Transformers Studio Series 69 Devastator 8-Pack Instruction Manual

Model: E7301

1. PRODUCT OVERVIEW

The Transformers Studio Series 69 Devastator 8-pack brings together all eight Constructicon figures, allowing fans to recreate the iconic Pyramid Desert Battle scene from *Transformers: Revenge of the Fallen*. These figures convert between individual robot and construction vehicle modes and can combine to form the massive 14-inch Devastator figure.

Key Features:

- **UNLEASH THE POWER OF DEVASTATOR:** This pack includes all 8 collectible Constructicon figures that convert and combine into one large Devastator figure!
- **8 FIGURES IN 1 PACK:** Includes Constructicon Skipjack, Constructicon Long Haul, Constructicon Scrapper, Constructicon Overload, Constructicon Mixmaster, Constructicon Scavenger, Constructicon Hightower, and Constructicon Scrapmetal figures. Pack also includes 3 accessories.
- **BIG SCREEN INSPIRED:** Figure scale reflects the character's size in the world of Transformers: Revenge of the Fallen. Figures and packaging are inspired by the iconic Pyramid Desert Battle.
- **ICONIC MODES:** 8 figures combine to form the Devastator figure in 11 steps. Figures also convert between robot and construction vehicle modes. Perfect for fans looking for a more advanced converting figure. For kids and adults ages 8 and up.
- **REMOVABLE BACKDROP:** Fans can use the extra-large removable backdrop to pose and display the immense Devastator figure in the Pyramid Desert Battle scene with their own style.

3. SETUP AND TRANSFORMATION

The Constructicon figures can be transformed between their individual robot modes and vehicle modes, and then combined to form the Devastator figure. The combination process involves 11 steps. Please refer to the included instruction manual for detailed, step-by-step guidance for each figure's transformation and the final combination.

Individual Figure Transformation:

Each of the 8 Constructicon figures can convert between its robot and construction vehicle mode. Familiarize yourself with each figure's unique transformation sequence before attempting the combined Devastator form.

- **Constructicon Skipjack:** Converts between robot and bulldozer mode.
- **Constructicon Long Haul:** Converts between robot and dump truck mode.
- **Constructicon Scrapper:** Converts between robot and front-end loader mode.
- **Constructicon Overload:** Converts between robot and articulated dump truck mode.
- **Constructicon Mixmaster:** Converts between robot and cement mixer mode.
- **Constructicon Scavenger:** Converts between robot and excavator mode.
- **Constructicon Hightower:** Converts between robot and crane mode.
- **Constructicon Scrapmetal:** Converts between robot and excavator mode.

5. MAINTENANCE

To ensure the longevity of your Transformers figures, follow these maintenance guidelines:

- **Cleaning:** Wipe figures gently with a dry, soft cloth to remove dust. Avoid using harsh chemicals or

abrasive materials, as these can damage the paint and plastic.

- **Storage:** Store figures away from direct sunlight and extreme temperatures to prevent discoloration or warping.
- **Handling:** Handle figures with care, especially during transformation. Avoid excessive force on joints or small parts.

6. TROUBLESHOOTING

If you encounter any difficulties with your Devastator set, consider the following:

- **Transformation Difficulty:** The transformation process for some components, especially for the combined Devastator form, can be complex. If you find the included instructions unclear, carefully re-examine the diagrams and ensure all parts are correctly aligned before applying force. Online video tutorials from other users may also provide additional visual guidance.
- **Loose Joints:** While the figures are designed with solid joints, prolonged use or improper handling can sometimes lead to looseness. If a joint becomes too loose, a small amount of clear nail polish or a similar non-damaging adhesive applied to the joint and allowed to dry can sometimes improve tightness.
- **Missing or Damaged Parts:** Carefully check all packaging upon receipt. If any parts are missing or damaged, refer to the Warranty & Support section for assistance.
