

Macally BTTOPBAT

Macally Wireless Bluetooth Mouse User Manual

Model: BTTOPBAT

INTRODUCTION

This manual provides comprehensive instructions for the setup, operation, maintenance, and troubleshooting of your Macally Wireless Bluetooth Mouse. Designed for comfort and efficiency, this rechargeable mouse offers a strong Bluetooth connection, quiet clicks, and broad compatibility with various devices.

Please read this manual thoroughly before using the product to ensure optimal performance and longevity.

PACKAGE CONTENTS

- Macally Wireless Bluetooth Mouse (White)
- USB Charging Cable
- User Manual

SETUP

1. Charging the Mouse

Before first use, fully charge the mouse. Connect the provided USB charging cable to the charging port on the front of the mouse and to a USB power source (e.g., computer USB port, USB wall adapter).

Use More, Charge Less.

- 300mAh Battery
- Charging Cable Included

The mouse charging via its front port, indicating battery replenishment.

The LED indicator on the mouse will show charging status. A full charge typically provides up to two months of average use (8 hours per day).

2. Pairing with Your Device

The Macally Wireless Bluetooth Mouse connects wirelessly via Bluetooth, eliminating the need for a USB receiver.

1. Ensure the mouse is charged and powered on using the On/Off switch located on the bottom of the mouse.
2. Activate Bluetooth on your computer, tablet, or smartphone.
3. On your device, search for new Bluetooth devices. The mouse should appear as "Macally Mouse" or similar.
4. Select the mouse to initiate pairing.
5. For macOS Ventura users: If prompted for a code to pair the mouse, leave the field blank and press Enter.

On MacOS Ventura, When
Asked for Code to Pair Mouse,
Leave Blank & Press Enter

For All Your Devices.

The mouse is compatible with Mac, PC, iOS, and Android devices, offering versatile connectivity.

Once paired, the mouse will automatically connect to your device when powered on and within range (up to 30 feet).

OPERATING THE MOUSE

Basic Functions

- **Left Click:** Primary button for selecting items, opening files, etc.
- **Right Click:** Secondary button for context menus and additional options.
- **Scroll Wheel:** Roll up or down to navigate through documents and web pages. The scroll wheel also functions as a middle click button.

Adjusting DPI Sensitivity

The mouse features a DPI (Dots Per Inch) switch to adjust cursor sensitivity, allowing you to fine-tune tracking speed to your preference. The available DPI settings are 800, 1200, and 1600.

Fine Tune Your Sensitivity.

- 3 DPI Modes (800/1200/1600)
- Optical Sensor

The DPI switch is located near the scroll wheel, allowing for quick adjustments to cursor speed.

To change the DPI setting, press the small button located behind the scroll wheel. Each press will cycle through the available DPI modes.

Quiet Click Feature

The Macally Wireless Bluetooth Mouse is equipped with silent silicone membrane buttons that significantly reduce click noise by up to 90% compared to traditional mice. This feature provides a quieter working environment, ideal for shared spaces or late-night use.

Quiet Clicks.

- Reduces Noise by 90%
- Silicone Membrane Buttons

The mouse features quiet clicking buttons, minimizing disturbance during use.

MAINTENANCE

Cleaning

To maintain the mouse's performance and appearance, clean it regularly with a soft, dry cloth. For stubborn dirt, slightly dampen the cloth with water or a mild, non-abrasive cleaner. Avoid using harsh chemicals or abrasive materials.

Battery Management

To maximize battery life, remember to switch off the mouse using the On/Off switch on the bottom when not in use for extended periods, such as overnight or when traveling. Recharge the mouse when the LED indicator signals low battery.

TROUBLESHOOTING

Connection Issues

- **Mouse not connecting:** Ensure Bluetooth is enabled on your device and the mouse is powered on. Try turning both off and on again.
- **Intermittent connection:** Ensure the mouse is within the 30-foot operating range and there are no significant obstructions or sources of interference (e.g., Wi-Fi routers, other Bluetooth devices).
- **Mouse not appearing in Bluetooth list:** Try unpairing and re-pairing the mouse from your device's Bluetooth settings.

Cursor Not Moving Smoothly

- **Check the surface:** Ensure you are using the mouse on a clean, non-reflective surface. Optical mice perform best on opaque, uniform surfaces.
- **Adjust DPI:** Experiment with the DPI settings (800/1200/1600) to find the sensitivity that works best for your usage.
- **Clean the optical sensor:** Gently clean the optical sensor on the bottom of the mouse with a soft, dry cloth to remove any dust or debris.

Battery Drains Quickly

- **Ensure full charge:** Make sure the mouse is fully charged before use.
- **Power off when not in use:** Always use the On/Off switch to power down the mouse when not actively using it to conserve battery.
- **Check charging cable:** Ensure the charging cable is not damaged and is properly connected during charging.

SPECIFICATIONS

Brand	Macally
Model Number	BTTOPBAT
Connectivity Technology	Bluetooth
Movement Detection Technology	Optical
DPI Settings	800 / 1200 / 1600
Battery	300 mAh Lithium Ion (Rechargeable)
Dimensions	4.3 x 2.4 x 1.45 inches (approx.)
