Live Fine LVFPDBTC

Live Fine Automatic Pill Dispenser Instruction Manual

MODEL: LVFPDBTC

Product Overview

The Live Fine Automatic Pill Dispenser is designed to assist with medication management by providing timely reminders and secure dispensing of pills. It features a 28-day electronic organizer, customizable dosage templates, an easy-to-read LCD display, and both sound and light alerts to ensure medication adherence. The device is equipped with a key-locking mechanism for added security, preventing unauthorized access and accidental double-dosing.

Figure 1: Live Fine Automatic Pill Dispenser (Frosted Lid Model)

This dispenser is ideal for individuals requiring a structured medication schedule, including prescriptions, vitamins, and supplements. Its robust design and user-friendly interface make it a reliable tool for both patients and caregivers.

Setup

1. **Battery Installation:** The dispenser operates on 4 AA batteries (included). Locate the battery compartment on the underside of the device. Insert the batteries, ensuring correct polarity.

Figure 2: Battery Compartment

2. **Loading Medications:** Open the dispenser lid using the provided key. The clear removable carousel can be lifted out for easier loading. Place medications, vitamins, or pills into the 28 spacious compartments. Each compartment can hold multiple pills.

Figure 3: Removable Tray for Easy Loading

3. **Selecting Dosage Ring:** Choose one of the 6 interchangeable dosage rings based on your medication schedule (e.g., 1x per day for 28 days, 2x per day for 14 days, etc.). Place the selected ring onto the carousel.

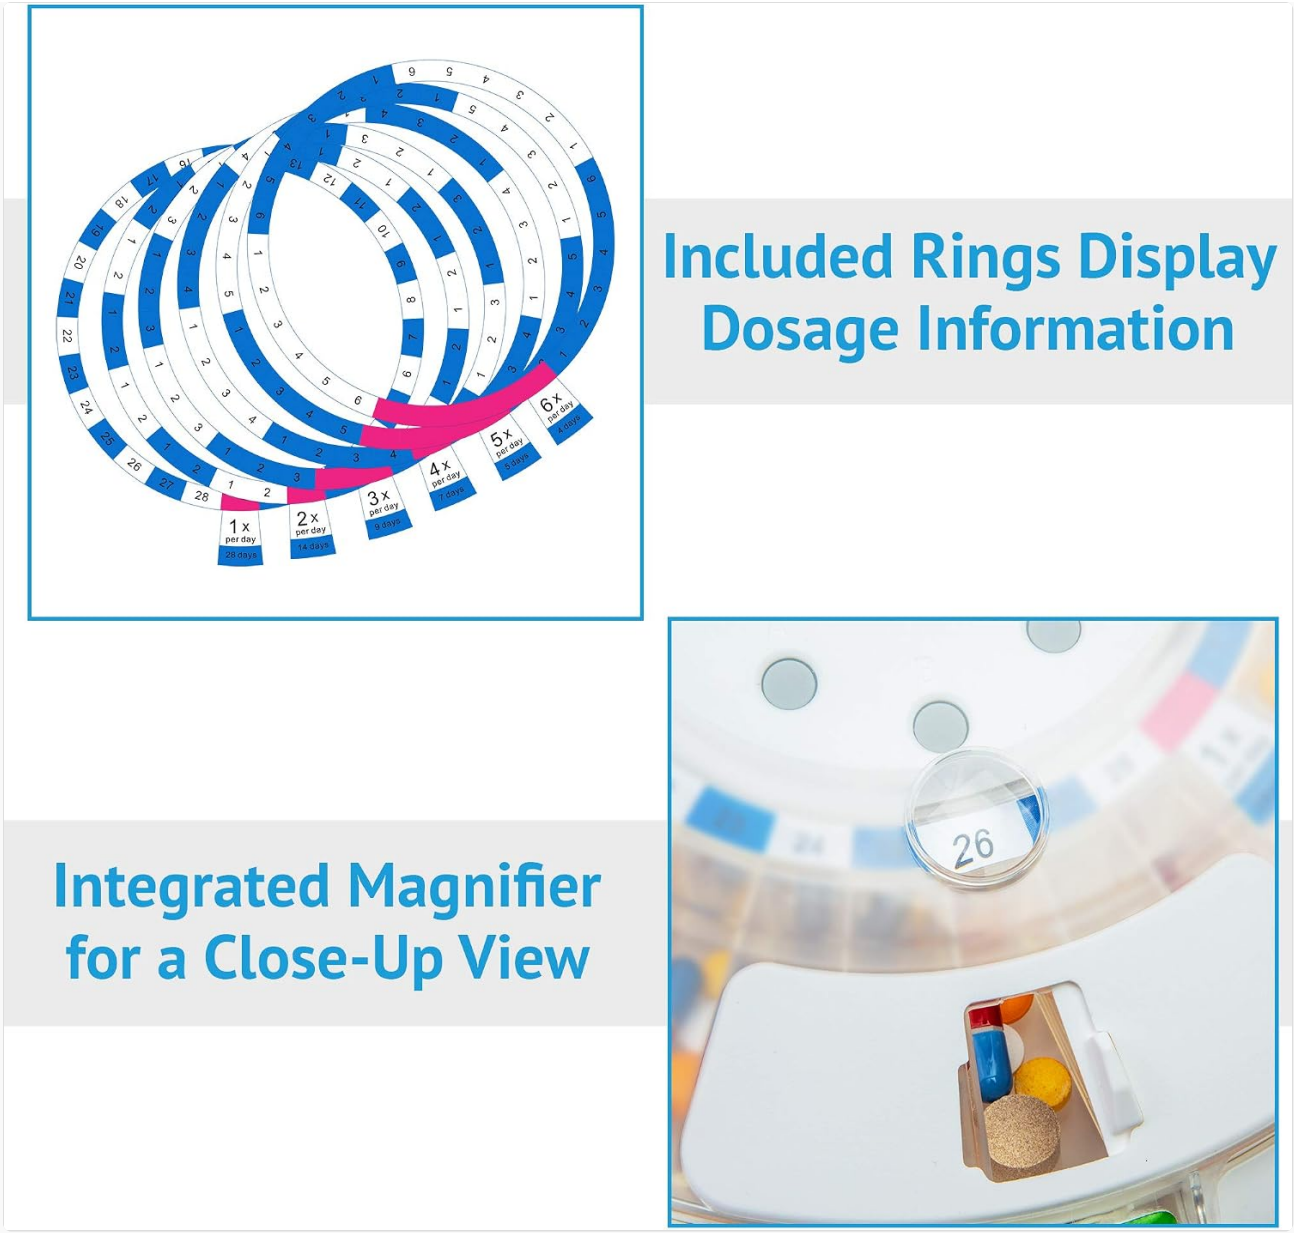

Figure 4: Interchangeable Dosage Rings

4. **Programming Dosage Times:** Use the 3-button interface on the LCD display to set the current time and program up to 6 daily alarm times. The display shows the clock time (AM/PM) and allows manual programming.
5. **Securing the Dispenser:** Close the lid and use the key to lock the cover. This prevents unauthorized access and ensures the integrity of the medication schedule.

Setup Video Guide

Video 1: Official LiveFine Automatic Pill Dispenser Overview and Setup. This video demonstrates the features and initial setup of the dispenser, including loading pills and setting alarms.

Operating Instructions

1. **Receiving Alerts:** When it's time for a scheduled dose, the dispenser will activate loud audible beeps and flashing lights for up to 30 minutes. The LCD display will also indicate the time for the next dose.

Figure 5: Custom Timer and Alerts

2. **Dispensing Medication:** To retrieve your medication, open the pill delivery door. Once opened, flip the unit upside down to pour the pills into your hand. The alerts will stop once the door is closed and the unit is turned right side up.

Figure 6: Medication Dispensing

3. **Automatic Rotation:** The internal carousel automatically rotates to present the correct compartment at the scheduled time.

Figure 7: Automatic Carousel Rotation

4. **Viewing Dosage Information:** An integrated mini magnifying glass is available on the lid to provide a closer look at the corresponding dosage information on the ring.

Figure 8: Integrated Magnifier

Maintenance

- **Cleaning:** To clean the dispenser, wipe the exterior with a soft, damp cloth. The removable carousel can be washed with mild soap and water. Ensure all parts are completely dry before reassembling. Do not immerse the main unit in water.
- **Battery Replacement:** When the battery indicator on the LCD display shows low power, replace all 4 AA batteries simultaneously to ensure optimal performance. Refer to the "Battery Installation" step in the Setup section for guidance.
- **Storage:** Store the dispenser in a cool, dry place away from direct sunlight and extreme temperatures when not in use.

Troubleshooting

Problem	Possible Cause	Solution

Problem	Possible Cause	Solution
Dispenser not turning on/LCD blank	Batteries are dead or incorrectly installed.	Replace all 4 AA batteries with new ones, ensuring correct polarity.
Alarm not sounding or lights not flashing	Alarm settings are incorrect or volume is too low.	Check programmed alarm times and adjust volume settings via the LCD interface. Ensure batteries are not low.
Pills not dispensing or carousel not rotating	Obstruction in the compartment or mechanism.	Ensure no pills are jammed. Remove carousel and check for debris. Reinstall carousel correctly.
"Err" message on display	Internal error or malfunction.	Remove and reinsert batteries to reset the device. If the error persists, contact customer support.
Lid not locking securely	Locking mechanism is misaligned or damaged.	Ensure the lid is properly aligned before attempting to lock. Do not force the lock. If damaged, contact customer support.

Specifications

Feature	Detail
Model Number	LVFPDBTC
