2. SAFETY INFORMATION

Please read and understand all safety precautions before installation and use. Failure to do so may result in injury or damage to the product.

- **Small Parts:** This kit contains small parts which may pose a choking hazard. Keep out of reach of small children.
- **Electrical Components:** Handle all electrical components with care. Do not expose wires or connectors to water or excessive moisture.
- **Power Source:** Use only a compatible 5V USB power source. Do not use power sources with higher voltage.
- **Wire Management:** Ensure all wires are properly routed and secured to prevent pinching, fraying, or accidental disconnection.

- **Heat:** While LED lights generate minimal heat, ensure proper ventilation around the model.

3. PACKAGE CONTENTS

Before beginning installation, please verify that all the following components are present in your package:

- LED Light Strings (various colors and sizes)
- Connecting Cables
- USB Power Cable
- Battery Box (optional, depending on kit version)
- Adhesive Squares/Bricks for attachment
- User Manual (simple guide, detailed PDF instructions available online)

**Please note: This product
only contains the following items
and installation instruction,
not LEGO set!
Lighting Kit**

4. SETUP AND INSTALLATION

The detailed, step-by-step installation guide is provided in a downloadable PDF format, accessible via instructions included in your product packaging. This section offers general guidance to assist with the process.

General Installation Steps:

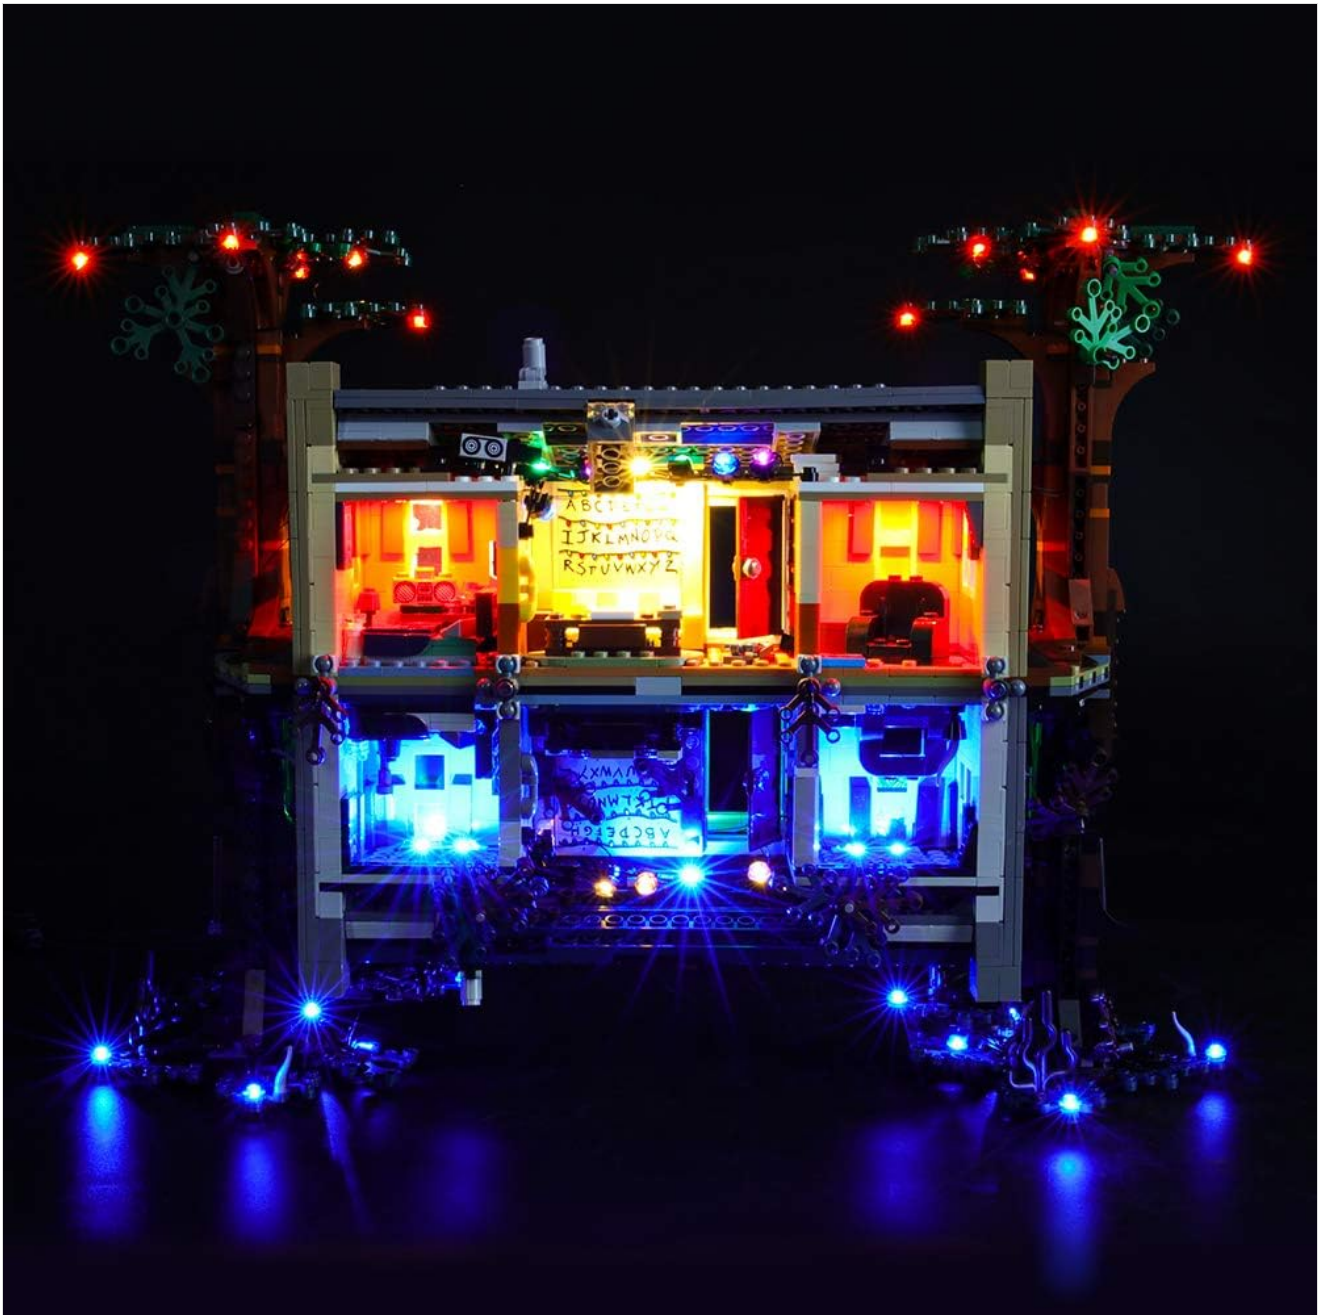

1. **Prepare Your Model:** It is recommended to complete the LEGO 75810 model assembly first, then install the lighting kit.
2. **Identify Connection Points:** Refer to the detailed PDF instructions to locate specific points on your model where lights and wires should be placed.
3. **Route Wires Carefully:** Gently route the thin wires between LEGO bricks and through designated channels to conceal them as much as possible. Avoid sharp bends or excessive pulling.
4. **Connect Components:** Attach the LED light strings and connecting cables according to the diagram in the PDF. Ensure secure connections.
5. **Connect Power Source:** Once all lights are installed, connect the USB power cable to the main hub and then to a 5V USB power source.

5. OPERATING INSTRUCTIONS

The GEAMENT Light Kit is designed for simple operation:

- **Powering On:** Connect the USB power cable from the light kit to a compatible 5V USB power source (e.g., a USB wall adapter, power bank, or computer USB port). The lights will automatically illuminate.
- **Powering Off:** Disconnect the USB power cable from the power source to turn off the lights.
- **Light Modes:** This specific kit provides static illumination. No additional light modes are available.

6. MAINTENANCE

To ensure the longevity and optimal performance of your light kit, follow these maintenance guidelines:

- **Dusting:** Regularly dust your illuminated model with a soft, dry brush or cloth to prevent dust buildup on the lights and wires.
- **Gentle Handling:** Always handle the model and light kit components gently to avoid damaging the delicate wires and LEDs.
- **Wire Inspection:** Periodically inspect all wires for any signs of wear, fraying, or damage. If damage is found, discontinue use and contact support.
- **Storage:** If storing the model for an extended period, ensure the light kit is disconnected from power. Store in a cool, dry place away from direct sunlight.

7. TROUBLESHOOTING

If you encounter any issues with your GEAMENT Light Kit, please refer to the following table for common problems and solutions:

Problem	Possible Cause	Solution
Lights are not turning on.	No power, loose connection, faulty component.	Ensure USB cable is securely connected to a working 5V power source. Check all wire connections for tightness. If problem persists, contact customer support.
Some lights are flickering or dim.	Loose connection, insufficient power, damaged wire.	Check specific light connections. Try a different 5V USB power source. Inspect wires for damage.
Lights are not the correct color.	Incorrect installation, specific light placement.	Refer to the detailed PDF instructions to ensure lights are installed in their designated locations.

8. PRODUCT SPECIFICATIONS

- **Brand:** GEAMENT
- **Model Number:** 75810C
- **Compatible Model:** LEGO 75810 Building Blocks Model
- **Material:** Plastic
- **Light Source Type:** Light Emitting Diode (LED)
- **Power Source:** Battery Powered (Batteries not included) / USB Connectivity
- **Voltage:** 5 Volts
