SANJICHA 180FT 500 LED Warm White Christmas String Lights

Model: MLS-D29V6WUC-O

1. INTRODUCTION

Thank you for choosing the SANJICHA 180FT 500 LED Warm White Christmas String Lights. This manual provides essential information for the safe and efficient operation of your new lighting product. Please read it thoroughly before installation and use, and retain it for future reference.

Important Safety Information

- Always ensure the plug is dry before connecting to a power source.
- Do not attempt to modify or repair the lights yourself. Contact qualified personnel for service.
- Keep away from open flames and excessive heat sources.
- Ensure proper installation to prevent tripping hazards.

2. PRODUCT FEATURES

- **500 Warm White LEDs:** Provides a bright, inviting glow suitable for various decorative purposes.
- **Extended Length:** 180 feet of lighting, ideal for decorating large areas such as rooms, gardens, and Christmas trees.
- **13 Dynamic Lighting Modes:** Includes Combination, In Waves, Sequential, Slo-Glo, Chasing/Flash, Slow Fade, Twinkle/Flash, Steady On, Double Fast Blink (480/min), Fast Blink (480/min), Jump Light (240/min), Jump Light (60/min), and Shiny Star. Easily selectable via the adapter button.
- **Dimmable Functionality:** Adjustable brightness from 25% to 100% by holding the adapter button for 2 seconds.
- **Integrated Timer:** Features a 6-hour on/18-hour off cycle. Activate by double-clicking the adapter button (green indicator light on).
- **Memory Function:** Built-in chip retains the last selected lighting mode and brightness setting after power off.
- **IP44 Waterproof Rating:** Designed for both indoor and outdoor use, capable of withstanding rain and snow (ensure plug remains dry).
- **Safe Low Voltage:** Operates on 29 Volts with overheat protection, meeting safety standards.

3. PACKAGE CONTENTS

- 1 x LED String Light (500 LEDs, 180FT)
- 1 x 29V UL Adaptor with Connector
- 1 x Instruction Manual

4. SETUP INSTRUCTIONS

1. **Connect the String Light:** Securely connect the LED string light to the 29V UL adaptor.
2. **Unwrap and Position:** Carefully unwrap the string light and place it in your desired decoration area. Ensure the

clear wire blends seamlessly with the background.

3. **Plug into Power:** With adult setup required, plug the adaptor into a standard 120V electrical socket. The lights will turn on automatically.

5.4. Memory Function

The built-in memory chip will automatically save your last selected lighting mode and brightness setting. When the lights are turned back on, they will resume the previously chosen settings.

6. MAINTENANCE

- **Cleaning:** Disconnect from power before cleaning. Wipe lights and wires with a soft, dry cloth. Do not use harsh chemicals or abrasive cleaners.
- **Storage:** When not in use, carefully coil the string lights and store them in a cool, dry place away from direct sunlight and moisture.
- **Inspection:** Periodically inspect the lights and wiring for any signs of damage, fraying, or loose connections. Discontinue use if any damage is found.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Lights do not turn on.	No power, loose connection, or faulty adapter.	Check power outlet, ensure all connections are secure, and test the adapter if possible.
Lights flicker or dim unexpectedly.	Unstable power supply or damaged wiring.	Ensure a stable power source. Inspect wiring for damage; discontinue use if damaged.
Timer function not working.	Timer not activated or incorrect activation.	Double-click the adapter button to activate the timer (green light should be on).
