### GreenPan CC002445-001

# GreenPan Reserve Hard Anodized Healthy Ceramic Nonstick 10-Piece Cookware Set

Model: CC002445-001 | Brand: GreenPan

## INTRODUCTION

Welcome to the world of GreenPan Reserve cookware. This 10-piece set combines world-class technology with minimalist style, designed for durability and consistent cooking performance. Featuring a duoforged hard anodized aluminum construction and Thermolon healthy ceramic nonstick coating, this set is built for everyday healthy cooking.

The Thermolon ceramic nonstick coating is reinforced with diamonds for ultra-durability and heat responsiveness. It is free of PFAS, PFOA, lead, and cadmium, ensuring no toxic fumes are released, even when overheated. The set includes durable glass lids and elegant gold-tone stainless steel handles.

## SETUP

### Unpacking and Initial Cleaning

1. Carefully unpack all items from the box.
2. Remove all packaging materials, labels, and tags.
3. Wash the cookware thoroughly with warm, soapy water using a soft sponge or cloth.
4. Rinse well and dry completely before first use.

### Storage

- To protect the nonstick coating and exterior finish, use the provided pan protectors when stacking cookware.

- Store lids separately or place a soft cloth between them and the cookware to prevent scratches.

## **OPERATING INSTRUCTIONS**

### **Heat Settings**

- Always use low to medium heat settings. The Thermolon ceramic nonstick coating is highly heat responsive and distributes heat efficiently.
- High heat is rarely necessary and can damage the nonstick coating over time.
- Cookware is suitable for all stovetops, except induction.

### **Utensil Compatibility**

- While the cookware is metal utensil safe, silicone, wooden, or nylon utensils are recommended to prolong the life of the nonstick coating.
- Avoid sharp objects or cutting food directly in the pans.

### **Oven and Broiler Use**

- Pans are oven and broiler safe up to 600°F (315°C).
- Glass lids are oven safe up to 425°F (218°C).
- Always use oven mitts when handling hot cookware.

### **Lids**

- The tempered glass lids allow you to monitor your cooking without lifting the lid, sealing in moisture and flavor.

## DUOFORGED ARMORED BODIES

## HARD ANODIZED CONSTRUCTION

EXTREMELY DURABLE & SCRATCH-RESISTANT

# THE ORIGINAL CERAMIC NONSTICK

WE INVENTED IT. WE MAKE IT BETTER.

**AWARD-WINNING NONSTICK**  
CELEBRATED FOR A LEGACY OF INNOVATION

**COOK TOXIN-FREE**  
FREE OF PFAS, PFOA, LEAD & CADMIUM

**GROUNDBREAKING TECHNOLOGY**  
OVER 150 PATENTS TO MAKE COOKING BETTER

## MAINTENANCE

### Cleaning

- The pans are dishwasher safe for easy cleanup. However, handwashing is recommended for the lids to preserve the gold-tone finish on the handles.
- For most messes, simply wipe clean with a soft sponge and warm, soapy water.
- For stubborn stains or burnt-on food, use a melamine foam sponge (like a magic eraser) with water. Avoid harsh chemicals, abrasive cleaners, or steel wool, as these can damage the nonstick coating.
- Ensure cookware is completely cool before washing to prevent warping.

### Care Tips

- Avoid using cooking sprays, as they can leave a residue that may affect the nonstick performance over time. Use a small amount of butter or oil instead.
- Do not overheat empty pans.

## TROUBLESHOOTING

### Reduced Nonstick Performance

- **Issue:** Food begins to stick over time.
- **Solution:** This can be caused by residue buildup from cooking sprays or oils. Clean the pan thoroughly with a melamine foam sponge and warm, soapy water. Ensure all residue is removed. Always use low to medium heat.

### Chipping or Scratches on Coating

- **Issue:** Small chips or scratches appear on the nonstick surface.
- **Solution:** While the coating is reinforced, impact from hard objects or aggressive use of metal utensils can cause damage. Use pan protectors during storage and prefer silicone, wooden, or nylon utensils during cooking.

### Discoloration of Gold-Tone Handles (Lids)

- **Issue:** The gold-tone finish on lid handles appears to rub off or discolor.
- **Solution:** This is often due to dishwasher use. Handwash lids to maintain the finish of the gold-tone handles.

## SPECIFICATIONS

Feature	Detail
Material	Ceramic, PFAS Free Nonstick, Hard Anodized Aluminum, Gold-tone Stainless Steel Handles
Color	Blush Pink
Brand	GreenPan
Size	10 Piece Cookware Pots and Pans Set
