Desview T2

Desview T2 Teleprompter Instruction Manual

Model: T2

1. PRODUCT OVERVIEW

The Desview T2 Teleprompter is a versatile device designed to help you read scrolling text while looking directly into your camera lens. It is ideal for vlogging, live broadcasts, online classes, video recording, interviews, and presentations. Its lightweight and portable design makes it suitable for various shooting environments.

Image: Desview T2 Teleprompter highlighting its 26 coated layers and 70/30 beam splitter glass for high light transmittance and clear prompting.

Featuring a 70/30 beam splitter glass with 26 coated layers, the T2 teleprompter ensures high light transmittance, minimizing any impact on your video's quality while providing a clear and readable reflection of your script. This design helps reduce ghosting and light loss, ensuring your footage remains crisp and professional.

2. WHAT'S IN THE BOX (PACKING LIST)

Please check the contents of your Desview T2 Teleprompter package:

- 1 x T2 Teleprompter: The main teleprompter unit.
- 1 x User Manual: This instruction guide.
- 2 x Smartphone Clamps: For securing smartphones.
- 4 x Foam Rings: For lens adapter ring cushioning.
- 9 x Adapter Rings (49/52/55/58/62/67/72/77/82mm): To fit various camera lenses.

3. PRODUCT FEATURES

The Desview T2 Teleprompter offers several key features for enhanced video production:

- **Compact and Lightweight:** Weighing only 340g (12oz), it is highly portable for travel and places minimal burden on your camera setup.
- **Wide Compatibility:** Designed for prompting devices under 8 inches, including smartphones and iPad Mini. It supports most DSLR camera lenses with the included adapter rings.
- **High-Quality Beam Splitter Glass:** The 70/30 beam splitter glass with 26 coated layers ensures clear text reflection and minimal light interference for shooting.
- **Remote Control and Software:** Includes a remote controller that works with the dedicated DESVIEW app, allowing you to control text scrolling, speed, and color from up to 10 feet away.
- **Versatile Lens Adapter Rings:** Comes with 9 standard adapter rings (49/52/55/58/62/67/72/77/82mm) to ensure compatibility with a wide range of DSLR camera lenses.

Image: Visual guide illustrating the installation process for both DSLR cameras and smartphones/tablets.

4.1 For Smartphone Shooting

1. Open the front cover of the T2 teleprompter.
2. Install the lens adapter ring with foam into the T2 unit.
3. Take out the nut from the smartphone clamp.
4. Install the smartphone clamp on the teleprompter.
5. Put the prompting mobile device into the mobile/tablet clamp.
6. Open the camera app on your smartphone.

4.2 For Tablet Shooting

1. Remove the two screws on the back of the teleprompter.
2. Flip up the clamp and reinstall it on the T2.
3. Install the smartphone clamp on the back of the T2.
4. Put the tablet into the clamp. (Note: T2 only supports tablets under 8 inches).
5. Open the camera app on your tablet.

4.3 For DSLR Camera Shooting

1. Choose the correct adapter ring (49/52/55/58/62/67/72/77/82mm) for your camera lens and tighten it.
2. Mount the teleprompter body to the camera lens via the adapter ring.
3. Adjust the base width for your smartphone or tablet.
4. Put the smartphone or tablet into the clamp.

5. OPERATING INSTRUCTIONS

The Desview T2 Teleprompter is designed for ease of use with its dedicated app and remote control.

5.1 Using the DESVIEW App

Download the 'DESVIEW' app from your device's app store (available for Android and iOS). The app allows you to:

- Input and edit your scripts.
- Adjust text size and color.
- Change background color.
- Mirror the text for proper reflection on the teleprompter glass.

5.2 Remote Control Functions

The included remote control connects via Bluetooth to your smartphone or tablet, providing convenient control over the DESVIEW app:

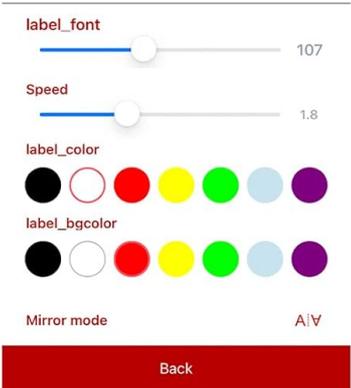

- **ON/OFF:** For switching Bluetooth connection.
- **Play/Pause:** Start or stop text scrolling.
- **Speed Up/Down:** Adjust the scrolling speed of the text.
- **Page Up/Down:** Navigate through your script.
- **Menu:** (No use for iOS devices).

Free APP and Bluetooth Control

Please search **Desview** directly in APP store.

- ① ON/OFF for Switch & Bluetooth
- ② Exit
- Page up
- Slow down
- Play/Pause
- Menu (No Use for iOS)
- Speed up
- Page down

NOTICE: Due to different brand phone, some smartphone function will be a little different after connected the remote.

6. MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your Desview T2 Teleprompter.

- **Cleaning the Glass:** Use a soft, lint-free cloth and a specialized lens cleaning solution to gently wipe the beam splitter glass. Avoid abrasive materials or harsh chemicals that could scratch or damage the coating.
- **General Cleaning:** Wipe the exterior of the teleprompter with a dry or slightly damp soft cloth. Ensure no moisture enters the internal components.
- **Storage:** When not in use, store the teleprompter in a dry, dust-free environment. Use the provided cover or a protective bag to prevent dust accumulation and scratches.
- **Handle with Care:** Avoid dropping the unit or subjecting it to strong impacts, as this can damage the glass or internal mechanisms.

7. TROUBLESHOOTING

If you encounter issues with your Desview T2 Teleprompter, refer to the following common solutions:

- **Text Not Mirroring Correctly:** Ensure the 'Mirror Mode' is activated within the DESVIEW app. The text needs to be horizontally flipped for proper reflection on the teleprompter glass.
- **Remote Control Not Connecting:**
 - Check if the remote control has fresh batteries.
 - Ensure Bluetooth is enabled on your smartphone/tablet.
 - Try re-pairing the remote control with your device via Bluetooth settings.
- **Reflections or Glare on Camera Footage:**
 - Adjust your lighting setup to minimize direct light hitting the teleprompter glass.
 - Ensure the shading ring is properly installed around your camera lens to block stray light.
 - Check for any smudges or dirt on the beam splitter glass and clean it carefully.
- **Smartphone/Tablet Not Fitting Securely:**
 - Verify that your device is within the supported size (under 8 inches).
 - Ensure the clamps are properly adjusted and tightened.
