Important Safety Information

WARNING: To reduce the risk of burns, electric shock, fire, and injury, this product must be used in accordance with the following instructions.

- Do not sit on or place the heating pad underneath your body.
- Do not sharply fold the pad while using.
- Never use the pad on an infant, invalid, or a sleeping or unconscious person.
- Never use on sensitive skin or on a person with poor blood circulation.
- Do not use on areas of the body that are swollen, inflamed, or have skin eruptions.
- Do not use pins or other metallic means to fasten this product.
- Do not use this product with liniment, salve, or ointment preparations that contain heat-producing ingredients, as skin burns could result.
- Always unplug the heating pad when not in use.
- Statements regarding dietary supplements have not been evaluated by the FDA and are not intended to diagnose, treat, cure, or prevent any disease or health condition.

Product Features

- **XXXL King Size (17"x33"):** Large coverage area suitable for full body use, including back, neck, shoulders, abdomen, and legs.
- **Fast-Heating Technology:** Warms up in seconds for quick relief.

Operating Instructions

Power On/Off

- Press the power button ( ) on the LED controller to turn the heating pad on or off.

Temperature Settings

- Use the '+' and '-' buttons to adjust the temperature. There are 10 settings, ranging from 95℉ to 140℉.
- The current temperature setting will be displayed on the LED screen.

Auto-Off Timer

- Press the timer button (◷) to cycle through the auto-off options: 0.5 hours, 1 hour, 1.5 hours, or 2 hours.
- The selected timer duration will be shown on the LED screen. The pad will automatically shut off after the set time.

Care and Maintenance

Cleaning Instructions

1. Ensure the heating pad is unplugged from the electrical outlet.
2. Detach the controller cord from the heating pad by gently squeezing the connector.

3. The heating pad is machine washable. Wash on a gentle cycle with cold water.
4. Air dry the pad completely before reconnecting the controller and using it again. Do not tumble dry or iron.

TROUBLESHOOTING

If you experience any issues with your RUQIJI heating pad, please consider the following:

- **No Heat/Power:** Ensure the power cord is securely plugged into both the wall outlet and the heating pad. Check if the outlet is functional.
- **Uneven Heat:** Ensure the pad is laid flat and not folded or bunched up during use.
- **Error Codes:** If the controller displays an error code, unplug the unit, wait a few minutes, and plug it back in. If the error persists, contact customer support.

For any quality problems or persistent issues, please contact our service support for assistance. We are committed to providing a satisfactory solution.
