

JoveTrans JVTNSLT_Parent

JoveTrans Lite Translator Earbuds User Manual

Model: JVTNSLT_Parent

1. INTRODUCTION

The JoveTrans Lite Translator Earbuds are a versatile device designed to facilitate communication across language barriers, provide high-quality audio for music, and enable hands-free calling. Utilizing advanced AI and big data, these earbuds offer real-time translation in 26 languages, making them an essential tool for travel, business, and everyday interactions. Their true wireless design, coupled with active noise cancellation and smart controls, ensures a seamless and immersive user experience.

This manual provides detailed instructions on setting up, operating, and maintaining your JoveTrans Lite earbuds to ensure optimal performance and longevity.

2. SETUP

2.1 Unboxing and Initial Charge

Upon unboxing, ensure all components are present: JoveTrans Lite Earbuds, Charging Case, and Type-C charging cable. Before first use, fully charge the earbuds and the charging case. Connect the Type-C cable to the charging case and a power source. The earbuds will charge automatically when placed inside the case.

2.2 Downloading the JoveTrans App

The JoveTrans Lite earbuds require the dedicated JoveTrans app for full functionality, especially for translation features. The app is available on both the Apple App Store for iOS devices and Google Play Store for Android devices.

1. Open the App Store (iOS) or Google Play Store (Android) on your smartphone.
2. Search for "JoveTrans".

3. Download and install the official JoveTrans app.
4. Follow the on-screen instructions to complete the app setup.

2.3 Bluetooth Pairing

The JoveTrans Lite earbuds utilize Bluetooth 5.0 for a stable and quick connection.

1. Ensure the earbuds are charged and placed in the charging case.
2. Open the charging case lid. The earbuds will automatically enter pairing mode.
3. On your smartphone, go to Bluetooth settings and enable Bluetooth.
4. Look for "JoveTrans Lite" in the list of available devices and select it to pair.
5. Once paired, a confirmation sound will play through the earbuds.

3. OPERATING INSTRUCTIONS

3.1 Real-time Translation

The core function of JoveTrans Lite is its real-time translation capability, supporting 26 languages. This feature is managed through the JoveTrans app.

- Open the JoveTrans app on your paired smartphone.
- Select either **Conversation Mode** for two-way translation or **Interpretation Mode** for one-way translation (e.g., lectures).
- Choose the source and target languages within the app.
- Speak clearly and at a moderate pace into the earbud's microphone. The app will process and translate your speech, playing the translation through the earbuds or the phone's speaker.
- For optimal accuracy, ensure clear and proper speech, minimizing background noise.

English. This illustrates the primary function of the earbuds.

The advertisement features a brown background with a faint world map. Overlaid on the map are several white, wavy, ribbon-like lines that flow across the frame. In the upper left, the brand name 'JOVETRANS' is written in a white, sans-serif, all-caps font. Below it, the text 'Translates 26 languages. Instantly.' is displayed in a large, white, sans-serif font. Underneath this, a smaller line of text reads: 'Ultimate 2-in-1 travel necessity so you can focus more on learning, connecting and experiencing.' A horizontal line separates this text from a list of languages. Each language is preceded by its national flag: English (USA), Spanish (Spain), French (France), Italian (Italy), German (Germany), Chinese (China), Japanese (Japan), and '& many more'.

Image: A graphic displaying flags and names of several languages, including English, Spanish, French, Italian, German, Chinese, and Japanese, indicating that JoveTrans Lite translates 26 languages instantly.

3.2 Audio Playback and Calls

Beyond translation, JoveTrans Lite earbuds function as high-quality wireless stereo headphones.

- **Music Playback:** Once paired, simply play audio from your device. The earbuds support a clear Bluetooth connection up to 30 feet.
- **Active Noise Cancellation (ANC):** The earbuds feature active noise cancellation to reduce environmental noise for a clearer audio experience.
- **Calls:** Answer or end calls using the smart controls on the earbuds. The built-in microphone ensures clear communication.

ENJOY MEETS AND BEATS

True Wireless Stereo Earbuds
Enjoy your favorite songs from
up to 30 feet away.

3.3 Smart Controls

The earbuds are equipped with touch-sensitive controls for easy management of functions:

- **Play/Pause:** Single tap on either earbud.
- **Answer/End Call:** Single tap during an incoming call.
- **Activate Voice Assistant (Google/Siri):** Long press on an earbud (refer to app for specific gesture settings).
- **Ambient Sound Mode:** Press the touch button to quickly switch between Active Noise Cancellation and ambient sound passthrough, allowing you to hear your surroundings.
- **Smart Pause:** Remove an earbud from your ear to automatically pause audio playback. Reinsert to resume.
- **Volume Control:** Adjust volume directly on the earbuds (specific gestures may be customized in the app).

4. MAINTENANCE

4.1 Cleaning

Regular cleaning helps maintain sound quality and hygiene.

- Use a soft, dry, lint-free cloth to wipe the earbuds and charging case.
- For ear tips, remove them and clean with a mild soap solution if necessary, then rinse thoroughly and dry completely before reattaching.
- Do not use abrasive materials, alcohol, or chemical cleaners.

4.2 Water Resistance

The JoveTrans Lite earbuds are water-resistant. This means they are protected against splashes and sweat, making them suitable for workouts and light rain. However, they are not waterproof and should not be submerged in water or exposed to high-pressure water jets.

- Avoid exposing the charging case to water, as it is not water-resistant.
- If earbuds get wet, wipe them dry thoroughly before placing them back in the charging case.

5. TROUBLESHOOTING

If you encounter issues with your JoveTrans Lite earbuds, refer to the following common solutions:

Problem	Possible Cause	Solution
Earbuds not pairing	Low battery; Bluetooth off; already paired to another device.	Ensure earbuds are charged. Turn Bluetooth off/on on your device. Forget device in Bluetooth settings and re-pair.
Poor translation accuracy	Unclear speech; noisy environment; incorrect language selection.	Speak clearly and at a moderate pace. Move to a quieter environment. Verify language settings in the JoveTrans app.
No sound from earbuds	Not connected; volume too low; media paused.	Check Bluetooth connection. Increase volume on both earbuds and device. Ensure media is playing.
Earbuds not charging	Charging cable/port issue; earbuds not seated correctly.	Try a different Type-C cable or power adapter. Ensure earbuds are properly seated in the charging case. Clean charging contacts if necessary.

For further assistance, consult the JoveTrans app's help section or visit the official JoveTrans support website.

6. SPECIFICATIONS

Feature	Detail
Model Name	JoveTrans Lite Translator
Model Number	JVTNSLT_Parent

Feature	Detail
Connectivity	Bluetooth 5.0
Battery Life (Earbuds)	Up to 8 hours (continuous use)
Battery Life (with Case)	Up to 24 hours
Charging Time	Approx. 2 hours for full charge (earbuds + case)
Charging Interface	Type-C
Water Resistance Level	Water Resistant
Material	Plastic
Item Weight	0.04 Kilograms
Frequency Range	20 Hz - 20,000 Hz
Microphone Format	Built-In
Noise Control	Active Noise Cancellation
