## Diffuserlove 2368

# Diffuserlove 300ML Essential Oil Diffuser

## INSTRUCTION MANUAL

### 1. Introduction

Thank you for purchasing the Diffuserlove 300ML Essential Oil Diffuser. This device combines the benefits of an aromatherapy diffuser, cool mist humidifier, and a night light, designed to enhance your home, office, bedroom, yoga studios, or SPA environment. With its remote control and 7-color LED lights, it offers a customizable and soothing experience. Please read this manual carefully before use to ensure proper operation and maintenance.

### 2. Safety Information

#### Important Safeguards:

- Avoid direct skin contact with undiluted essential oils.
- Keep out of reach of children and pets.
- Ensure proper ventilation during use.
- Do not exceed the maximum water fill line.
- Always unplug the diffuser before cleaning or refilling.
- Do not place the diffuser on unstable surfaces.
- Do not immerse the unit in water or other liquids.
- Use only the provided power adapter.

### 3. Package Contents

- 1 x Aroma Diffuser
- 1 x AC Adapter
- 1 x Remote Control
- 1 x User Manual (this document)

### 4. Product Overview

Familiarize yourself with the components of your Diffuserlove Essential Oil Diffuser.

Figure 4.1: Diffuserlove 300ML Essential Oil Diffuser with included remote control.

### **LIGHT Button:**

★Press the light button to adjust the LED lights.

### **MIST Button:**

★Press mist button to change mist setting

Figure 4.2: Product dimensions: 6.5 inches height, 4.5 inches width.

The diffuser consists of a base unit with control buttons (Mist/Timer and Light) and a removable top cover. The water tank is located inside the base unit. A remote control is provided for convenient operation from a distance.

## **5. Setup**

Follow these steps to set up your diffuser for the first time:

1. **Connect Power:** Plug the AC adapter into the diffuser's power input port, then plug the adapter into a wall outlet.

# Operation Guide

Figure 5.1: Illustration of plugging in the power cord.

2. **Remove Lid:** Twist and gently lift the top cover to remove it, exposing the water tank.

# Operation Guide

Figure 5.2: Illustration of removing the diffuser lid.

3. **Fill Water Tank:** Fill the water tank with clean tap water up to the maximum fill line (300ML capacity). Do not overfill.

# Operation Guide

Figure 5.3: Illustration of filling the water tank with water and adding essential oils.

4. **Add Essential Oils:** Add 3-5 drops of your preferred essential oil directly into the water tank. Adjust the amount based on your preference and the oil's strength.
5. **Replace Lid:** Carefully place the top cover back onto the base unit, ensuring it is properly aligned and seated.

## 6. Operating Instructions

Your diffuser can be operated using the buttons on the unit or the included remote control.

### 6.1. Mist/Timer Button (on unit and remote)

- Press once for continuous mist.
- Press again to cycle through timer settings (e.g., 1H, 3H, 6H, ON).
- Hold the button to turn off the mist.

The diffuser features an auto shut-off function that activates when the water runs out, ensuring safety and energy saving.

### 6.2. Light Button (on unit and remote)

- Press once to turn on the LED light, which will cycle through 7 different colors.
- Press again to freeze the light on your desired color.

- Hold the button to turn off the light.

Figure 6.1: The diffuser offers 7 different LED light colors to create various atmospheres.

### 6.3. Remote Control Operation

The remote control allows you to conveniently adjust settings from a distance. Buttons on the remote mirror the functions on the unit:

- **ON/OFF:** Turns the diffuser on or off.
- **Intermittent/Continuous:** Toggles between mist modes.
- **Timing:** Sets the operating timer (e.g., 1H, 3H, 6H).
- **Big/Small:** Adjusts mist output intensity.
- **Light:** Controls the LED light settings (on/off, color cycle, fixed color).

Figure 6.2: The diffuser and its remote control for convenient operation.

## 7. Maintenance

Regular cleaning ensures optimal performance and extends the lifespan of your diffuser.

- Empty Water:** Before cleaning, unplug the diffuser and empty any remaining water from the tank.
- Wipe Clean:** Wipe the inside of the water tank and the ultrasonic disc with a soft, damp cloth. For stubborn residue, use a cotton swab dipped in white vinegar to gently clean the ultrasonic disc.
- Rinse (Optional):** You may rinse the water tank with clean water, but avoid getting water into the air outlet or control buttons.
- Dry Thoroughly:** Allow all parts to air dry completely before reassembling or storing the diffuser.
- Frequency:** Clean the diffuser after every 5-6 uses or every 3-5 days, especially if using strong essential oils.

## 8. Troubleshooting

Problem	Possible Cause	Solution
No mist or low mist output.	Insufficient water; water level too high; ultrasonic disc dirty; unit not plugged in.	Add water to the appropriate level; clean the ultrasonic disc; ensure power connection.
Diffuser does not turn on.	No power; unit not properly assembled; auto shut-off activated.	Check power connection; ensure lid is correctly placed; refill water if empty.
Light not working.	Light function not activated; unit off.	Press the Light button; ensure the diffuser is powered on.
Remote control not working.	Battery depleted; remote out of range; obstruction.	Replace remote battery; ensure clear line of sight to diffuser; operate within range.
Unusual noise.	Water level too low; foreign object in water tank.	Add water; check and remove any foreign objects.

## 9. Specifications

**Brand:** Diffuserlove

**Model Name:** aromatherapy diffuser

**Item Model Number:** 2368

**Capacity:** 300 Milliliters

**Runtime:** 8 hours

**Power Source:** Corded Electric

**Wattage:** 13 watts
