Redragon K596 M686

Redragon K596 Wireless Mechanical Gaming Keyboard and M686 Wireless Gaming Mouse Bundle Instruction Manual

Model: K596 Keyboard & M686 Mouse

Introduction

Thank you for choosing the Redragon K596 Wireless Mechanical Gaming Keyboard and M686 Wireless Gaming Mouse Bundle. This manual provides essential information for setting up, operating, and maintaining your new gaming peripherals. Please read it thoroughly to ensure optimal performance and longevity of your products.

Setup

Package Contents

- 1 x Redragon K596 Wireless Mechanical Gaming Keyboard
- 1 x Redragon M686 Wireless Gaming Mouse
- 1 x 2.4GHz Wireless Dongle
- 1 x Type-C USB Cable
- 1 x User Manual

Initial Connection

The K596 keyboard and M686 mouse offer dual wired and wireless connectivity options. For wireless use, ensure the included 2.4GHz dongle is connected to your computer's USB port. For a wired connection, use the provided Type-C USB cable.
Note: No CD software is included. Please download the latest software from the official Redragon website for full customization options.

Operating Instructions

K596 Keyboard Features

- **Dual Mode Connectivity:** Seamlessly switch between 2.4GHz wireless mode for low-latency gaming up to 10 meters and a wired Type-C connection for uninterrupted performance.
- **10 Key-less Design:** This compact design saves desk space and enhances portability.
- **Dedicated Macro Keys (G1-G10):** Program up to 10 macros for in-game commands or productivity shortcuts.
- **Dedicated Media Keys:** Control your audio and video playback directly from the keyboard.
- **Detachable Magnetic Wrist-Rest:** Provides ergonomic support during extended use and easily attaches/detaches via magnets.

M686 Mouse Features

- **Adjustable DPI:** Features 5 onboard DPI levels (1000/2000/4000/8000/16000) for precise cursor control. DPI settings are customizable via software.
- **Programmable Buttons:** Customize mouse buttons for various functions using the Redragon software.
- **RGB Backlighting:** Personalized dynamic RGB backlighting enhances the aesthetic appeal.

Maintenance

Charging and Battery Life

Both the K596 keyboard and M686 mouse are rechargeable. Use the provided Type-C cable to charge them. The keyboard and mouse are designed for extended use, with the keyboard offering up to 30 hours of standby time without recharging, and the mouse having efficient power management features.

Cleaning

To maintain optimal performance and appearance, regularly clean your keyboard and mouse. Use a soft, dry cloth to wipe down surfaces. For deeper cleaning, a can of compressed air can be used to remove debris from between keys. Avoid using harsh chemicals or abrasive materials.

Durability

The Redragon K596 keyboard and M686 mouse are built with quality materials designed for durability. The keyboard features responsive and durable switches, while the mouse is constructed to withstand extensive use, including up to 20 million clicks.

Troubleshooting

Connectivity Issues

If you experience issues with wireless connectivity, ensure the 2.4GHz dongle is securely plugged into a USB port on your computer. For the keyboard, press the FN key along with F1, F2, or F3 to initiate pairing. For the mouse, hold the right button for 3 seconds to connect. Ensure both devices are powered on.

Software and Customization

If customization options are not working as expected, verify that you have downloaded and installed the correct and latest software from the official Redragon website for your specific models (K596 and M686). Restarting your computer and reinstalling the software may resolve some issues.
