6. MAINTENANCE

6.1 Cleaning

To clean the desk surface, wipe it with a damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these can damage the thermally fused laminate finish. Dry immediately with a soft, clean cloth.

6.2 Surface Protection

The thermally fused laminate finish is designed to resist scratches and stains. However, to maintain its appearance, avoid placing hot items directly on the surface without protection, and use coasters for beverages. Promptly wipe up any spills.
