- **Sensitive Touch Control:** Manage music, calls, and voice assistant with simple taps.

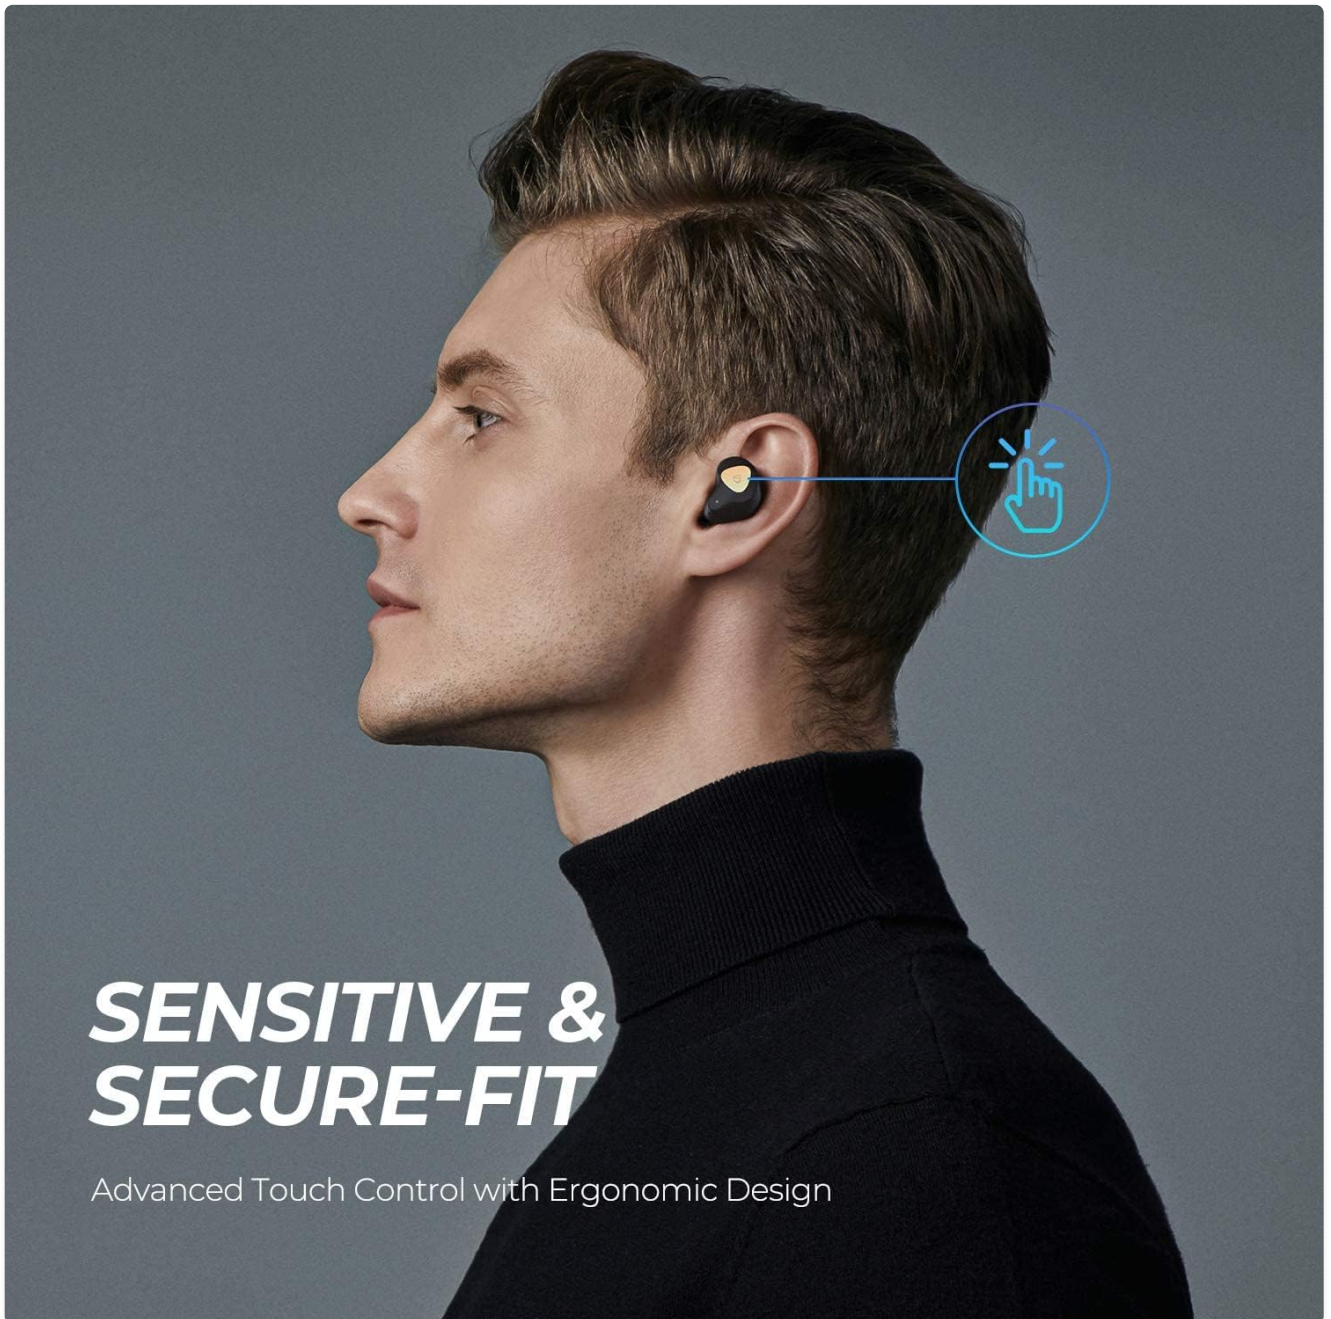

Image: A man demonstrating the touch control feature on an earbud, with an animated graphic indicating a tap action.

- **Ergonomic Design:** Ensures a secure and comfortable fit for extended use.

## SETUP

---

### 1. Charging the Case and Earbuds

Before first use, fully charge both the charging case and the earbuds.

- Place the earbuds into the charging case. Ensure the charging contacts align.
- Connect the USB-C cable to the charging port on the case and to a power source.
- The indicator lights on the case will show the charging status. A full charge typically takes about 1.5 hours for the earbuds and case.
- The earbuds offer approximately 5.5 hours of playtime per charge, with the charging case providing multiple additional charges for a total of up to 40 hours.

**LONG-LASTING &  
LIGHTWEIGHT**

10H PLAYTIME PER CHARGE 40H IN TOTAL

## 2. Pairing

Follow these steps for initial pairing with your device:

1. Open the charging case. The earbuds will automatically enter pairing mode. The indicator light on the right earbud will flash red and white alternately.
2. Activate Bluetooth on your device (e.g., smartphone, tablet).
3. Search for "SOUNDPEATS Truengine 3 SE" in the Bluetooth device list and select it to connect.
4. Once connected, the indicator light on the right earbud will turn white.
5. If pairing fails, place the earbuds back into the charging case, close the lid, and then reopen it to re-enter pairing mode.

## ***SIMPLE & STABLE***

Enjoy with easy pairing process

### **OPERATING INSTRUCTIONS**

The Trueengine 3 SE earbuds feature touch controls for various functions:

#### **Touch Control Functions:**

<b>Function</b>	<b>Action</b>
<b>Power On</b>	Open the charging case, or press and hold the multifunction touch area for 1.5 seconds.
<b>Power Off</b>	Place earbuds back into the charging case and close the lid, or press and hold the multifunction touch area for 10 seconds.
<b>Play/Pause</b>	Double-tap the multifunction touch area on either earbud.

Function	Action
Volume Up	Press and hold the multifunction touch area on the <b>right</b> earbud.
Volume Down	Press and hold the multifunction touch area on the <b>left</b> earbud.
Next Track	Triple-tap the multifunction touch area on the <b>right</b> earbud.
Previous Track	Triple-tap the multifunction touch area on the <b>left</b> earbud.
Answer/End Call	Double-tap the multifunction touch area on either earbud.
Reject Call	Press and hold the multifunction touch area for 1.5 seconds on either earbud.
Activate Voice Assistant	Single-tap the multifunction touch area on either earbud.

## Mono Mode

Either earbud can be used independently in mono mode. Simply take one earbud out of the case, and it will automatically connect to your device if previously paired. The other earbud can remain in the case or be powered off.

## MAINTENANCE

---

- Clean the earbuds and charging case regularly with a soft, dry cloth.
- Avoid using harsh chemicals or abrasive materials.
- Keep the charging contacts on the earbuds and case clean to ensure proper charging.
- Store the earbuds in their charging case when not in use to protect them and keep them charged.
- Avoid exposing the earbuds to extreme temperatures, humidity, or liquids.

## TROUBLESHOOTING

---

### Earbuds not connecting or pairing:

- Ensure the earbuds are charged.
- Turn off Bluetooth on your device, then turn it back on.
- Delete "SOUNDPEATS Truengine 3 SE" from your device's Bluetooth list and attempt to re-pair.
- Place both earbuds back into the charging case, close the lid, wait a few seconds, then open the lid to reactivate pairing mode.
- If issues persist, try resetting the earbuds (refer to the manufacturer's website for specific reset instructions if not detailed here).

### No sound from one earbud:

- Ensure both earbuds are charged.
- Try placing both earbuds back into the charging case and taking them out again.
- Perform a reset of the earbuds.

### Charging issues:

- Clean the charging contacts on both the earbuds and the case.
- Ensure the USB-C cable is securely connected to both the case and the power source.

- Try a different USB-C cable or power adapter.
