iOS or Android). Download and install the app.
4. **Register/Login:** Open the Smart Life app and register a new account or log in if you already have one.
5. **Add Device:** In the Smart Life app, tap '+' to add a new device. Select 'Lighting' > 'Light Source (Wi-Fi)'. Follow the in-app instructions to connect the lamp to your 2.4 GHz Wi-Fi network. You may need to put the lamp into pairing mode (often by cycling power 3 times until it flashes).
6. **Voice Assistant Integration (Optional):** Once connected to the Smart Life app, you can link it to Amazon Alexa or Google Home. Refer to the respective voice assistant app for detailed instructions on linking third-party smart home devices.

5. Operating Instructions

5.1 Smart Life App Control

The Smart Life app provides full control over your Anten KALO lamp:

- **Power On/Off:** Toggle the lamp's power.
- **Brightness Adjustment:** Adjust the light intensity from 5% to 100%.
- **Color Temperature:** Select color temperatures from warm white (2700K) to cool white (6500K).
- **RGB Color Selection:** Choose from 16 million colors to create custom lighting effects.
- **Scene Modes:** Utilize pre-set scenes or create your own for different moods and activities.
- **Scheduling:** Set timers and schedules for the lamp to turn on/off automatically.

Image 5.1: The lamp offers adjustable color temperature and brightness levels via the app.

5.2 Voice Control (Alexa/Google Home)

After linking your Smart Life account to Amazon Alexa or Google Home, you can control the lamp using voice

commands:

- "Alexa, turn on the floor lamp."
- "Hey Google, set the floor lamp to warm white."
- "Alexa, dim the floor lamp to 50 percent."
- "Hey Google, change the floor lamp to blue."

5.3 Manual Control and USB Port

The lamp features a touch switch on the pole for basic control and a USB charging port:

- **Power Button:** Press to turn the lamp on or off.
- **Mode Button:** Cycle through different lighting modes or color temperatures.
- **USB Charging Port:** Located below the touch switch, this 5V/1A port allows you to conveniently charge mobile phones, desk lamps, or other electronic devices.

Image 5.3: Detail of the lamp's control buttons and integrated USB charging port.

5.4 Adjustable Lamp Head

The lamp head can be rotated up to 30 degrees, allowing you to direct the light precisely where needed, enhancing its versatility for various tasks or ambient lighting.

6. Maintenance

- **Cleaning:** Ensure the lamp is unplugged before cleaning. Use a soft, dry cloth to wipe the lamp's surface. Do not use abrasive cleaners or solvents.
- **Bulb Replacement:** The LED light source is integrated and not user-replaceable.
- **Storage:** If storing the lamp for an extended period, disconnect it from power and store it in a dry, cool place.

7. Troubleshooting

- **Lamp does not turn on:**

- Check if the power adapter is securely plugged into both the lamp and the wall outlet.
- Ensure the wall outlet is functioning correctly.
- Verify the lamp's power button is pressed.

- **Cannot connect to Wi-Fi/Smart Life App:**
  - Ensure your Wi-Fi network is 2.4 GHz. The lamp does not support 5 GHz Wi-Fi.
  - Check your Wi-Fi password.
  - Make sure the lamp is in pairing mode (often indicated by flashing light). If not, power cycle the lamp (turn off/on) three times to enter pairing mode.
  - Ensure your mobile device is connected to the same 2.4 GHz Wi-Fi network during setup.
  - Move the lamp closer to your Wi-Fi router.

- **Voice control not working:**
  - Confirm the lamp is successfully connected to the Smart Life app.
  - Verify that your Smart Life account is correctly linked to Amazon Alexa or Google Home.
  - Check your internet connection.
  - Ensure you are using the correct voice commands.

- **USB charging port not working:**
  - Ensure the lamp is powered on.
  - Check the charging cable and the device being charged.
