JEKCA Pomeranian 02S-M02 Building Blocks Instruction Manual

Model: 02S-M02 | Brand: JEKCA

1. INTRODUCTION

The JEKCA Pomeranian 02S-M02 is a detailed plastic building block set designed for constructing a realistic model of a Pomeranian dog. This instruction manual provides essential information for assembly, usage, and maintenance of your JEKCA model. Please read through all instructions carefully before beginning assembly.

2. SAFETY INFORMATION

- This product contains small parts and is recommended for individuals aged 14 years and above.
- Keep small parts away from young children to prevent choking hazards.
- Always follow the assembly instructions to ensure the stability and integrity of the model.

3. WHAT'S IN THE BOX

Upon opening your JEKCA Pomeranian 02S-M02 package, you should find the following components:

- Assorted toy brick pieces (over 1480 pieces)
- Detailed building manual

If any components are missing, please refer to the "Troubleshooting" section for assistance.

4. ASSEMBLY INSTRUCTIONS

The JEKCA building system features a patented interlocking brick-through mechanism, which uses screws to secure each brick, resulting in a sturdy and durable final model. Follow the steps below and the included building manual for successful assembly.

4.1 Understanding the Interlocking System

Each JEKCA brick is designed to interlock with others, and then secured with a small screw. This method

provides exceptional stability compared to traditional building blocks.

4.2 Step-by-Step Assembly

1. **Unpack Components:** Carefully open the box and sort the brick pieces. It may be helpful to organize them by color or size as indicated in your building manual.
2. **Follow Manual:** Refer to the included building manual for precise, step-by-step instructions. Each step will illustrate which bricks to use and how to connect them.
3. **Connect Bricks:** Place the designated bricks together as shown in the manual.
4. **Secure with Screws:** Insert the provided screws into the designated holes. Use the included tool to turn the screws 90 degrees to lock the bricks firmly in place. Ensure each screw is fully turned for maximum stability.
5. **Verify Connections:** Periodically check that previously assembled sections are secure before proceeding to the next steps.

5. USAGE AND DISPLAY

Once assembled, the JEKCA Pomeranian model serves as a decorative display piece. Its sturdy construction, achieved through the patented interlocking system, allows for handling without easily breaking apart. Place your finished model on a shelf, desk, or any suitable surface to showcase your craftsmanship.

6. MAINTENANCE

To maintain the appearance of your JEKCA model:

- **Cleaning:** Gently wipe the model with a dry, soft cloth to remove dust. For more stubborn dirt, a slightly damp cloth can be used, followed by immediate drying.
- **Avoid Chemicals:** Do not use harsh chemicals, abrasive cleaners, or solvents, as these may damage the plastic bricks or alter their color.
- **Sunlight Exposure:** Keep the model away from prolonged direct sunlight to prevent potential color fading over time.

7. TROUBLESHOOTING

- **Missing Parts:** If you discover any missing brick pieces or screws, please contact JEKCA customer support immediately. Provide your product model number (02S-M02 or ST19PM02-M02) and a detailed description of the missing components.
- **Difficulty Assembling:** Review the step-by-step instructions in the included building manual. Ensure that all screws are properly inserted and turned 90 degrees to fully secure the bricks. Sometimes, a small amount of force may be required to fully interlock pieces before screwing.
- **Model Instability:** If your assembled model feels unstable, re-examine the connections in the affected areas. Ensure all screws are tightened correctly and that bricks are fully seated.
