

Imou IPC-S3EP-5M0WE

Imou Bullet 3 5MP/3K Outdoor Camera User Manual

Model: IPC-S3EP-5M0WE

Brand: Imou

1. INTRODUCTION

This manual provides detailed instructions for the installation, operation, and maintenance of your Imou Bullet 3 5MP/3K Outdoor Camera. Please read this manual thoroughly before using the product to ensure proper setup and functionality. Keep this manual for future reference.

2. PRODUCT OVERVIEW

The Imou Bullet 3 is a high-performance outdoor security camera designed for reliable surveillance. It features 5-megapixel (3K) resolution, color night vision, Wi-Fi 6 connectivity, and an IP67 weather-resistant rating, making it suitable for various outdoor environments.

Key Features:

- 5MP/3K Ultra HD Resolution for clear and detailed imaging.
- Color Night Vision for enhanced visibility in low-light conditions.
- Wi-Fi 6 support for stable and efficient wireless connection.
- IP67 Weatherproof rating for outdoor durability.
- Human and vehicle detection for accurate alerts.

Figure 2.1: Front view of the Imou Bullet 3 Outdoor Camera, showing the lens, two antennas, and mounting base.

Figure 2.2: The Imou Bullet 3 camera, highlighting the Imou brand logo on its side.

Choose the best for you

Figure 2.3: Illustrates the camera's 3K UHD resolution capability, providing clear and detailed images.

Powered by IMOU SENSE™ precision AI

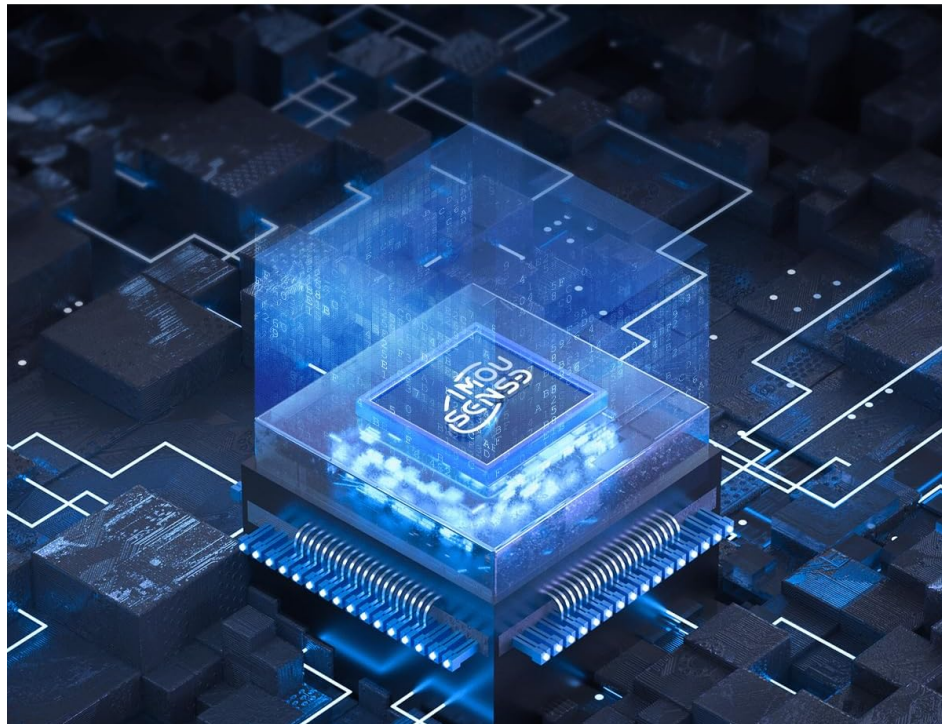

Figure 2.4: Depicts the IMOU SENSE™ precision AI chip, which powers advanced features like detection.

3. SETUP AND INSTALLATION

Before installation, ensure you have all necessary components: the Imou Bullet 3 camera, power adapter, mounting screws, and a drilling template (if provided). It is recommended to test the camera's functionality and Wi-Fi signal strength at the desired installation location before permanent mounting.

3.1 Mounting the Camera

1. Choose a suitable outdoor location with a clear view of the area you wish to monitor.
2. Use the provided drilling template to mark the screw holes on the wall or ceiling.
3. Drill holes and insert wall anchors if necessary.
4. Secure the camera's mounting base to the surface using the screws.
5. Adjust the camera angle as needed.

3.2 Powering On and Connection

Connect the camera to a power source using the provided power adapter. The camera supports both Wi-Fi and Power over Ethernet (PoE) connections for flexible installation.

- **Wi-Fi Connection:** Power on the camera and follow the instructions in the Imou Life app to connect it to your Wi-Fi network.
- **PoE Connection:** If your network supports PoE, connect an Ethernet cable from your PoE-enabled router or switch directly to the camera. This provides both power and data through a single cable.

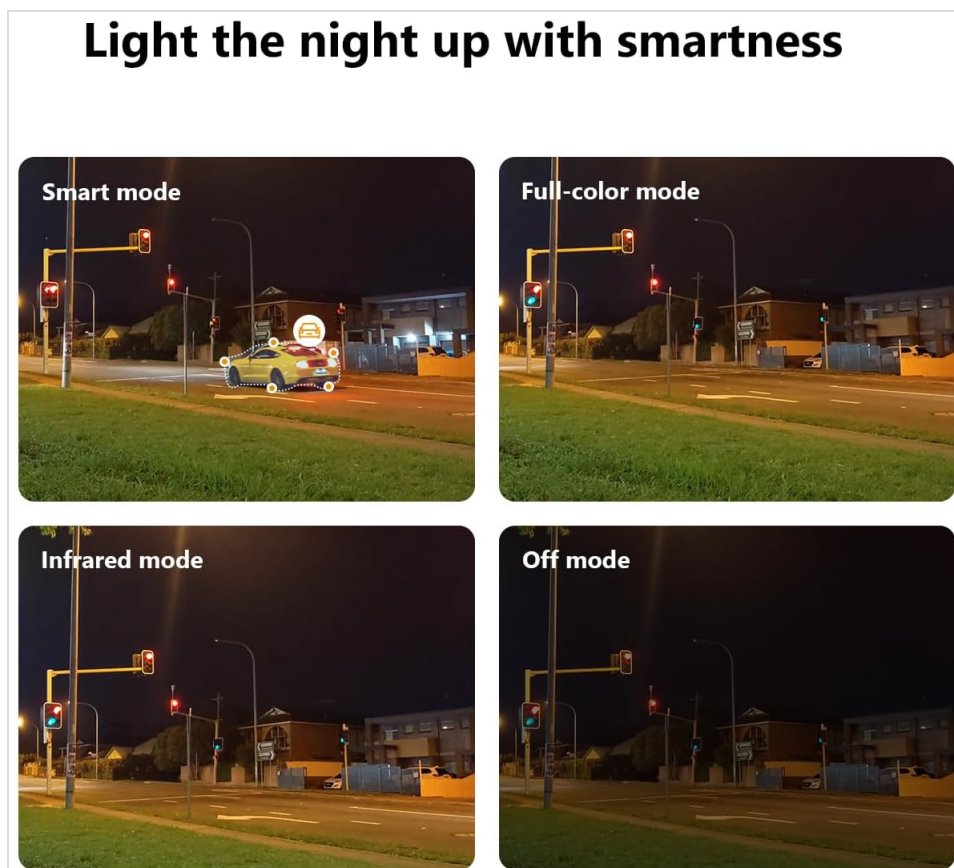

Figure 3.1: Illustrates the two primary connection methods: Wi-Fi for wireless setup and PoE for combined power and data via Ethernet cable.

4. OPERATING INSTRUCTIONS

The Imou Bullet 3 camera offers various features to enhance your security monitoring. All advanced settings and live viewing are accessible through the Imou Life mobile application.

4.1 Night Vision Modes

The camera provides multiple night vision modes to suit different lighting conditions:

- **Smart Mode:** Automatically switches between infrared and full-color night vision based on detected motion.
- **Full-Color Mode:** Utilizes built-in spotlights to provide full-color video even in complete darkness.
- **Infrared Mode:** Uses infrared LEDs for black and white video in low light, conserving power.
- **Off Mode:** Disables night vision features.

Figure 4.1: Comparison of the camera's night vision capabilities, including Smart, Full-color, Infrared, and Off modes.

4.2 Customizable Detection Zone

You can define specific areas within the camera's field of view for motion detection. This helps reduce false alarms from irrelevant areas.

1. Open the Imou Life app and select your camera.
2. Navigate to the detection settings.
3. Draw or select the desired detection zones on the live view.
4. Save your settings.

Customizable detection zone

Figure 4.2: An example of a customizable detection zone, highlighted over a pool area to focus surveillance on specific regions.

4.3 Detering Unwelcome Visitors

The camera is equipped with features to actively deter intruders, such as a built-in spotlight and siren. These can be triggered automatically upon detection or manually through the app.

Deter unwelcome visitors

Figure 4.3: The Imou camera with its integrated spotlights activated, designed to deter intruders and provide clear night vision.

4.4 Scheduling

You can set up schedules for when the camera's detection features are active. This allows you to customize surveillance based on your daily routine.

1. In the Imou Life app, go to the camera settings.
2. Find the 'Detection Schedule' option.
3. Set specific times and days for motion detection and alerts to be active.

Scheduling

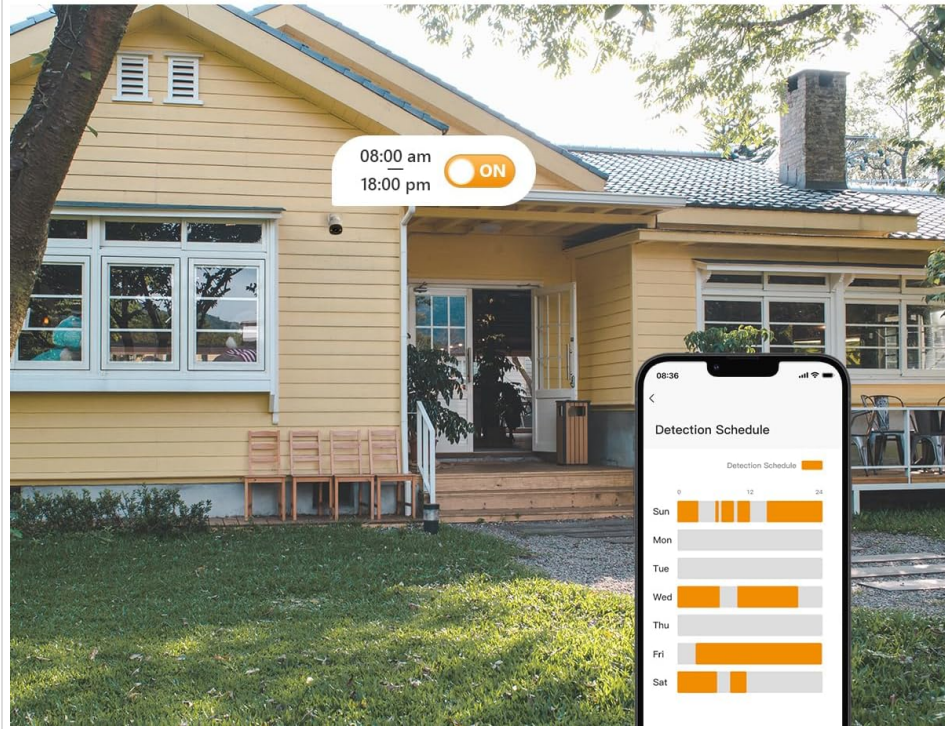

Figure 4.4: A smartphone screen displaying the detection scheduling interface within the Imou Life app, allowing users to set active surveillance times.

5. MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your Imou Bullet 3 camera.

5.1 Cleaning

- Periodically wipe the camera lens and body with a soft, damp cloth to remove dust and dirt.
- Do not use harsh chemicals or abrasive cleaners, as they may damage the camera's finish or lens coating.

5.2 Environmental Considerations

- Ensure the camera's power connection is secure and protected from moisture.
- While IP67 rated, avoid submerging the camera in water or exposing it to extreme pressure washing.

6. TROUBLESHOOTING

If you encounter issues with your Imou Bullet 3 camera, refer to the following common problems and solutions:

6.1 No Power/Camera Offline

- **Check Power:** Ensure the power adapter is securely connected to the camera and a working power outlet.
- **Wi-Fi Connection:** Verify your Wi-Fi network is active and the camera is within range. Restart your router if necessary.
- **Reset:** If the issue persists, locate the reset button (refer to the camera's physical diagram) and press it for 10 seconds to restore factory settings. Reconfigure the camera afterward.

6.2 Poor Image Quality

- **Clean Lens:** Clean the camera lens as described in the Maintenance section.
- **Network Stability:** Ensure a stable internet connection. Poor Wi-Fi signal can affect video streaming quality.
- **Lighting:** Adjust camera placement to avoid direct glare or insufficient lighting.

6.3 Motion Detection Issues

- **Detection Zone:** Verify that the detection zones are correctly configured in the Imou Life app.
- **Sensitivity:** Adjust the motion detection sensitivity settings in the app.
- **Obstructions:** Ensure there are no physical obstructions blocking the camera's view.

7. SPECIFICATIONS

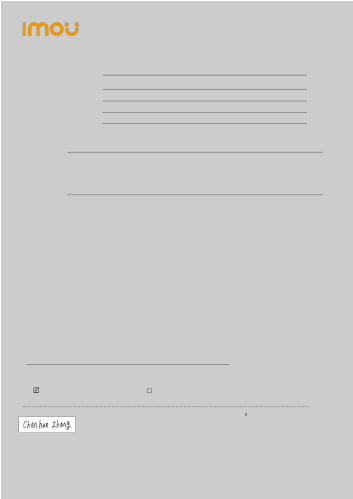

Specification	Value
Brand	Imou
Model Number	IPC-S3EP-5M0WE(Bullet3 5MP)
Connectivity Technology	Wireless (Wi-Fi)
Indoor/Outdoor Usage	Outdoor
Color	Multicolor
Material	Plastic
Voltage	12 Volts
Power Consumption	5.3 Watts
Item Dimensions (L x W x H)	14.77 x 7.42 x 7.56 cm
Item Weight	560 g
Recommended Uses	Video sensor, human and vehicle detection
Special Feature	Portable
Number of Items	1
Number of Channels	4

8. WARRANTY AND SUPPORT

For warranty information and technical support, please refer to the official Imou website or contact their customer service. Keep your purchase receipt as proof of purchase for any warranty claims.

DIRECTIONAL FAULT FINDER AND FENCE METER

NEMTEK

DIRECTIONAL FAULT FINDER AND FENCE METER

The patented Nemtek Directional Fault Finder and Fence Meter measures the electrical condition of an electric fence. By holding the meter against the fence wire the meter will turn on automatically when it detects a fence voltage. The fence meter will automatically turn off after a few seconds when in use. The long battery life allows for simple operation and storage.

Features:

- Patented fence probe offers more accurate readings
- Quickly and easily locates faults along the fence line
- Large LCD display for easy reading
- Displays current, voltage and the direction of a fault
- Lightweight with a convenient belt clip
- Slimline rugged design with a water-resistant case
- Low battery warning
- Automatic energizer polarity detection
- Can be used with most energizers

Specifications:

Voltage Display Range	-34KV to 34KV
Current Display Range	1A to 85A
Automatic Turn-On Voltage	150V
Battery Type	2 x 1.5V AAA
Battery Life	~200 hours
Operating temperature	-10°C to 50°C

IMOU SENSE

5MP H.265 Bullet Wi-Fi Camera

Bullet 3 5MP delivers 5MP live monitoring with a choice of 2.8mm/3.6mm lens option. It supports four night vision modes for clear-as day clarity even in pitch dark. With IP67 certified, the camera can be used outdoors under different weather conditions. With built-in spotlight and 1080 security alarm, Bullet 3 5MP actively keeps unwelcome visitors away from what you care about. Bullet 3 5MP support self-developed algorithm (IMOU SENSE), which makes human and vehicle detection more accurate.

5MP H.265 Video

3K resolution for more picture detail

Human Detection

Discriminate human targets in your scene

Vehicle Detection

Accurate identification of vehicle presence

Smart Color Night Vision

Support four modes night vision for clear-as day clarity even in pitch dark

IP67

Weatherproof from dust and water

Two-way Talk

Real-time communication with people in the camera

CloudEdge Storage

Supports H.265 Cloud Storage or Micro SD card (up to 256 GB)

WiFi Connection

IEEE802.11a/b/g/n/ax (2.4G) support WPA4

12V DC/POE Power Supply

Support two types of power supply

Stay close with what you care

With Cloud service, you will have access to what you care along with internet bandwidth. You can record daily or motion videos on Cloud and play back anytime anywhere.
