

BoxWave KA18F-0503000US

BoxWave Wall Charger Direct (15W) Instruction Manual

Model: KA18F-0503000US

Brand: BoxWave

INTRODUCTION AND OVERVIEW

The BoxWave Wall Charger Direct (15W) is specifically designed to provide rapid and reliable charging for your Doogee S88 Pro and other compatible USB Type-C devices. This charger integrates a 3-foot cable directly into the adapter, eliminating the need for separate cables and ensuring a secure, hassle-free connection. Its 15W power delivery allows for efficient and quick charging, making it an ideal solution for daily use at home, in the office, or while traveling.

SETUP INSTRUCTIONS

Setting up your BoxWave Wall Charger Direct is straightforward. Follow these steps to begin charging your device:

1. **Unpack the Charger:** Carefully remove the BoxWave Wall Charger Direct from its packaging.
2. **Locate a Power Outlet:** Identify a standard electrical wall outlet (compatible with 100-240V, 50/60Hz) that is easily accessible and free from obstructions.
3. **Plug into Outlet:** Insert the charger's prongs firmly into the wall outlet. Ensure it is fully seated.
4. **Connect to Device:** Take the USB Type-C end of the built-in 3-foot cable and insert it into the charging port of your Doogee S88 Pro or other compatible device. Ensure the connection is secure and fully inserted.
5. **Verify Charging:** Your device should display a charging indicator (e.g., a battery icon with a lightning bolt, or a notification) confirming that it is receiving power.

Simple Plug & Play Functionality

Wall Charger Direct's simplicity reduces frustration and fussing with plugging in additional cables to a separate AC adapter

OPERATING INSTRUCTIONS

Once the charger is properly set up, operation is automatic:

- **Automatic Charging:** The charger will automatically detect your connected device and begin delivering power. The 15W output is designed for rapid charging of compatible devices.
- **Monitoring Charge:** Observe your device's screen or LED indicators to monitor the charging progress. Most devices will show a battery percentage or a charging animation.
- **Disconnecting:** Once your device is fully charged, or if you need to stop charging, gently disconnect the USB Type-C cable from your device. Then, carefully remove the charger from the wall outlet.

15W Fast Charging

MAINTENANCE

Proper care and maintenance will extend the lifespan of your BoxWave Wall Charger Direct:

- **Cleaning:** Use a soft, dry cloth to wipe the exterior of the charger. Do not use liquid cleaners, aerosols, or harsh chemicals. Ensure the charger is unplugged before cleaning.
- **Storage:** When not in use, store the charger in a cool, dry place, away from direct sunlight and extreme temperatures. Avoid tightly coiling the cable to prevent damage.
- **Handling:** Always grasp the plug when inserting or removing the charger from an outlet. Avoid pulling on the cable. Do not bend or crimp the cable excessively, especially near the connectors.
- **Inspection:** Periodically inspect the charger and cable for any signs of damage, such as frayed wires, exposed conductors, or bent prongs. If any damage is found, discontinue use immediately and replace the charger.

Reinforced Strain Relief

Rubberized connector supports keep Wall Charger Direct from kinking and tearing.
