## Amazfit A1823-Black

# Amazfit Bip U Pro Smart Watch User Manual

Model: A1823-Black

## 1. INTRODUCTION

---

The Amazfit Bip U Pro Smart Watch is a versatile fitness tracker designed for comprehensive health and activity monitoring. It features built-in Alexa, GPS, over 60 sport modes, and advanced sensors for blood oxygen, heart rate, and sleep tracking. This manual provides essential information for setting up, operating, and maintaining your device.

## 2. WHAT'S IN THE BOX

---

Please check the package contents:

- Smart watch
- User manual

## 3. SETUP GUIDE

### 3.1 Initial Charging

Before first use, fully charge your Amazfit Bip U Pro. Connect the charging cable to the watch's charging port and a USB power adapter. The watch display will indicate charging status.

### 3.2 App Download and Pairing

1. Download the **Zepp app** from your smartphone's app store (iOS App Store or Google Play Store).
2. Open the Zepp app and create an account or log in.
3. Follow the in-app instructions to pair your Amazfit Bip U Pro. Ensure Bluetooth is enabled on your smartphone.

## 4. OPERATING INSTRUCTIONS

### 4.1 Basic Navigation

- **Touchscreen:** Swipe up, down, left, or right to navigate menus and access features. Tap to select.
- **Side Button:** Press to return to the watch face or to access the app list.

### 4.2 Display and Watch Faces

The transfective color display is always-on, providing clear visibility even in bright sunlight. You can customize your watch face through the Zepp app, with over 40 watch faces available at launch and more via OTA updates.

### 4.3 Health Monitoring

The Amazfit Bip U Pro offers comprehensive health tracking features:

- **Heart Rate Monitoring:** Monitors your heart rate throughout the day, including resting heart rate and intervals. Provides warnings for excessively high heart rates.

## BioTracker™ PPG Optical Sensor. 24H Heart Rate Monitoring

Figure 4: BioTracker™ PPG Optical Sensor for 24H Heart Rate Monitoring

- **Sleep Monitoring:** Tracks total sleep, light sleep, deep sleep, awake time, fall asleep time, and wake-up time to analyze your sleep patterns.

Figure 5: Sleep monitoring interface on the watch and app

- **Blood Oxygen Monitoring:** Measures blood oxygen saturation (SpO2) levels.

#### 4.4 Sport Modes and Water Resistance

The smartwatch supports over 60 sport modes, providing data such as track display, speed, heart rate, and distance. It is water-resistant to 5 ATM (50 meters), making it suitable for swimming in pools and open water.

## 8 Sports Modes

Run

Outdoor Cycle

Indoor Cycle

Treadmill

Walk

Elliptical

Exercise

Yoga

## 4.5 Smart Features

The Amazfit Bip U Pro integrates various smart features for daily convenience:

- **Alexa Built-In:** Use voice commands for quick information, setting alarms, and controlling smart home devices.
- **Smart Notifications:** Receive incoming calls, messages, and app notifications directly on your wrist.
- **Music Control:** Control music playback on your paired smartphone.
- **Weather Forecast:** Get real-time weather updates.
- **World Clock & Timer:** Useful tools for time management.

## 5. MAINTENANCE

### 5.1 Cleaning the Watch

Regularly clean your watch and strap to prevent skin irritation and maintain device functionality. Use a soft, lint-free cloth. For water-resistant cleaning, use clean water and dry thoroughly.

## 5.2 Battery Care

The Amazfit Bip U Pro boasts an outstanding 30-day battery life. To maximize battery longevity, avoid exposing the watch to extreme temperatures and use only the provided charging cable.

## 5.3 Water Resistance

While water-resistant to 5 ATM, avoid using the watch in hot showers, saunas, or steam rooms, as steam can compromise the seals. Do not operate buttons underwater.

## 6. SPECIFICATIONS

Feature	Detail
Model Name	Bip S Lite
Brand	Amazfit
Screen Size	1.28 Inches
Product Dimensions	1.65 x 1.39 x 0.45 inches

Battery Life	Up to 30 days (typical usage)
Connectivity	Bluetooth, GPS
Operating System	Android (compatible with iOS 10.0 & Android 5.0 or higher)
Sensors	BioTracker™ PPG Optical Sensor

## 7. TROUBLESHOOTING

If you encounter issues with your Amazfit Bip U Pro, consider the following common solutions:

- **Pairing Issues:** Ensure Bluetooth is on, the watch is charged, and you are within range. Try restarting both the watch and your phone.
- **Inaccurate Readings:** Ensure the watch is worn snugly on your wrist, not too tight or too loose. Clean the sensor regularly.
- **Battery Drain:** Reduce the frequency of heart rate monitoring, turn off unnecessary notifications, or lower screen brightness to extend battery life.
- **Software Updates:** Check the Zepp app for available firmware updates, which often resolve bugs and improve performance.

For more detailed troubleshooting, refer to the official Amazfit support resources or the troubleshooting guide available on the product page.

## 8. WARRANTY AND SUPPORT

Your Amazfit Bip U Pro Smart Watch is covered by a manufacturer's warranty. Please refer to the warranty card included

in your product packaging for specific terms and conditions.

For technical support, service, or further inquiries, please visit the official Amazfit website or contact their customer service department. Keep your purchase receipt as proof of purchase for warranty claims.

You can also find additional resources and FAQs on the Amazfit Store on Amazon.
