SETUP INSTRUCTIONS

The Lionelo Flower Travel Bed Playpen features a quick folding and unfolding system. No complex assembly is required.

Unfolding the Playpen:

1. Remove the playpen from its travel bag.
2. Stand the folded playpen upright. Ensure the central locking mechanism at the bottom is not engaged.
3. Pull the two shorter sides of the playpen upwards until they lock into place. You should hear an audible "click".
4. Repeat this process for the two longer sides, pulling them upwards until they also lock securely.
5. Push down the central locking mechanism at the bottom of the playpen until it is fully flat and locked. This will make the base rigid.
6. Place the mattress inside the playpen. For the higher mattress level (for infants), attach it securely to the designated hooks or clips. For the lower level (for toddlers/playpen use), simply place it on the base.

Attaching the Changing Table and Toy Arch:

1. To attach the changing table, align its clips with the top rails of the playpen and press down firmly until it clicks into place. Ensure it is stable before use.
2. The organizer can be attached to the side of the changing table or playpen using its integrated hooks.
3. Attach the toy arch by inserting its ends into the designated slots on the top rails of the playpen. Ensure it is securely fastened and the toys hang freely.

OPERATING INSTRUCTIONS

Using as a Travel Bed:

The Lionelo Flower offers two mattress levels. The higher level is ideal for newborns and infants, allowing easier access for parents. As your child grows and becomes more mobile, lower the mattress to the bottom level to prevent them from climbing out.

- Always ensure the mattress is flat and securely positioned.
- The airy mesh sides provide excellent air circulation and allow you to keep an eye on your child.

Using as a Playpen:

For playpen use, ensure the mattress is on the lower level. The sturdy construction provides a safe and enclosed space for your child to play.

- The side entrance with a zipper allows older children to enter and exit independently. Ensure the zipper is fully closed when the child is inside and unsupervised.

Using the Changing Table:

The secure changing table can be easily attached to the top of the playpen. Always use the safety straps if available and never leave your child unattended on the changing table.

- The integrated organizer provides convenient storage for diapers, wipes, and other essentials.

Mobility:

The playpen is equipped with wheels for easy movement. Engage the wheel locks when the playpen is in a desired position to prevent accidental rolling.

FOLDING AND STORAGE

The Lionelo Flower is designed for compact folding, making it ideal for travel and storage.

1. Remove the changing table, toy arch, and mattress from the playpen.
2. Pull the central locking mechanism at the bottom of the playpen upwards to disengage the base.
3. Locate the release buttons on the middle of each top rail (usually on the underside or side). Press these buttons and gently push the rails downwards to unlock and fold them. Start with the longer sides, then the shorter sides.
4. Once all four rails are folded, gather the sides towards the center, collapsing the playpen into its compact form.
5. Wrap the mattress around the folded playpen and secure it if possible.
6. Place the folded playpen and accessories into the provided travel bag.

MAINTENANCE AND CARE

Proper maintenance will extend the life of your Lionelo Flower Travel Bed Playpen.

- **Cleaning:** Wipe all fabric and plastic surfaces with a damp cloth and mild soap. Do not use abrasive cleaners or bleach. Allow to air dry completely before folding or storing.
- **Storage:** Store the playpen in its travel bag in a dry, cool place, away from direct sunlight and extreme temperatures.
- **Inspection:** Regularly inspect the playpen for any signs of wear, damage, or loose parts. Check all locking mechanisms, zippers, and fabric for integrity. Discontinue use if any damage is found.

TROUBLESHOOTING

If you encounter issues with your Lionelo Flower Travel Bed Playpen, refer to the following common solutions:

- **Playpen will not unfold/sides won't lock:** Ensure the central locking mechanism at the bottom is not pushed down. The side rails must lock into place *before* the center is pushed down. Lift the center slightly, lock the sides, then push the center down firmly.
- **Playpen will not fold:** Ensure the central locking mechanism at the bottom is pulled up first. Then, locate and press the release buttons on the middle of each top rail to unlock them before attempting to fold.
- **Changing table feels unstable:** Verify that all clips are fully engaged with the playpen rails. Remove and reattach if necessary, ensuring a firm click.
- **Wheels not rolling smoothly:** Check for any debris or hair caught in the wheel mechanisms. Clean as necessary.

Ensure wheel locks are disengaged.

If the problem persists, please contact Lionelo customer support for assistance.
