WOSTOKE WS-D1416

WOSTOKE 9-inch IPS Touchscreen Car Stereo User Manual

Model: WS-D1416

Compatible with Hyundai Verna Accent Solaris (2010-2016)

INTRODUCTION

Thank you for choosing the WOSTOKE 9-inch IPS Touchscreen Car Stereo. This manual provides detailed instructions for the installation, operation, and maintenance of your new car multimedia system. Please read this manual thoroughly before installation and use to ensure proper functionality and to maximize your user experience. Keep this manual for future reference.

PRODUCT OVERVIEW

The WOSTOKE Car Stereo is an advanced in-dash navigation and multimedia system designed to enhance your driving experience. It features a 9-inch IPS touchscreen display, an Octa-Core processor, and supports both Apple CarPlay and Android Auto for seamless smartphone integration. Key functionalities include GPS navigation, Bluetooth connectivity, FM/AM radio, Wi-Fi, and steering wheel control compatibility.

WHAT'S IN THE BOX

Carefully unpack the box and ensure all items are present. If any items are missing or damaged, please contact customer support.

- 1x Car Android Head Unit with Mask
- 1x GPS Antenna
- 1x Power Cable
- 2x USB Port Cables
- 1x RCA Expand Cable
- 1x RCA Connector for Reverse Camera
- 1x Install Kit (mounting brackets, screws)
- 1x External Microphone
- 1x AHD 720P Reverse Camera

Image: All components included in the product package.

INSTALLATION GUIDE

Professional installation is recommended. Ensure the vehicle's battery is disconnected before starting installation. Refer to your vehicle's service manual for specific dashboard removal instructions.

- 1. Remove Factory Head Unit:** Carefully remove the existing car stereo and trim panels from your vehicle's dashboard.
- 2. Connect Wiring Harness:** Connect the provided power cable and other necessary wiring harnesses to the vehicle's existing wiring. Ensure all connections are secure.
- 3. Connect Peripherals:** Connect the GPS antenna, USB cables, external microphone, and reverse camera (if applicable) to the corresponding ports on the new head unit. Route cables neatly to avoid interference.
- 4. Mount Head Unit:** Secure the new head unit into the dashboard opening using the provided install kit.
- 5. Test Functionality:** Before reassembling the dashboard, reconnect the vehicle's battery and power on the head unit to test all functions (radio, navigation, Bluetooth, camera, etc.).
- 6. Reassemble Dashboard:** Once all functions are verified, reassemble the dashboard trim panels.

OPERATING INSTRUCTIONS

CarPlay & Android Auto

This unit supports both Apple CarPlay and Android Auto, allowing you to integrate your smartphone for navigation, music, calls, and more. Connect your compatible iPhone or Android device via USB to activate the respective interface.

Image: Display showing the CarPlay and Android Auto interfaces, demonstrating smartphone integration.

GPS Navigation

The system includes built-in GPS for navigation. You can use pre-installed maps or download additional navigation applications via Wi-Fi. The GPS functions in real-time without requiring a network connection once maps are downloaded.

FM/AM Radio

Tune into your favorite FM and AM radio stations. The system supports RDS (Radio Data System) for displaying station

information where available. You can save preferred stations for quick access.

MAINTENANCE

To ensure the longevity and optimal performance of your WOSTOKE Car Stereo, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to clean the screen and exterior. For stubborn smudges, slightly dampen the cloth with water or a screen-safe cleaner. Avoid abrasive materials or harsh chemicals.
- **Software Updates:** Periodically check for software updates to ensure you have the latest features and performance improvements. Updates can usually be found on the manufacturer's website or through the device's settings.
- **Temperature:** Avoid exposing the unit to extreme temperatures, both hot and cold, for extended periods.
- **Power:** Ensure the vehicle's electrical system is stable. Avoid frequent power fluctuations.

TROUBLESHOOTING

If you encounter issues with your car stereo, refer to the following common problems and solutions. If the problem persists, contact customer support.

Problem	Possible Cause	Solution
Unit does not power on	Incorrect wiring, blown fuse, vehicle battery issue	Check power connections, inspect vehicle fuses, ensure battery is charged.
No sound	Speaker wiring issues, volume too low, mute activated	Verify speaker connections, increase volume, check if mute is active.

Problem	Possible Cause	Solution
GPS signal lost or inaccurate	GPS antenna obstruction, poor satellite reception	Ensure GPS antenna has a clear view of the sky, move to an open area.
CarPlay/Android Auto not connecting	Faulty USB cable, phone software issue, incorrect settings	Try a different USB cable, restart your phone, check unit settings for CarPlay/Android Auto.
Touchscreen unresponsive	System freeze, temporary software glitch	Perform a soft reset (refer to device settings or a small reset button if available).
