## 2. SAFETY INFORMATION

---

Always refer to the official safety information document provided with your product for comprehensive safety guidelines. A digital version can be found here: [Safety Information \(PDF\)](#).

- Ensure the spa is placed on a flat, stable surface capable of supporting its weight when filled.
- Always supervise children in and around the spa.
- Do not use electrical appliances near the spa.
- Maintain proper water chemistry to prevent health risks.
- The spa features a personal protection switch and child-safe clip closures for enhanced safety.

## 3. PACKAGE CONTENTS

---

Verify that all components are present in the package before beginning assembly:

- 1 Inflatable Hot Tub
- 1 Spa Cover
- 1 Spa Pump (Control Unit)
- 1 ChemConnect™ Chemical Dispenser
- 1 Filter Cartridge (Type VI)
- 1 Repair Patch

## 4. SETUP INSTRUCTIONS

---

The Lay-Z-Spa Ibiza is designed for easy installation. Follow these steps for initial setup:

1. **Prepare the Location:** Choose a flat, level, and clean surface for your spa. Ensure it is free from sharp objects and can support the weight of the filled spa.
2. **Unpack Components:** Carefully remove all items from the packaging.
3. **Inflate the Spa:** Connect the spa pump to the inflation valve on the spa. Use the pump's inflation function to inflate the spa until it is firm to the touch but not over-inflated.

4. **Attach Handles:** Securely attach the handles to the designated points on the spa.

Image 4.2: Durable handle for moving the deflated spa.

5. **Connect the Pump:** Connect the spa pump (control unit) to the spa body following the instructions in the pump manual. Ensure all connections are tight.
6. **Fill with Water:** Fill the spa with water to the recommended level, typically indicated by a fill line inside the spa.

## 5. OPERATING INSTRUCTIONS

---

Your Lay-Z-Spa Ibiza is equipped with features designed for comfort and ease of use:

- **Power On/Off:** Use the power button on the control panel to turn the spa system on or off.
- **Heating System:** The efficient heating system maintains a constant and comfortable water temperature. Use the temperature control buttons to set your desired temperature.
- **Hydro-Massage Jets:** Activate the powerful hydro-massage jets for a relaxing experience. The spa features 140 jets for comprehensive relaxation.
- **LED Lighting:** Integrated LED lighting creates a calm and peaceful atmosphere, perfect for evening relaxation.
- **Energy Saving Timer:** Utilize the energy-saving timer function to schedule heating cycles and reduce power consumption.
- **Frost Watcher:** The integrated frost watcher feature helps protect your spa components in colder temperatures.

## 6. MAINTENANCE

---

Regular maintenance is crucial for the longevity and hygiene of your spa:

- **Filter System:** The spa uses an efficient cartridge filter system. Regularly clean and replace the filter cartridge (Type VI) to ensure optimal water quality.
- **Chemical Dispenser:** Use the ChemConnect™ chemical dispenser to maintain appropriate chemical levels in the water. Follow chemical manufacturer guidelines for dosage.

- **Spa Cover:** Always use the spa cover when the spa is not in use to retain heat, keep debris out, and ensure safety. The cover features a 2-part thermal design.
- **Cleaning:** Periodically clean the spa interior with a soft cloth and mild cleaner. Drain and refill the spa as recommended by the manufacturer.
- **Storage:** When not in use for extended periods, drain, clean, and thoroughly dry the spa before deflating and storing it in a cool, dry place.

## 7. TROUBLESHOOTING

---

This section addresses common issues you might encounter with your Lay-Z-Spa Ibiza. For more detailed troubleshooting, refer to the comprehensive manual or contact customer support.

- **Spa not heating:** Check power connection, ensure filter is clean, and verify temperature settings.
- **Jets not working:** Ensure the pump is powered on and the jet function is activated on the control panel. Check for blockages.
- **Water quality issues:** Test water chemistry and adjust chemical levels using the ChemConnect dispenser. Clean or replace the filter cartridge.
- **Leakage:** Inspect the spa body and connections for visible damage. Use the provided repair patch for minor punctures.
