- Satisfyer Curvy 2+ device
- Magnetic USB charging cable
- Quick Start Guide
- Safety Information
- Guarantee Information

PRODUCT OVERVIEW

Satisfyer

Image: The Satisfyer Curvy 2+ device with icons indicating its key features.

The Satisfyer Curvy 2+ is designed for clitoral stimulation using both Air-Pulse technology and deep vibrations. It features two independently controlled motors for versatile experiences. The device is crafted from body-friendly medical silicone and ABS, ensuring comfort and safety. It is fully waterproof with an IPX7 rating, making it suitable for use in water and easy to clean. The ergonomic design provides a comfortable grip and effective stimulation.

CHARGING

Before initial use, ensure the device is fully charged. Locate the magnetic charging points on the device. Connect the provided magnetic USB charging cable to these points and plug the USB end into a compatible USB power source (e.g., computer, USB wall adapter). A full charge typically takes approximately 4 hours and provides up to 1 hour of continuous use, depending on the intensity settings.

BASIC OPERATION

Image: Close-up of the Satisfyer Curvy 2+ showing the location and function of its control buttons.

- **Power On/Off (Air-Pulse):** Press and hold the main power button (located in the middle of the device) for 2 seconds to activate or deactivate the Air-Pulse function.
- **Adjust Air-Pulse Intensity:** While the Air-Pulse function is active, short press the main power button to cycle through 11 different intensity levels.
- **Power On/Off (Vibration):** Press and hold the wave button (located at the top of the device) for 2 seconds to activate or deactivate the vibration function.
- **Adjust Vibration Pattern:** While the vibration function is active, short press the wave button to cycle through 10 distinct vibration patterns.
- **Independent Control:** Both Air-Pulse and vibration functions can be activated and controlled independently or simultaneously, allowing for a customized experience.

APP CONNECTION & ADVANCED FEATURES

Image: A smartphone screen displaying the Satisfyer Connect App interface and its various features.

The Satisfyer Curvy 2+ is compatible with the free Satisfyer Connect App, available for download on the App Store and Google Play. The app unlocks a wide range of advanced features and customization options.

Pairing with the App:

1. Ensure your device is sufficiently charged.
2. Press and hold the main power button on the device for approximately 4 seconds until you feel a double vibration. This indicates the device is in pairing mode.
3. Enable Bluetooth on your smartphone.
4. Open the Satisfyer Connect App and follow the on-screen instructions to connect your device.

App Features:

- **Remote Control:** Control your device's functions and intensity levels directly from your smartphone.
- **Vibration Creator:** Design and save your own unique vibration patterns.
- **Ambient Vibrations:** Experience patterns that respond to ambient sounds.
- **Playlist Vibration:** Sync vibrations to your favorite music playlists.
- **Remotyca Stories:** Access a library of erotic audio stories where the device's sensations synchronize with the

narrative.

- **Long-Distance Control:** Connect with a partner and allow them to control your device remotely, enhancing shared experiences.

MAINTENANCE & CLEANING

Proper maintenance and cleaning are crucial for the longevity and hygiene of your Satisfyer Curvy 2+.

- **Cleaning:** Clean the device thoroughly before and after each use. Use warm water and a mild toy cleaner or antibacterial soap. Rinse the device well under running water.
- **Drying:** Allow the device to air dry completely before storing.
- **Storage:** Store the device in a clean, dry place, away from direct sunlight and extreme temperatures.
- **Lubricant Compatibility:** Only use water-based lubricants with your Satisfyer Curvy 2+. Oil-based lubricants can damage the silicone material.

TROUBLESHOOTING

If you encounter any issues with your Satisfyer Curvy 2+, please refer to the following troubleshooting tips:

- **Device not charging:** Ensure the magnetic charging cable is securely connected to both the device and a functional USB power source. Try a different USB port or adapter.
- **Device not turning on:** Confirm the device is fully charged. Press and hold the respective power button (main button for Air-Pulse, wave button for vibration) for the required 2 seconds.
- **App connectivity issues:** Verify that Bluetooth is enabled on your smartphone. Ensure the device is in pairing mode (double vibration after 4-second press of main button). Try restarting both the device and the Satisfyer Connect App. Make sure the app is updated to its latest version.
- **Weak Air-Pulse or Vibration:** Check the battery level, as performance may decrease with low charge. Adjust the intensity settings using either the device buttons or the app.

If the problem persists after attempting these steps, please contact Satisfyer customer support.
