

Arctic Fox FEXUTBBLKWZ120020

Arctic Fox UV Sanitizer Foldable Bag (Model FEXUTBBLKWZ120020) Instruction Manual

Model: FEXUTBBLKWZ120020

1. INTRODUCTION

The Arctic Fox UV Sanitizer Foldable Bag is designed to sanitize various items using UV-C light technology. This compact and portable device helps eliminate 99.9% of germs, viruses, and bacteria from exposed surfaces of mobile phones, clothes, accessories, and other suitable items. This manual provides essential information for the safe and effective use of your UV sanitizer bag.

2. SAFETY PRECAUTIONS

WARNING: UV-C light can be harmful to eyes and skin. Always follow these safety guidelines.

- **Always keep the bag closed during operation.** Never open the bag while the UV-C lamps are active.
- **Avoid direct exposure to UV-C light.** Do not look directly at the UV-C bulbs when they are on.
- **Keep out of reach of children.** This device is not a toy.
- **Do not immerse the bag in water or any liquid.** This can cause electric shock or damage the device.
- **Do not sanitize living organisms.** This device is for inanimate objects only.
- **Ensure proper ventilation.** While UV-C sanitization does not produce ozone in this device, good ventilation is always recommended.

APPLICATIONS

HOMES & APARTMENTS

RETAIL STORES

HOSPITALS

AIRPORTS

HOTELS AND RESTAURANTS

PRODUCTS

3. PRODUCT OVERVIEW

The Arctic Fox UV Sanitizer Foldable Bag features a compact, lightweight, and portable design. It includes two UV-C 4W bulbs and a high-quality reflector to ensure 360-degree distribution of UV-C light, eliminating germs, viruses, and bacteria on exposed surfaces.

3.1 Items Suitable for Sanitization

This UV sanitizer bag is suitable for a wide range of personal and household items.

Image: The UV sanitizer bag shown with examples of items that can be sanitized, including electronics (mobile phones, laptops), personal accessories (wallets, watches, keys), clothing, shoes, and protective gear (masks, gloves).

3.2 Items Not Suitable for Sanitization

Do not place food items, liquids, or living organisms inside the bag for sanitization.

Safe bulb Protection

Image: The UV sanitizer bag displayed with examples of items that should NOT be sanitized, such as various food products (milk, bread, fruits, vegetables, snacks) and beverages.

4. SETUP AND UNFOLDING

The UV sanitizer bag is designed to be foldable for easy storage and portability. Follow these steps to unfold and prepare the bag for use:

1. **Expand the folded unit:** Gently pull the sides of the collapsed bag to expand its main structure.
2. **Unfold all three flaps:** Locate the three internal flaps and unfold them outwards to form the rigid walls of the bag.
3. **Ensure reflector visibility:** Verify that the reflective interior material is visible from all sides, ensuring maximum UV-C light distribution.
4. **Place items inside:** Once fully unfolded, the bag is ready to receive items for sanitization.

FOLDABLE | COMPACT | LIGHT WEIGHT

5. OPERATING INSTRUCTIONS

The Arctic Fox UV Sanitizer Bag features a digital timer for precise operation. Follow these steps to sanitize your items:

1. **Place items inside:** Open the bag and carefully place the items you wish to sanitize inside. Ensure items are not overlapping excessively to allow UV-C light to reach all exposed surfaces.
2. **Close the bag securely:** Zip up the bag completely to ensure no UV-C light escapes and to activate the safety switch.
3. **Set the timer:** Use the digital switches to set the desired sanitization time. The recommended times are:
 - For dry surfaces: **2-3 minutes**
 - For wet surfaces: Up to **10 minutes**
4. **Start sanitization:** Press the start button. The digital display will show the elapsed time.
5. **Wait for completion:** The device will automatically turn off after the set time.
6. **Remove items:** Once the cycle is complete and the UV-C lights are off, open the bag and carefully remove your sanitized items.

The high-quality reflector inside the bag ensures that UV-C light is distributed effectively to all exposed surfaces, providing thorough sanitization.

6. MAINTENANCE

- **Cleaning:** Disconnect the power before cleaning. Wipe the exterior of the bag with a soft, damp cloth. Do not use abrasive cleaners or immerse the bag in water.
- **Bulb Replacement:** The UV-C bulbs have a limited lifespan. If the bulbs stop illuminating, they may need replacement. Contact customer support for assistance with bulb replacement.
- **Storage:** When not in use, fold the bag as instructed in the setup section and store it in a cool, dry place away from direct sunlight.

7. TROUBLESHOOTING

- **Device not turning on:**
 - Ensure the power adapter is securely plugged into both the bag and a working power outlet.
 - Check if the bag is fully zipped. The safety mechanism prevents operation if the bag is open.
- **UV-C bulbs not illuminating:**
 - Confirm the device is powered on and the timer is set.
 - The bulbs may have reached the end of their lifespan. Contact customer support for replacement.
- **Sanitization effectiveness concerns:**
 - Ensure items are not excessively stacked or overlapping, allowing UV-C light to reach all surfaces.
 - Verify that the recommended sanitization times are being followed (2-3 minutes for dry, up to 10 minutes for wet surfaces).

8. SPECIFICATIONS

Feature	Detail
Brand	Arctic Fox
Model Number	FEXUTBBLKWZ120020
Item Weight	2 kg
Product Dimensions (LxWxH)	30 x 30 x 30 cm
Voltage	4 Volts
Wattage (Output)	8 Watts
UV-C Bulbs	Two 4W Bulbs

Decontamination Time Frame	60 seconds to 120 seconds (Dry surfaces), up to 10 minutes (Wet surfaces)
Included Components	UV-C Bag
