### 3. KEY FEATURES

- **Dual Microphone:** Equipped with two microphones for ultra-clear conversations, one for clear sound and the other for blocking external noise.
- **Qualcomm aptX Technology:** Designed for high-resolution audio, supporting 16-bit music quality to capture the smallest details.
- **Long Standby Time:** The charging case has a 790mAh battery, and each earbud has a 70mAh battery, providing extended usage.
- **Sweat Proof and Water Proof (IPX7):** Protects against heavy splashing and rain, allowing use in various conditions.
- **Unique Ultrasoft Memory Foam Ear Tips:** Comes with super soft and ultra-comfortable memory foam ear gels for extended wear without discomfort.
- **Sports Ear Hook:** An additional accessory to convert the earbuds into sports earphones for a secure fit during physical activity.
- **Voice Assistant Support:** Connects with Google Assistant or Siri for hands-free control.
- **Touch Controls:** Intuitive touch controls for managing music, calls, and voice assistant.
- **9.2mm Dynamic Speaker:** Large dynamic speaker unit combined with a PET film diaphragm for enhanced sound performance.

## 4. SETUP

## 4.1 First Time Pairing

1. Remove both earbuds from the charging case.
2. Wait a few seconds for the left and right earbuds to pair with each other.
3. Once a red and white blinking light is visible on either earbud, they are ready to pair with your device.
4. Turn on Bluetooth on your smartphone or device.
5. Select "Blaupunkt Pro+ (R)" from the list of available devices.
6. Confirm the pairing request on your phone by clicking "Pair" to enable the role switch function.
7. The earbuds support auto-pairing. They will automatically connect to the last paired device when removed from the case and disconnect when placed back into the case.

*Video: Demonstrates the first-time pairing process for the Blaupunkt BTW Pro+ earbuds, including taking them out of the case, waiting for pairing, and connecting via Bluetooth on a smartphone.*

## 4.2 Wearing the Earbuds

1. Hold the earbud from the top.
2. Place the earbud into your ear.
3. Rotate the earbud approximately 45 degrees or to a slightly vertical position for a comfortable fit.
4. Gently push the earbud so it fits perfectly into your ear canal.

## 5. OPERATING INSTRUCTIONS

### 5.1 Music Controls

- **Play/Pause:** Single touch on either earbud.
- **Previous Track:** Click and hold the left earbud touch button for 2 seconds.
- **Next Track:** Click and hold the right earbud touch button for 2 seconds.
- **Decrease Volume:** Single touch on the left earbud.
- **Increase Volume:** Single touch on the right earbud.

*Image: A visual representation of the touch control functions for music playback, calls, and voice assistant.*

## 5.2 Call Controls

- **Pick Up Call:** Single touch on either earbud.
- **Hang Up Call:** Double touch on either earbud.
- **Reject Call:** Touch and hold for 2 seconds on either earbud.

## 5.3 Voice Assistant

- **Activate Voice Assistant (Siri/Google Assistant):** Triple click on the right earbud.

## 5.4 Mono Mode

The earbuds can be used in both mono and stereo modes. To use in mono mode, simply take out only one earbud from the charging case. You can then take calls and listen to music using a single earbud.

*Video: Demonstrates music controls (previous/next track, volume up/down), voice assistant activation, call controls (pick up, hang up, reject), and how to use the earbuds in mono mode.*

## 6. MAINTENANCE

## 6.1 Charging

- Place the earbuds back into their charging case to charge them.
- Connect the charging case to a power source using the provided USB charging cable.
- The charging case also supports wireless charging (wireless charger sold separately).
- Ensure the charging contacts on the earbuds and inside the case are clean and dry for efficient charging.

*Image: Illustrates the wireless charging capability of the Blaupunkt BTW Pro+ charging case.*

## 6.2 Cleaning

- Regularly clean the earbuds and charging case with a soft, dry, lint-free cloth.
- Remove ear tips and clean them separately with mild soap and water if necessary, ensuring they are completely dry before reattaching.
- Avoid using abrasive cleaners or solvents.

## 6.3 Water Resistance

The earbuds are IPX7 rated, meaning they are protected against the effects of temporary immersion in water (up to 1 meter for 30 minutes). They are sweat-proof and can withstand heavy splashing and rain. However, they are not designed for swimming or prolonged submersion.

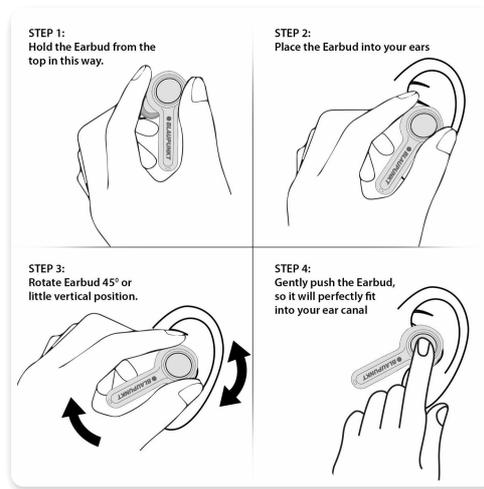

Image: Earbuds submerged in a glass of water, visually representing their IPX7 water resistance.

## 7. TROUBLESHOOTING

- **Earbuds not pairing with each other:** Ensure both earbuds are fully charged and removed from the case simultaneously. If issues persist, try resetting them (refer to the full user manual for specific reset instructions).
- **Earbuds not connecting to device:**
  - a. Ensure Bluetooth is enabled on your device.
  - b. Check if the earbuds are already connected to another device.
  - c. Forget the device from your phone's Bluetooth settings and try pairing again.
  - d. Ensure the earbuds are charged.
- **Low volume or poor sound quality:**
  - a. Adjust the volume on both your device and the earbuds.
  - b. Ensure the ear tips are properly fitted and creating a good seal in your ear canal. Try different sized ear tips.
  - c. Clean the ear tips and speaker mesh to remove any debris.
- **Charging issues:**
  - a. Ensure the charging cable is securely connected to both the case and the power source.
  - b. Check if the charging contacts on the earbuds and case are clean.
  - c. If using wireless charging, ensure the case is correctly placed on a compatible wireless charger.

## 8. SPECIFICATIONS
